

DEPARTMENT OF COMMERCE**Census Bureau****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Survey of Construction Questionnaire for the Building Permit Official (SOC–QBPO)**

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on October 13, 2022 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: U.S. Census Bureau, Commerce.

Title: Survey of Construction Questionnaire for the Building Permit Official (SOC–QBPO).

OMB Control Number: 0607–0125.

Form Number(s): SOC–QBPO.

Type of Request: Regular submission, request for an extension, without change, of a currently approved collection.

Number of Respondents: 1,000.

Average Hours per Response: 15 minutes.

Burden Hours: 250.

Needs and Uses: The U.S. Census Bureau is requesting an extension of the currently approved collection for the Survey of Construction Questionnaire for the Building Permit Official (SOC–QBPO). The information collected on the SOC–QBPO is necessary to carry out the sampling for the Survey of Housing Starts, Sales and Completions (OMB number 0607–0110), also known as the Survey of Construction (SOC). Government agencies and private companies use statistics from the SOC to monitor and evaluate the large and dynamic housing construction industry.

The SOC–QBPO is an electronic questionnaire. The field representatives (FRs) either call or visit the respondents to enter their survey responses into a laptop computer using the Computer Assisted Personal Interviewing (CAPI) software formatted for the SOC–QBPO. The overall length of the interview will

not change, and the sample size will only receive a minor downward adjustment.

The Census Bureau FRs use the SOC–QBPO to obtain information on the operating procedures of a permit office. This enables them to locate, classify, list, and sample building permits for residential construction. These permits are used as the basis for the sample selected for SOC. The Census Bureau also uses the information to verify and update the geographic coverage of permit offices.

Failure to collect this information would make it difficult, if not impossible, to accurately classify and sample building permits for the SOC. Data for two principal economic indicators are produced from the SOC: New Residential Construction (housing starts and housing completions) and New Residential Sales. Government agencies use these statistics to evaluate economic policy, measure progress towards the national housing goal, make policy decisions, and formulate legislation. For example, the Board of Governors of the Federal Reserve System uses data from this survey to evaluate the effect of interest rates in this interest-rate sensitive area of the economy. The Bureau of Economic Analysis (BEA) uses the data in developing the Gross Domestic Product (GDP). The private sector and other data users from Department of Housing and Urban Development (HUD) and the National Association of Home Builders (NAHB) use the information for estimating the demand for housing, building materials and the many products used in new housing and to schedule production, distribution, and sales efforts. The financial community uses the data to estimate the demand for short-term (construction loans) and long-term (mortgages) borrowing.

Affected Public: State, local, or Tribal government.

Frequency: Annually.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, sections 131 and 182.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or

by using the search function and entering either the title of the collection or the OMB Control Number 0607–0125.

[B–62–2022]

Foreign-Trade Zone (FTZ) 163—Ponce, Puerto Rico; Notification of Proposed Production Activity, Global Manufacturing LLC, (Mattresses and Box Springs), Ponce, Puerto Rico

CODEZOL, C.D., grantee of FTZ 163, submitted a notification of proposed production activity to the FTZ Board (the Board) on behalf of Global Manufacturing LLC, located in Ponce, Puerto Rico within FTZ 163. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on December 8, 2022.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include mattresses with inner springs, box springs, and bunkettes—one layer of pre-cut wood with a layer of fabric (duty rate ranges from duty-free to 3%).

The proposed foreign-status materials and components include: knitted fabrics in rolls and pre-cut composed of (98.5% polyester and 1.5% elastane/100% polyester/96% polyester and 4% metallic); woven fabrics in rolls and pre-cut composed of 80 percent polyester and 20 percent polypropylene; polyurethane foam in rolls and pre-cut; memory foam in rolls and pre-cut; 100% polyester non-woven felt pad sheets used to upholster the interior of the mattress; innerspring units (with uncovered and covered inner springs); pre-cut pine wood; steel wire; and, steel mesh (duty rate ranges from duty-free to 14.9%). The request indicates that inner spring units and pre-cut pine wood are

subject to antidumping/countervailing duty (AD/CVD) orders if imported from certain countries. The Board's regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in privileged foreign (PF) status (19 CFR 146.41). The request also indicates that certain materials/components are subject to duties under Section 232 of the Trade Expansion Act of 1962 (Section 232) or Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 232 and Section 301 decisions require subject merchandise to be admitted to FTZs in PF status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is January 30, 2023.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

For further information, contact Diane Finver at Diane.Finver@trade.gov.

Dated: December 15, 2022.

Andrew McGilvray,
Executive Secretary.

Refillable Stainless Steel Kegs From the People's Republic of China: Preliminary Results of Countervailing Duty Administrative Review, Rescission of Review in Part; 2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that certain producers/exporters of refillable stainless steel kegs (kegs) from the People's Republic of China (China) received countervailable subsidies during the period of review (POR) from January 1, 2020, through December 31, 2020. In addition, we are rescinding the review with respect to 35 companies. Interested parties are invited to comment on these preliminary results.

DATES: Applicable December 21, 2022.

FOR FURTHER INFORMATION CONTACT: Theodore Pearson, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401

Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2631.

Background

On February 4, 2022, Commerce published the notice of initiation of an administrative review of the countervailing duty (CVD) order on kegs from China.¹ On August 1, 2022, Commerce extended the deadline for the preliminary results of this administrative review by 105 days, until December 16, 2022.²

For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.³ A list of topics discussed in the Preliminary Decision Memorandum is included as the appendix to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The products covered by the order are kegs. For a complete description of the scope, see the Preliminary Decision Memorandum.⁴

Methodology

Commerce is conducting this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each subsidy program found countervailable, we preliminarily find that there is a subsidy, (*i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific).⁵ For a full description of the methodology underlying our
