

review, affirm the ID's finding of no violation of section 337. Specifically, the Commission has determined to review and take no position on the ID's findings: (a) that claims 1 and 17 of the '082 patent are anticipated by Japanese Patent Publication No. S62-171212 to Soneda ("Soneda"); (b) that claims 13 and 29 of the '082 patent are invalid as obvious over Soneda in combination with U.S. Patent No. 6,094,246 to Kozisek et al. ("Kozisek"); (c) that claim 8 of the '867 patent is not invalid as obvious over U.S. Patent Publication No. 2009/0179261 to Sekugichi in combination with U.S. Patent Publication No. 2009/0218619 to Hebert; and (d) on the domestic industry requirement for the '082 patent and the '867 patent.

The Commission has determined not to review, and thereby adopts, the ID's remaining findings, including with respect to the '082 patent: (a) the ID's claim constructions; (b) that Arigna failed to prove that Respondents infringed any of asserted claims 1, 13, 17, and 29; (c) that asserted independent claims 1 and 17 are invalid as anticipated by a prior art article written by Suharli Tedja et al. and published in the IEEE Journal of Solid-State Circuits in February 1995 ("Tedja"); (d) that asserted dependent claims 13 and 29 are invalid as obvious over Tedja alone or Tedja in combination with Kozisek; and (e) that asserted claims 1, 13, 17, and 29 are invalid as obvious over Kozisek in combination with Soneda. The Commission has further determined not to review the ID's findings that the asserted claims of the '867 patent are not infringed and claim 4 is invalid as anticipated by International Patent Application Publication WO 2009/060670 to Torii.

For the foregoing reasons, the Commission concludes that there is no violation of section 337 with respect to either the '082 patent or '867 patent. This investigation is hereby terminated.

The Commission voted to approve this determination on December 7, 2022.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
