

concurrent regional compact, MCC can support efforts to strengthen economic growth, reduce poverty, and address development challenges facing both the country, and the wider region.

Countries Selected To Continue Compact Development

Four of the countries selected for compact assistance for FY 2023 were previously selected for FY 2022. Mozambique, Sierra Leone, and Zambia were selected to continue developing compacts. Côte d'Ivoire was selected to continue developing a concurrent compact for purposes of regional integration. Selection of these countries for FY 2023 was based on an assessment of their policy performance since their prior selection and their progress in developing programs with MCC.

Country Selected To Receive Threshold Program Assistance

The Board selected Mauritania to receive threshold program assistance for FY 2023.

Mauritania: Mauritania offers MCC the opportunity to engage with a country that faces significant challenges to economic growth and that is demonstrating a trajectory of reform on the MCC scorecard. While Mauritania does not pass the MCC scorecard in FY 2023 due to not passing the Democratic Rights “hard hurdle,” it passes the Control of Corruption “hard hurdle,” passes 10 of 20 indicators overall, and has taken steps to improve its performance in recent years. Mauritania’s 2019 elections marked its first peaceful transfer of power and provided a further impetus to the country’s gradual reform process and efforts to strengthen democratic governance, fight corruption, undertake economic reforms, and address longstanding human rights issues including trafficking in persons and hereditary slavery. By selecting Mauritania for threshold program assistance, MCC can engage with the Government of the Islamic Republic of Mauritania to continue efforts to strengthen its policy performance, make critical policy and institutional reforms, and address the country’s development needs for the people of Mauritania.

Country Selected To Continue Developing Threshold Programs

The Board selected Kiribati to continue developing a threshold program. Selection of Kiribati for FY 2023 was based on its continued strong policy performance since its prior selection and its progress developing its threshold program.

Ongoing Review of Partner Countries’ Policy Performance

The Board emphasized the need for all partner countries to maintain or improve their policy performance. If it is determined during compact implementation that a country has demonstrated a significant policy reversal, MCC can hold it accountable by applying MCC’s Suspension and Termination Policy.⁵

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques, or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

I. Background

The Institute of Museum and Library Services is the primary source of federal support for the Nation’s libraries and museums. We advance, support, and empower America’s museums, libraries, and related organizations through grant making, research, and policy development. To learn more, visit www.imls.gov.

II. Current Actions

The goal of the Internship and Fellowship Program for American Latino Museums is to support Hispanic-Serving Institutions and Minority-Serving Institutions in providing learning opportunities for students who are pursuing careers or carrying out studies in the arts, humanities, and sciences in the study of American Latino life, art, history, and culture. The Latino American Museum Program was authorized for creation by the National Museum of the American Latino Act in 2020 (20 U.S.C. 80u) the same Act that authorized the creation of a new Smithsonian National Museum of the American Latino.

NATIONAL SCIENCE FOUNDATION

Notice of Permit Modification Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation.

ACTION: Notice of permit modification request received and permit issued.

SUMMARY: The National Science Foundation (NSF) is required to publish

a notice of requests to modify permits issued to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of a requested permit modification issued.

DATES: January 12, 2023 to February 3, 2026.

FOR FURTHER INFORMATION CONTACT:

Andrew Titmus, ACA Permit Officer, Office of Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA 22314; 703-292-4479; email: ACApermits@nsf.gov.

SUPPLEMENTARY INFORMATION: The National Science Foundation (NSF), as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541, 45 CFR 670), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas as requiring special protection.

Description of Permit Modification Requested: The Foundation issued a permit (ACA 2022-020) to David Rootes, Environmental Manager, Antarctic Logistics and Expeditions, LLC (ALE), on November 29, 2021. The issued permit allows the applicant to operate a remote camp at Union Glacier, Antarctica, and provide logistical support services for scientific and other expeditions, film crews, and tourists. These activities include aircraft support, cache positioning, camp and field support, resupply, search and rescue, medevac, medical support and logistic support for some National Operators.

Then, on September 15, 2022, the Foundation issued a permit modification to continue permitted activities, including minimization, mitigation, and monitoring of waste, for the 2022-2023 Antarctic season.

Now the applicant proposes a modification to the permit to conduct helicopter operations. The helicopters will be operated in the Union Glacier area in order to evaluate the usefulness of the activity to ALE. Helicopters will be flown by pilots with mountain and glacier flight experience. No tourists will be flown in the helicopter. ALE has contingency plans for controlling environmental releases as a part of their existing activities at Union Glacier.

Erika N. Davis,

Program Specialist, Office of Polar Programs.

NUCLEAR REGULATORY COMMISSION

[Docket No. 70-7027; NRC-2022-0201]

Notice of Intent To Conduct Scoping Process and Prepare Environmental Impact Statement; TRISO-X Special Nuclear Material License

AGENCY: Nuclear Regulatory Commission.

ACTION: Intent to prepare an environmental impact statement and conduct a scoping process; request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) received a license application by letters dated April 5, 2022, and September 23, 2022, from TRISO-X, LLC (TRISO-X) a wholly owned subsidiary of X-energy LLC. By its application, TRISO-X is requesting a license to possess and use special nuclear material for the manufacture of high-assay low-enriched uranium (HALEU) fuel at a fuel fabrication facility (FFF) to be located in Oak Ridge, Roane County, Tennessee. The proposed action is the issuance of a license for the possession and use of special nuclear material. The NRC staff will prepare an environmental impact statement (EIS) to document the potential environmental impacts from the proposed action. As part of the EIS development process, the NRC is seeking comments on the scope of its environmental review.

DATES: Submit comments on the scope of the EIS by February 14, 2023.

Comments received after this date will be considered if it is practical to do so, but the NRC is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may submit comments by any of the following methods; however, the NRC encourages electronic comment submission through the Federal rulemaking website (<https://www.regulations.gov>).

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2022-0201. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301-415-0624; email: Stacy.Schumann@nrc.gov.
