

Since the beginning of 2020, BOEM has processed eight NNAs and amendments to existing agreements. In order for BOEM to continue to meet the needs of local and State governments, information must be acquired to plan for future projects and anticipated workloads. Therefore, BOEM will issue calls for information about needed resources and locations from interested parties to develop and maintain a project schedule. BOEM also requires information to quickly respond to short-notice requests such as during an emergency declaration in the aftermath of a hurricane or tropical storm.

BOEM will publish all ongoing projects on the website <http://www.boem.gov/Request-and-Active-Leases/>.

OMB Control Number: 1010–0187.

Form Number: None.

Type of Review: Extension of a currently approved information collection.

Respondents/Affected Public: Potential respondents comprise States, counties, localities, and Tribes.

Total Estimated Number of Annual Responses: 80 responses.

Total Estimated Number of Annual Burden Hours: 200 hours.

Respondent's Obligation: Voluntary.

Frequency of Collection: On occasion or annually.

Total Estimated Annual Non-Hour Burden Cost: None.

Estimated Reporting and Recordkeeping Hour Burden: BOEM estimates that the annual reporting burden for this collection is about 200 hours, assuming an emergency declaration is made each year.

Local Government Compilation: 25 local governments × 1 hour per information collection response × 2 responses annually = 50 hours.

State Government Compilation: 15 State governments × 5 hours per information collection response × 2 responses annually = 150 hours (50 local government hours + 150 State hours = 200 total burden hours).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Karen Thundiyil,

Chief, Office of Regulations, Bureau of Ocean Energy Management.

BILLING CODE 4340–98–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2022–0070]

Notice of Availability of a Draft Environmental Impact Statement for Park City Wind, LLC's Proposed Wind Energy Facility Offshore Massachusetts

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: BOEM announces the availability of the draft environmental impact statement (DEIS) for the construction and operations plan (COP) submitted by Park City Wind LLC (Park City) for its proposed New England Wind Project (Project) offshore Massachusetts. The DEIS analyzes the potential environmental impacts of the Project as described in the COP (the proposed action) and the alternatives to the proposed action. This notice of availability (NOA) announces the start of the public review and comment period, as well as the dates and times for public hearings on the DEIS. After BOEM holds the public hearings and addresses comments provided, BOEM will publish a final environmental impact statement (EIS). The EIS will inform BOEM's decision whether to approve, approve with modifications, or disapprove the COP.

DATES: Comments must be received no later than February 21, 2023. BOEM will conduct three virtual public hearings. BOEM's virtual public hearings will be held at the following times (eastern time).

- Friday, January 27, 2023; 1:00 p.m.
- Wednesday, February 1, 2023; 5:00 p.m.
- Monday, February 6, 2023; 5:00 p.m.

Registration for the virtual public hearings is required and may be completed here: <https://www.boem.gov/renewable-energy/state-activities/new-england-wind-formerly-vineyard-wind-south> or by calling (703) 787–1520. Meeting information will be sent to registrants via their email address provided during registration.

ADDRESSES: The DEIS and detailed information about the Project, including the COP, can be found on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/new-england-wind-formerly-vineyard-wind-south>. Comments can be submitted in any of the following ways:

- Orally or in written form during any of the virtual public hearings identified in this NOA.

- In written form by mail or any other delivery service, enclosed in an envelope labeled “New England Wind COP DEIS” and addressed to Chief, Office of Renewable Energy Programs, Bureau of Ocean Energy Management, 45600 Woodland Road, Sterling, VA 20166.

- Through the *regulations.gov* web portal: Navigate to <http://www.regulations.gov> and search for Docket No. BOEM–2022–0070. Click on the “Comment” button below the document link. Enter your information and comment, then click “Submit Comment.”

For more information about submitting comments, please see “*Information on Submitting Comments*” under the **SUPPLEMENTARY INFORMATION** heading below.

FOR FURTHER INFORMATION CONTACT:

Jessica Stromberg, BOEM Office of Renewable Energy Programs, 45600 Woodland Road, Sterling, Virginia 20166, (703) 787–1722 or jessica.stromberg@boem.gov.

