

Attorney General, and the Secretary of Homeland Security, is authorized to take such actions, including promulgating rules and regulations, and to employ all powers granted to the President by the FSA or IEPPA as may be necessary to implement this order. The Secretary of the Treasury may, consistent with applicable law, redelegate any of these functions within the Department of the Treasury. All executive departments and agencies shall take all appropriate measures within their authority to implement the provisions of this order.

Sec. 11. The Secretary of the Treasury, in consultation with the Secretary of State, is hereby authorized to submit recurring and final reports to the Congress on the national emergency declared in this order, consistent with section 401(c) of the NEA (50 U.S.C. 1641(c)) and section 204(c) of IEPPA (50 U.S.C. 1703(c)).

Sec. 12. (a) Nothing in this order shall be construed to impair or otherwise affect:

(i) the authority granted by law to an executive department or agency, or the head thereof; or

(ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented consistent with applicable law and subject to the availability of appropriations.

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

JOSEPH R. BIDEN JR.
THE WHITE HOUSE,
December 15, 2021.

Andrea M. Gacki,

Director, Office of Foreign Assets Control.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R10-OAR-2022-0740; FRL-10172-01-R10]

Air Plan Approval; OR; Updates to Materials Incorporated by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; administrative change.

SUMMARY: The Environmental Protection Agency (EPA) is updating the regulatory materials incorporated by reference into the Oregon State Implementation Plan (SIP). The regulations addressed in this action were previously submitted by the Oregon Department of Environmental Quality (ODEQ) and approved by the EPA in prior rulemakings. In this action,

the EPA is also notifying the public of corrections to typographical errors, and minor formatting changes to the incorporation by reference tables. This update affects the SIP materials that are available for public inspection at the National Archives and Records Administration and the EPA Regional Office.

DATES: This action is effective December 20, 2022.

ADDRESSES: SIP materials which are incorporated by reference into the Code of Federal Regulations (CFR) at 40 CFR part 52 are available for inspection at the following locations: online at www.regulations.gov in the docket for this action, by appointment at the EPA Region 10, 1200 Sixth Avenue, Suite 155, Seattle, WA 98101, and by appointment at the National Archives and Records Administration (NARA). For information on the availability of this material at the EPA Regional Office, please contact the person in the **FOR FURTHER INFORMATION CONTACT** section of this document. For information on the availability of this material at NARA, NARA, email fr.inspection@nara.gov, or go to: www.archives.gov/federal-register/cfr/ibr-locations.html.

FOR FURTHER INFORMATION CONTACT: Christi Duboiski, EPA Region 10, 1200 Sixth Avenue, Suite 155, Seattle, WA 98101, (360) 753-9081, or duboiski.christi@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

The SIP is a living document revised by the State as necessary to address its unique air pollution problems in a manner consistent with requirements of section 110 of the Clean Air Act (CAA), 42 U.S.C. 7410. Therefore, from time to time, the EPA must take action on SIP revisions containing new and/or revised regulations, approving and incorporating them by reference into the SIP. On May 22, 1997, the EPA revised the procedures for incorporating by reference federally approved SIP provisions, as a result of consultations between the EPA and the Office of the Federal Register (OFR) (62 FR 27968). The description of the revised SIP document, IBR procedures and “Identification of plan” format is discussed in further detail in the May 22, 1997, **Federal Register** document. On December 10, 2013, the EPA published a **Federal Register** document beginning the new IBR procedure for Oregon (78 FR 74012). The EPA subsequently published an update to the IBR materials for Oregon on April 10, 2019 (84 FR 14272). Since then, the EPA has approved and incorporated by

reference several provisions of the Oregon Revised Statutes (ORS), Oregon Administrative Rules (OAR), Lane Regional Clean Air Protection Agency (LRAPA) rules, and City and County Ordinances into the Oregon SIP. The following **Federal Register** documents contain the provisions that EPA approved and incorporated by reference: 84 FR 26347, June 6, 2019; 84 FR 58324, October 31, 2019; 84 FR 58327, October 31, 2019; 85 FR 35198, June 9, 2020; 86 FR 27976, May 25, 2021; 86 FR 43954, August 11, 2021; 87 FR 29046, May 12, 2022; 87 FR 41256, July 12, 2022; 87 FR 51262, August 22, 2022; and 87 FR 51265, August 22, 2022.

