

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Docket No. FAA-2022-1448; Airspace
Docket No. 21-AWP-58]

RIN 2120-AA66

**Proposed Amendment of Class E
Airspace; Hanford Municipal Airport,
CA**

AGENCY: Federal Aviation
Administration (FAA), Department of
Transportation (DOT).

ACTION: Notice of proposed rulemaking
(NPRM).

SUMMARY: This action proposes to
modify the Class E airspace extending
upward from 700 feet above the surface
at Hanford Municipal Airport, CA.
These actions will support the safety
and management of instrument flight
rule (IFR) operations at the airport.

DATES: Comments must be received on
or before January 30, 2023.

ADDRESSES: Send comments on this
proposal to the U.S. DOT, Docket
Operations, 1200 New Jersey Avenue
SE, West Building Ground Floor, Room
W12-140, Washington, DC 20590;
telephone: (800) 647-5527, or (202)
366-9826. You must identify "FAA
Docket No. FAA-2022-1448; Airspace
Docket No. 21-AWP-58," at the
beginning of your comments. You may
also submit comments through the
internet at www.regulations.gov.

FAA Order JO 7400.11G, Airspace
Designations and Reporting Points, and
subsequent amendments can be viewed
online at [www.faa.gov/air_traffic/
publications](http://www.faa.gov/air_traffic/publications). For further information,
you can contact the Airspace Policy
Group, Federal Aviation
Administration, 800 Independence
Avenue SW, Washington, DC 20591;
telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT:
Raphell P. Taylor, Federal Aviation
Administration, Western Service Center,
Operations Support Group, 2200 S
216th Street, Des Moines, WA 98198;
telephone (405) 666-1176.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules
regarding aviation safety is found in
Title 49 of the United States Code
(U.S.C.). Subtitle I, Section 106
describes the authority of the FAA
Administrator. Subtitle VII, Aviation
Programs, describes in more detail the
scope of the agency's authority. This
rulemaking is promulgated under the

authority described in Subtitle VII, Part
A, Subpart I, Section 40103. Under that
section, the FAA is charged with
prescribing regulations to assign the use
of airspace necessary to ensure the
safety of aircraft and the efficient use of
airspace. This regulation is within the
scope of that authority, as it would
modify Class E airspace at Hanford
Municipal Airport, CA, to support IFR
operations at the airport.

Comments Invited

Interested parties are invited to
participate in this proposed rulemaking
by submitting such written data, views,
or arguments, as they may desire.
Comments that provide the factual basis
supporting the views and suggestions
presented are particularly helpful in
developing reasoned regulatory
decisions on the proposal. Comments
are specifically invited on the overall
regulatory, aeronautical, economic,
environmental, and energy-related
aspects of the proposal.
Communications should identify both
docket numbers and be submitted in
triplicate to the address listed above.
Persons wishing the FAA to
acknowledge receipt of their comments
on this notice must submit with those
comments a self-addressed, stamped
postcard on which the following
statement is made: "Comments to
Docket No. FAA-2022-1448; Airspace
Docket No. 21-AWP-58." The postcard
will be date/time stamped and returned
to the commenter.

All communications received before
the specified closing date for comments
will be considered before taking action
on the proposed rule. The proposal
contained in this notice may be changed
in light of the comments received. A
report summarizing each substantive
public contact with FAA personnel
concerned with this rulemaking will be
filed in the docket.

Availability of NPRMs

An electronic copy of this document
may be downloaded through the
internet at www.regulations.gov.
Recently published rulemaking
documents can also be accessed through
the FAA's web page at [www.faa.gov/air_
traffic/publications/airspace_
amendments](http://www.faa.gov/air_traffic/publications/airspace_amendments).

You may review the public docket
containing the proposal, any comments
received, and any final disposition in
person in the Dockets Office (see the
ADDRESSES section for the address and
phone number) between 9:00 a.m. and
5:00 p.m., Monday through Friday,
except federal holidays. An informal
docket may also be examined during
normal business hours at the Northwest

Mountain Regional Office of the Federal
Aviation Administration, Air Traffic
Organization, Western Service Center,
Operations Support Group, 2200 S.
216th Street, Des Moines, WA 98198.

