Authority: 44 U.S.C. 3506(c)(2)(A).

Brent Parton,

Acting Assistant Secretary for Employment and Training, Labor. [FR Doc. 2022–27406 Filed 12–16–22; 8:45 am] BILLING CODE 4510-FW–P

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Information Collection Activities; Comment Request

AGENCY: Bureau of Labor Statistics, Department of Labor. **ACTION:** Notice of information collection; request for comment.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the "Occupational Requirements Survey." A copy of the proposed information collection request can be obtained by contacting the individual listed below in the Addresses section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before February 17, 2023.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, 2 Massachusetts Avenue NE, Room G225, Washington, DC 20212. Written comments also may be transmitted by email to BLS_PRA_Public@bls.gov.

FOR FURTHER INFORMATION CONTACT: Nora Kincaid, BLS Clearance Officer, at 202–691–7628 (this is not a toll free number). (See ADDRESSES section.) SUPPLEMENTARY INFORMATION:

SOFFLEMENTANT INFORMAT

I. Background

The Occupational Requirements Survey (ORS) is a nationwide survey that the Bureau of Labor Statistics (BLS) is conducting at the request of the Social Security Administration (SSA). Three years of data collection and capture for the ORS will start in 2023 and end in mid-2026. Estimates produced from the data collected by the ORS will be considered by the SSA to update occupational requirements data used in administering the Social Security Disability Insurance (SSDI) and Supplemental Security Income (SSI) programs.

The ORS occupational information will allow SSA adjudicators to associate the assessment of a claimant's physical and mental functional capacity and vocational profile with work requirements. BLS will compute percentages of workers with various characteristics, such as skill and strength level. SSA will use this information to provide statistical support for the medical-vocational rules used during the assessment process regarding the number of jobs that exist at each occupational requirement level in the national economy.

The Social Security Administration, Members of Congress, and representatives of the disability community have all identified collection of updated information on the requirements of work in today's economy as crucial to the equitable and efficient operation of the Social Security Disability (SSDI) program.

The ORS collects data from a sample of employers. Collected work data consist of occupational task lists, defined as the critical job function and key job tasks, to validate the reported requirements of work.

II. Current Action

Office of Management and Budget clearance is being sought for the Occupational Requirements Survey.

The ORS collects data on the requirements of work, as defined by the SSA's disability program:

(1) Education, Training and Experience, measures include an indicator of "time to proficiency," defined as the amount of time required by a typical worker to learn the techniques, acquire the information, and develop the facility needed for average job performance. This indicator is comparable to the Specific Vocational Preparation (SVP) used in the Dictionary of Occupational Titles (DOT).

(2) Physical Demands, characteristics/ factors of occupations, measured in such a way to support SSA disability determination needs. These measures are comparable to measures in Appendix C of the Selected Characteristics of Occupations (SCO). (3) Environmental Conditions, measured in such a way to support SSA disability determination needs, comparable to measures in Appendix D of the SCO.

(4) Mental and Cognitive Demands, measures include work setting, review, pace, in addition to personal contacts.

The ORS also collects the following supporting data to validate reported requirements:

• Occupational task lists, defined as the critical job function and key job tasks, to validate the reported requirements of work. These task lists are comparable to data identified in the Employment and Training Administration's (ETA) Occupational Information Network (O*NET) Program.

BLS is seeking approval to increase the ORS sample size to mitigate the impact of non-response on survey estimates and ensure sufficient data are collected, to support the final ORS estimates. Changes in survey questions and materials to increase survey efficiency and improve estimates are also included in this request.

BLS will disseminate the data from the ORS on the BLS public website (www.bls.gov/ors). The design uses a five-year rotation with complete estimates published after the full sample has been collected in July 2028 with final estimates published no later than the second quarter of FY 2029. Interim results will be produced and disseminated on an annual basis.

ORS collection uses several forms for private industry and government collection. Only one form version is used per interview based on what best meets an individual field economist's note taking needs for a given interview.

ORS data are defined to balance SSA's adjudication needs with the ability of the respondent to provide data. With this clearance, BLS is continuing collection of existing data.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

• Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

• Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.

• Enhance the quality, utility, and clarity of the information to be collected.

• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or

other forms of information technology, e.g., permitting electronic submissions of responses. *Title of Collection:* Occupational

Requirements Survey. OMB Number: 1220–0189. *Type of Review:* Revision of a currently approved collection.

Affected Public: Businesses or other for-profit; not-for-profit institutions; and State, local, and tribal government.

	Respondents	Average responses per year	Total number of responses	Average minutes	Total hours
Total Average	12,449	1.00	12,449	65.735	13,639

COLLECTION FORMS

	List form Nos.	Name form		
Occupational Requirements Survey (Private In- dustry sample).	ORS Form 15–1P, ORS Form 4PPD–4P, ORS Form 4 PPD–4PF, ORS Form 4 PPD– 4PAF.	Establishment and Collection Forms for Private Industry.		
Occupational Requirements Survey (State and local government sample).	ORS Form 15–1G, ORS Form 4PPD–4G, ORS Form 4 PPD–4GF, ORS Form 4 PPD–4GAF.			

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, on December 13, 2022.

Eric Molina,

Acting Chief, Division of Management Systems.

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received Under the Antarctic Conservation Act of 1978

AGENCY: National Science Foundation. **ACTION:** Notice of permit applications received.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978. NSF has published regulations under the Antarctic Conservation Act in the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by January 18, 2023. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Office of

Polar Programs, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, Virginia 22314 or *ACApermits@nsf.gov.*

FOR FURTHER INFORMATION CONTACT: Andrew Titmus, ACA Permit Officer, at the above address, 703–292–4479.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Public Law 95–541, 45 CFR 670), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas as requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

Application Details

1. Applicant Permit Application: 2023–025

Daniel Villa, Sea Shepherd Global, 1217 S 9th St, Tacoma, WA 98405, operations@seashepherdglobal.org

Activity for Which Permit Is Requested

Waste Management. The applicant seeks an Antarctic Conservation Permit for waste management activities associated with use of remotely piloted aircrafts (RPAs) in Antarctica. Aircrafts will be used for documenting krill fishery activities only. RPAs will not be flown over any concentrations of wildlife, Antarctic Specially Protected or Managed Areas or Historic Sites and Monuments without appropriate authorization. Aircraft are only to be flown by experienced, pre-approved pilots in fair weather conditions and in the presence of an observer, who will always maintain visual line of sight with the aircraft during operation. Measures are in place to prevent loss of the aircraft.

Location

Antarctic Peninsula Region.

Dates of Permitted Activities

January 15, 2023–February 29, 2023.

Erika N. Davis,

Program Specialist, Office of Polar Programs. [FR Doc. 2022–27375 Filed 12–16–22; 8:45 am] BILLING CODE 7555–01–P

NATIONAL SCIENCE FOUNDATION

National Artificial Intelligence Research Resource Task Force; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub., L. 92– 463, as amended), the National Science Foundation (NSF) announces the following meeting:

NAME AND COMMITTEE CODE: National Artificial Intelligence Research Resource Task Force (84629).

DATE AND TIME: January 13, 2023; 1:00 p.m. to 2:00 p.m. EDT.

PLACE: NSF, 2415 Eisenhower Avenue, Alexandria, VA 22314/Virtual Virtual meeting attendance only; to attend the virtual meeting, please send your request for the virtual meeting link to the following email: *cmessam@nsf.gov.* **TYPE OF MEETING:** Open.

CONTACT PERSON: Brenda Williams, National Science Foundation, 2415 Eisenhower Avenue, Alexandria, VA
