

within the Station's current service area and fully cover the city of Missoula. An analysis using the Commission's *TVStudy* software tool indicates that KPAX-TV's move from channel 7 to channel 25 is predicted to create a small area where 444 persons are predicted to lose service. The loss area, however, is partially overlapped by the noise limited contour of Scripps' owned television station KXLF-TV, Butte, Montana, which is also a CBS affiliate, and reduces the number who are predicted to lose CBS service to only 121 persons, which is a level of service loss the Commission considers to be *de minimis*. Concurrence from the Canadian government was required and has been obtained. This is a synopsis of the Commission's *Report and Order*, MB Docket No. 22-116; RM-11922; DA 22-1233, adopted November 29, 2022, and released November 29, 2022. This document does not contain information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4). Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601-612, do not apply to this proceeding.

The Commission will send a copy of the *Report and Order* in a report to be sent to Congress and the Government Accountability Office pursuant to the Congressional Review Act, *see* 5 U.S.C. 801(a)(1)(A).

RIN 3090-AK70

General Services Administration Acquisition Regulation (GSAR); GSAR Clause Matrix Update

AGENCY: Office of Acquisition Policy, General Services Administration (GSA).

ACTION: Final rule.

SUMMARY: The General Services Administration (GSA) is issuing this final rule amending the General Services Administration Acquisition Regulation (GSAR) to make editorial changes. This technical amendment includes correcting GSAR provision and clause designation and prescription errors as well as fixing mistakes regarding the incorporation of GSAR provisions and clauses.

DATES: Effective: December 15, 2022.

FOR FURTHER INFORMATION CONTACT: Ms. Kathryn Carlson or Mr. Bryon Boyer, GSA Acquisition Policy Division, for clarification of content at 817-850-5580 or email gsarpolicy@gsa.gov. For information pertaining to status or publication schedules, contact the Regulatory Secretariat at 202-501-4755. Please cite GSAR Case 2021-G502.

SUPPLEMENTARY INFORMATION:

I. Discussion and Analysis

This final rule amends the GSAR to make editorial corrections. As part of GSA's regulatory reform efforts, GSA made updates to the GSAM Matrix of Provisions and Clauses. During this process, designation and prescription errors connected to these GSAR clauses and provisions were found. This technical amendment corrects these designations and prescription errors and revises language regarding the incorporation of these provisions and clauses. There are no significant content changes to the GSAR as a result of this technical amendment.

II. Executive Order 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993.

III. Congressional Review Act

Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (codified at 5 U.S.C. 801-808), also known as the Congressional Review Act or CRA, generally provides that before a major rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The General Services Administration will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States. A major rule under the CRA cannot take effect until 60 days after it is published in the **Federal Register**. This rule is not a major rule under 5 U.S.C. 804(2).

IV. Publication for Public Comment Is Not Required

The statute that applies to the publication of the GSAR is the Office of Federal Procurement Policy statute (codified at title 41 of the United States Code). Specifically, 41 U.S.C. 1707(a)(1) requires that a procurement policy,

regulation, procedure or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant cost or administrative impact on contractors or offerors. This rule is not required to be published for public comment, because it is a technical amendment that does not have a significant effect or impose any new requirements on contractors or offerors. This rule simply makes editorial changes.

V. Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601 et seq.) does not apply to this rule, because an opportunity for public comment is not required to be given for this rule under 41 U.S.C. 1707(a)(1) (see Section IV. of this preamble). Accordingly, no regulatory flexibility analysis is required and none has been prepared.

VI. Paperwork Reduction Act

This final rule does not contain any information collection requirements under the Paperwork Reduction Act (44 U.S.C. chapter 35).