II. EPA Action

In this action, the EPA is announcing the update to the Oregon materials approved and incorporated by reference into the Oregon SIP at 40 CFR 52.1970(c) as of August 31, 2022. The EPA is also correcting minor typographical errors, including correcting the federal citation for the June 9, 2020 approval of OAR 340-236-0010 Definitions (definitions for emission standards for specific industries) from “85 FR 33198” to “85 FR 35198”; correcting typographical errors to entry OAR 340-256-0330 to reflect corrected information and finally correcting Table 4, footnote 1 to replace the word “Titles” with the word “Title”. Lastly, in subsection 52.1970(e), the EPA is revising the heading for Table 5 to better reflect the content of the table.

The EPA has determined that this action falls under the “good cause” exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA), which, upon finding “good cause,” authorizes agencies to dispense with public participation, and section 553(d)(3), which allows an agency to make an action effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Today’s rule simply codifies provisions, which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are “impractical, unnecessary, or contrary to the public interest.” Public comment is “unnecessary” and “contrary to the public interest” since the codification only reflects existing law. Immediate notice in the CFR benefits the public by removing outdated citations and incorrect table entries.

III. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes

incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is updating its compilation of State and local rules included in the Oregon SIP by finalizing the incorporation by reference of previously EPA-approved regulations promulgated by Oregon and federally approved prior to August 31, 2022. These include new and revised provisions as contained in the **Federal Register** documents listed in section I of this preamble. Lastly, the EPA is also correcting typographical errors in 52.1970(c) as described in section II of this preamble. The EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 10 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

IV. Statutory and Executive Order Reviews

Under the Clean Air Act (CAA), the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

- Does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it impose substantial direct costs on tribal governments or preempt tribal law.

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the Alaska regulations described in sections I and II of this preamble. The EPA has made, and will continue to make, these documents generally available electronically through www.regulations.gov and/or in hard copy at the appropriate EPA office (see the **ADDRESSES** section of this preamble for more information).

This action is subject to the Congressional Review Act, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

The EPA has also determined that the provisions of section 307(b)(1) of the CAA pertaining to petitions for judicial review are not applicable to this action. Prior EPA rulemaking actions for each individual component of the Oregon SIP compilations had previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action. Thus, the EPA sees no need in this action to reopen the 60-day period for filing such petitions for judicial review for this “Identification of plan” update action for Oregon.

Basic Health Program; Federal Funding Methodology for Program Year 2023 and Changes to the Basic Health Program Payment Notice Process

AGENCY: Centers for Medicare & Medicaid Services (CMS), Department of Health and Human Services (HHS).

ACTION: Final rule.

SUMMARY: This rule finalizes the methodology and data sources necessary

to determine Federal payment amounts to be made for program year 2023 to States that elect to establish a Basic Health Program under the Patient Protection and Affordable Care Act to offer health benefits coverage to low-income individuals otherwise eligible to purchase coverage through Health Insurance Exchanges.

DATES: This amendments in this rule are effective January 1, 2023. The methodology and data sources announced in this rule are effective on January 1, 2023.

SUPPLEMENTARY INFORMATION:

I. Background

A. Overview of the Basic Health Program

Section 1331 of the Patient Protection and Affordable Care Act (Pub. L. 111–148, enacted March 23, 2010), as amended by the Health Care and Education Reconciliation Act of 2010

(Pub. L. 111–152, enacted March 30, 2010) (collectively referred to as the Affordable Care Act or ACA), provides States with an option to establish a Basic Health Program (BHP). In the States that elect to operate a BHP, the BHP makes affordable health benefits coverage available for individuals under age 65 with household incomes between 133 percent and 200 percent of the Federal poverty level (FPL) who are not otherwise eligible for Medicaid, the Children’s Health Insurance Program (CHIP), or affordable employer-sponsored coverage, or for individuals whose income is below these levels but are lawfully present non-citizens ineligible for Medicaid. For those States that have expanded Medicaid coverage under section 1902(a)(10)(A)(i)(VIII) of the Social Security Act (the Act), the lower income threshold for BHP eligibility is effectively 138 percent due to the application of a required 5 percent income disregard in determining the upper limits of Medicaid income eligibility (section 1902(e)(14)(I) of the Act).