**Availability and Summary of
Documents for Incorporation by
Reference**

This document proposes to amend
FAA Order JO 7400.11G, dated August
19, 2022, and effective September 15,
2022. FAA Order JO 7400.11G is
publicly available as listed in the
ADDRESSES section of this document.
FAA Order JO 7400.11G lists Class A, B,
C, D, and E airspace areas, air traffic
service routes, and reporting points.

The Proposal

The FAA is proposing an amendment
to 14 CFR part 71 by modifying the
Class E airspace extending upward from
700 feet above the surface at Hanford
Municipal Airport, CA. A 2.8-mile
circular radius of the airport should be
added to properly contain circling
maneuvers. The airspace extension east
of the airport should be removed. The
Visalia very high frequency
omnidirectional range/distance
measuring equipment (VOR/DME)
navigational aid was decommissioned
and the airspace is no longer necessary
to contain its associated instrument
approach procedure. The airspace
extensions to the north and southeast of
the airport should be modified. These
modifications would more adequately
contain arriving IFR operations below
1,500 feet above the surface on the Area
Navigation (RNAV) Global Positioning
System (GPS) Runway (RWY) 32 and
RNAV (GPS)-B RWY 32 approaches, and
departing IFR operations until they
reach 1,200 feet above the surface at the
airport.

The Class E5 airspace designation is
published in paragraph 6005 of FAA
Order JO 7400.11G, dated August 19,
2022, and effective September 19, 2022,
which is incorporated by reference in 14
CFR 71.1. The Class E airspace
designation listed in this document will
be published subsequently in FAA
Order JO 7400.11, which is published
yearly and becomes effective on
September 15.

FAA Order JO 7400.11, Airspace
Designations and Reporting Points is
published yearly and effective on
September 15.

Regulatory Notices and Analyses

The FAA has determined that this
regulation only involves an established
body of technical regulations for which
frequent and routine amendments are
necessary to keep them operationally

current, is non-controversial, and unlikely to result in adverse or negative comments. It therefore: (1) is not a “significant regulatory action” under Executive Order (E.O.) 12866; (2) is not a “significant rule” under DOT regulatory policies and procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by Reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022, is amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AWP CA E5 Hanford, CA [Amended]

Hanford Municipal Airport, CA
(Lat. 36°19′00″ N, long. 119°37′40″ W)

That airspace extending upward from 700 feet above the surface within a 2.8-mile radius of the airport, and within 2.4 miles each side of the 142° bearing from the airport extending from the 2.8-mile radius to 7 miles southeast of the airport, and within 2.4 miles

each side of the 345° bearing from the airport extending from the 2.8-mile radius to 7 miles north of the airport.

Docket No. 21–AWP–42]

RIN 2120–AA66

Proposed Amendment of Class D and E Airspace; Lemoore Naval Air Station (NAS) (Reeves Field), CA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify the Class D and E surface airspace at the airport, remove the Class E airspace designated as an extension to a Class D or E surface area, remove the Class E airspace extending from 1,200 feet above the surface, modify the Class E airspace extending from 700 feet above the surface of the earth, and it will also propose several administrative changes to update the airport’s legal description. This action would support the safety and management of instrument flight rules (IFR) and visual flight rules (VFR) operations at the airport.

DATES: Comments must be received on or before January 30, 2023.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590; telephone: 1–800–647–5527, or (202) 366–9826. You must identify Docket No. FAA–2022–1455; Airspace Docket No. 21–AWP–42, at the beginning of your comments. You may also submit comments through the internet at www.regulations.gov.

FAA Order JO 7400.11G, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation

Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT: Raphell P. Taylor, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (405) 666–1176.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code (U.S.C.). Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it would amend Class D and E airspace at Lemoore NAS, CA, to support the safety and management of IFR and VFR operations at the airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: “Comments to Docket No. FAA–2022–1455; Airspace Docket No. 21–AWP–42.” The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive
