

Chemical Use Target Commodities 2023-2025		
Year	Survey	Target Commodity
2023	ARMS Phase 1	ARMS Phases 2 & 3
	ARMS Phase 2 (PPCR)	Soybeans, Oats, Peanuts
	ARMS Phase 2 (PPR)	Barley
	Chemical Use	Fruit
2024	Integrated Screening	ARMS Phases 2 & 3 Plus Chemical Use
	ARMS Phase 2 (PPCR)	None <sup>1/</sup>
	ARMS Phase 2 (PPR)	Wheat, Sorghum
	Chemical Use	Vegetables
2025	Integrated Screening	ARMS Phases 2 & 3
	ARMS Phase 2 (PPCR)	TBD <sup>2/</sup>
	ARMS Phase 2 (PPR)	Potatoes
	Chemical Use	Fruit
PPCR - Production Practices and Costs Report		
PPR - Production Practices Report		
1/ No Field Crop PPCR Commodities for 2024 due to the Tenure, Ownership, and Transition of Agricultural Land		
(TOTAL) Survey done in Coordination with the Phase 3 survey.		
2/ To Be Determined		

**Underserved Producer Groups:** Number of respondents and total burden include additional sample methodology and/or sample sizes for ARMS Phase 1 (the Screening Survey) in order to collect data from additional historically underserved producer groups in the ARMS Phase 3 (the Costs and Returns Survey). Collecting more data from these groups will support President Biden's and USDA's priority to advance racial justice, equity, and opportunity by providing more detailed data and research on the socioeconomic characteristics of farmers and ranchers in the United States to ensure all USDA policies and decisions are inclusive of all people the Department serves. This effort will ensure USDA is able to provide data about the financial well-being and other characteristics for historically underserved groups.

**Authority:** These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995 (at 44 U.S.C. 3501, *et seq.*) and Office of Management and Budget regulations at 5 CFR part 1320.

All NASS employees and NASS contractors must also fully comply with

all provisions of the Confidential Information Protection and Statistical Efficiency Act (CIPSEA) of 2018, Title III of Public Law 115-435, codified in 44 U.S.C. Ch. 35. CIPSEA supports NASS's pledge of confidentiality to all respondents and facilitates the agency's efforts to reduce burden by supporting statistical activities of collaborative agencies through designation of NASS agents, subject to the limitations and penalties described in CIPSEA.

**Estimate of Burden:** Public reporting burden for this collection of information is estimated to average approximately 7 minutes per response.

**Respondents:** Farmers, ranchers, farm managers, farm contractors, and farm households.

**Estimated Number of Respondents:** Approximately 115,000 respondents will be sampled each year. Less than 20 percent of these respondents will be contacted more than one time in a single year for the surveys in this docket.

**Estimated Total Annual Burden on Respondents:** Approximately 51,000 hours per year.

**Comments:** Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, December 2, 2022.

**Kevin L. Barnes,**  
Associate Administrator.

### Foreign-Trade Zones Board

[B-37-2022]

#### Foreign-Trade Zone (FTZ) 35— Philadelphia, Pennsylvania, Authorization of Production Activity, Piramal Pharma Solutions (Pharmaceutical Products), Sellersville, Pennsylvania

On August 19, 2022, Piramal Pharma Solutions submitted a notification of proposed production activity to the FTZ

Board for its facility within FTZ 35, in Sellersville, Pennsylvania.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (87 FR 52505–52506, August 26, 2022). On December 19, 2022, the applicant was notified of the FTZ Board's decision that no further review of the activity is warranted at this time. The production activity described in the notification was authorized, subject to the FTZ Act and the FTZ Board's regulations, including Section 400.14.

Dated: December 19, 2022.

**Andrew McGilvray,**

*Executive Secretary.*

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A–523–808]

#### **Certain Steel Nails From the Sultanate of Oman: Final Results of Antidumping Duty Administrative Review; 2020–2021**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that certain steel nails from the Sultanate of Oman (Oman) were sold in the United States at less than normal value (NV) during the period of review (POR), July 1, 2020, through June 30, 2021.

