Estimated Total Annual Respondent Non-hourly Cost Burden: \$46.

There are no maintenance costs, capital start-up costs, or recordkeeping costs associated with this information collection. However, the USPTO estimates that the total annual (non-hour) cost burden for this information collection, in the form of postage is \$46.

Postage

The USPTO does not presently use automated or other technological information collection techniques for the items in this collection of information, but submissions are accepted electronically through email. Submissions are also accepted via postal mail and hand delivery. The USPTO expects that only five (5) submissions will be submitted through the U.S. Postal Service. The remaining items will be submitted electronically. The average USPS postage cost for a mailed submission, using a Priority Mail flat rate legal envelope is \$9.25. Therefore, the USPTO estimates that the total postage costs for the mailed submissions in this information collection will total \$46.

¹ The USPTO expects that university faculty members will complete most of the items in this information collection at an estimated rate of \$62.89 per hour. The faculty rate is found in the Occupational Employment and Wage Statistics (25–1112 Law Teachers, Postsecondary (<https://www.bls.gov/oes/current/oes251112.htm>)). While no exact number is listed as a mean hourly wage, USPTO reached the estimated rate by taking the mean annual wage (\$130,820) and dividing it by 2,080, which is the number of annual work hours based on a 40-hour work week. Faculty members serving as Clinic Supervisors must be practicing attorneys (and registered with the Patent Bar for those schools handling patent matters before the USPTO on behalf of applicants).

The cost for law students applying to participate in the program is estimated to be at the 50% hourly rate for legal occupations (BLS 23–0000 Legal Occupations) which is \$27.29 per hour (<https://www.bls.gov/oes/current/oes230000.htm>). This accounts for law students' possible employment in various entry level legal positions.

IV. Request for Comments

The USPTO is soliciting public comments to:

(a) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the Agency's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected; and

(d) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

All comments submitted in response to this notice are a matter of public record. USPTO will include or summarize each comment in the request to OMB to approve this information collection. Before including an address, phone number, email address, or other personally identifiable information (PII) in a comment, be aware that the entire comment—including PII—may be made publicly available at any time. While you may ask in your comment to withhold PII from public view, USPTO cannot guarantee that it will be able to do so.

The submission of written comments in response to this notice is not a prerequisite to participation as a panelist in a roundtable. Please note that the Offices will review all requests to participate and will endeavor to invite participants representing diverse viewpoints on the subject matter discussed at each roundtable.
