##### Commerce in Explosives; 2022 Annual List of Explosive Materials

**AGENCY:** Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF); Department of Justice.

**ACTION:** Notice of list of explosive materials.

**SUMMARY:** This notice publishes the 2022 List of Explosive Materials, as required by law. The 2022 list is the same as the 2021 list published by ATF.

**DATES:** The list becomes effective December 20, 2022.

#### FOR FURTHER INFORMATION CONTACT:

Marianna Mitchem, Chief; Firearms and Explosives Industry Division; Bureau of Alcohol, Tobacco, Firearms, and Explosives; United States Department of Justice; 99 New York Avenue NE, Washington, DC 20226; (202) 648–7120.

**SUPPLEMENTARY INFORMATION:** Pursuant to 18 U.S.C. 841(d) and 27 CFR 555.23, the Department of Justice must publish and revise at least annually in the **Federal Register** a list of explosives determined to be within the coverage of 18 U.S.C. 841 *et seq.* The list covers not only explosives, but also blasting agents and detonators, all of which are defined as “explosive materials” in 18 U.S.C. 841(c).

Each material listed, as well as all mixtures containing any of these materials, constitute “explosive materials” under 18 U.S.C. 841(c). Materials constituting blasting agents are marked by an asterisk. Explosive materials are listed alphabetically, and, where applicable, followed by their common names, chemical names, and/or synonyms in brackets. This list supersedes the List of Explosive Materials published in the **Federal Register** on December 23, 2021 (Docket No. 2021R–01, 86 FR 72996). However, the explosive materials on this list are the same as those on the 2021 Annual List of Explosive Materials.

The 2022 List of Explosive Materials is a comprehensive list, but is not all-inclusive. The definition of “explosive materials” includes “[e]xplosives, blasting agents, water gels and detonators. Explosive materials, include, but are not limited to, all items in the ‘List of Explosive Materials’ provided for in § 555.23.” 27 CFR 555.11. Accordingly, the fact that an explosive material is not on the annual list does not mean that it is not within coverage of the law if it otherwise meets the statutory definition of “explosives” in 18 U.S.C. 841(d) and (j). Subject to limited exceptions in 18 U.S.C. 845 and 27 CFR 555.141, only Federal explosives licensees and permittees may possess and use explosive materials, including those on the annual list.

#### Notice of the 2022 Annual List of Explosive Materials

Pursuant to 18 U.S.C. 841(d) and 27 CFR 555.23, I hereby designate the following as “explosive materials” covered under 18 U.S.C. 841(c):