**DATES:** Applicable December 22, 2022.

**FOR FURTHER INFORMATION CONTACT:** Dakota Potts, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0223.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On July 20, 2022, Commerce published the *Preliminary Results* of the 2020–2021 administrative review of the antidumping duty order on steel nails from Oman.<sup>1</sup> For a history of events that have occurred since the *Preliminary*

<sup>1</sup> See *Certain Steel Nails from the Sultanate of Oman: Preliminary Results of Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2020–2021*, 87 FR 43240 (July 20, 2022) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

*Results*, see the Issues and Decision Memorandum.<sup>2</sup>

##### **Scope of the Order**

The merchandise covered by the antidumping duty order is certain steel nails. For a complete description of the scope of the order, see the Issues and Decision Memorandum.

##### **Analysis of Comments Received**

Commerce addressed all issues raised in the case and rebuttal briefs in the Issues and Decision Memorandum. These issues are identified in the appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://enforcement.trade.gov/frn/index.html>.

##### **Changes Since the Preliminary Results**

Based on our analysis of the comments received, we have made no change to the margin applied to Oman Fasteners LLC (Oman Fasteners) in the *Preliminary Results*. We have assigned the same margin as the total adverse facts available (AFA) rate for these final results.<sup>3</sup>

##### **Use of Adverse Facts Available**

We continue to find that the application of total AFA, pursuant to sections 776(a) and (b) of the Tariff Act of 1930, as amended (the Act), is warranted in determining Oman Fasteners' dumping margin because it failed to timely submit information regarding its sales to the United States.<sup>4</sup> Therefore, as in the *Preliminary Results*, as AFA, we assigned Oman Fasteners a dumping margin of 154.33 percent. See the Issues and Decision Memorandum for further discussion.<sup>5</sup>

Commerce is not required to corroborate any dumping margin applied in a separate segment of the same proceeding.<sup>6</sup> Because the 154.33 percent rate was applied in a separate segment of this proceeding, Commerce

<sup>2</sup> See Memorandum, "Issues and Decision Memorandum for the Final Results of the 2020–2021 Administrative Review of the Antidumping Duty Order on Certain Steel Nails from the Sultanate of Oman," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

<sup>3</sup> *Id.* at Comment 3.

<sup>4</sup> *Id.* at Comments 1 and 2.

<sup>5</sup> *Id.* at Comment 3.

<sup>6</sup> See section 776(c)(2) of the Act.

does not need to corroborate the rate in this review.

##### **Rates for Companies Not Selected for Individual Examination**

The statute and Commerce's regulations do not address the establishment of a rate to be applied to individual companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for companies which we did not examine in an administrative review. When the rates for individually examined companies are all zero, *de minimis*, or based entirely on facts available, section 735(c)(5)(B) of the Act provides that Commerce may use "any reasonable method" to establish the all-others rate. We based the dumping margin entirely on AFA for the sole mandatory respondent, Oman Fasteners. Therefore, we assigned the companies not selected for examination the all-others rate applied in prior segments of this proceeding (*i.e.*, 9.10 percent),<sup>7</sup> consistent with the guidance in section 735(c)(5)(B) of the Act.

##### **Final Results of Review**

Commerce determines that the following weighted-average dumping margins exist for the period July 1, 2020, through June 30, 2021:

Manufacturer/exporter	Weighted-average dumping margin (percent)
Oman Fasteners LLC .....	<sup>8</sup> 154.33
Non-Selected Companies .....	9.10

<sup>8</sup> Based on total AFA. For a full description of the methodology underlying our conclusions regarding the application of AFA, see the Issues and Decision Memorandum.

**BILLING CODE 3510–DS–P**

##### **Disclosure**

Normally, Commerce will disclose the calculations performed in connection with the final results of review to parties to the proceeding in accordance with 19 CFR 351.224(b). However, as there were no margin calculations performed in the instant review, there are no calculations

<sup>7</sup> This rate is derived in the final determination of the underlying investigation in this proceeding. See *Certain Steel Nails from the Sultanate of Oman: Final Determination of Sales at Less Than Fair Value*, 80 FR 28972 (May 20, 2015) (*Steel Nails from Oman Final Determination*).