SUPPLEMENTARY INFORMATION:

Proposed Action: Park City seeks approval to construct, operate, and maintain the Project: a wind energy facility and its associated export cables on the Outer Continental Shelf (OCS) offshore Massachusetts. The New England Wind Project would be developed within the range of design parameters outlined in the New England Wind COP, subject to applicable mitigation measures. Park City proposes to develop the lease area in two phases, known as Park City Wind (Phase 1) and Commonwealth Wind (Phase 2) (collectively, the New England Wind Project or Project). Park City proposes constructing and operating up to 129 wind turbines and up to 5 offshore electrical service platforms with a total of 5 offshore export cables under the terms of Renewable Energy Lease OCS–A 0534. The Project is located about 20 miles southwest of Martha's Vineyard, about 24 miles south of Nantucket, and adjacent to the southwest boundary of the BOEM-approved Vineyard Wind 1 energy project (Renewable Energy Lease OCS–A 0501). The onshore components of the Project will include up to three export cable landfalls in Massachusetts (one for Phase 1 and up to two for Phase 2) and up to three onshore substations: one in Barnstable County, Massachusetts, for Phase 1 and up to two in Barnstable or Bristol County, Massachusetts, for Phase 2.¹

¹ As part of the proposed action, Park City proposes two offshore export cable routes should technical, logistical, grid interconnection, or other

Alternatives: BOEM considered 15 alternatives when preparing the DEIS and carried forward 3 alternatives for further analysis in the DEIS. These three alternatives include two action alternatives and the no action alternative. BOEM did not analyze in detail 12 of the alternatives because they did not meet the purpose and need for the proposed action or did not meet screening criteria, which are presented in chapter 2 of the DEIS. The screening criteria included consistency with law and regulations; technical and economic feasibility; environmental impact; and geographic considerations.

Availability of the DEIS: The DEIS, New England Wind COP, and associated information are available on BOEM's website at: <https://www.boem.gov/renewable-energy/state-activities/new-england-wind-formerly-vineyard-wind-south>. BOEM has distributed digital copies of the DEIS to all parties listed in the DEIS appendix N, which also includes the location of all libraries receiving a copy. If you require a flash drive or paper copy, BOEM will provide one upon request, as long as supplies are available. You may request a flash drive or paper copy of the DEIS by calling (703) 787-1520.

Cooperating Agencies: The following 18 Federal agencies, Tribal Nations, and State governmental entities participated as cooperating agencies in the preparation of the DEIS: Bureau of Safety and Environmental Enforcement; U.S. Environmental Protection Agency; National Marine Fisheries Service; U.S. Army Corps of Engineers; U.S. Coast Guard; U.S. Department of Defense; U.S. Department of the Navy; U.S. Fish and Wildlife Service; Wampanoag Tribe of Gay Head (Aquinnah); Mashpee Wampanoag Tribe; Mohegan Tribe of Connecticut; Mashantucket Pequot Tribal Nation; The Narragansett Indian Tribe; The Shinnecock Indian Nation; Delaware Tribe of Indians; Massachusetts Office of Coastal Zone Management; Rhode Island Coastal Resources Management Council; and New York State Department of State.

Information on Submitting Comments: BOEM does not consider anonymous comments. Please include your name and address as part of your comment. BOEM makes your comment, including your name and address, available for public review online and during regular business hours. You may

unforeseen issues arise during the COP review and engineering processes that preclude use of its preferred route. If the route known as the South Coast Variant is used, an onshore substation and landfall would be located in Bristol County. Both proposed cable routes are included in the DEIS analysis.

request that BOEM withhold your name, address, or any other personally identifiable information (PII) included in your comment from the public record; however, BOEM cannot guarantee that it will be able to do so. If you wish your name, address, or other PII to be withheld, you must state your request prominently in a cover letter and explain the harm that you fear from its disclosure such as unwarranted privacy invasion, embarrassment, or injury. Even if BOEM withholds your information in the context of this notice, your comment is subject to the Freedom of Information Act (FOIA) and any relevant court orders. If your comment is requested under FOIA or a relevant court order, your information will only be withheld if a determination is made that one of the FOIA's exemptions to disclosure applies or if the relevant court order is challenged. Such a determination will be made in accordance with the Department of the Interior's FOIA regulations and applicable law.

Please label privileged or confidential information as "Contains Confidential Information," and consider submitting such information as a separate attachment. Information that is not labeled as privileged or confidential may be regarded by BOEM as suitable for public release.

All submissions from organizations or businesses and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.

Authority: 42 U.S.C. 4231 *et seq.* (NEPA, as amended) and 40 CFR 1506.6.

Karen Baker,

*Chief, Office of Renewable Energy Programs,
Bureau of Ocean Energy Management.*

BILLING CODE 4340-98-P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-382 and 731-TA-800, 801, and 803 (Fourth Review)]

Stainless Steel Sheet and Strip From Japan, South Korea, and Taiwan; Notice of Commission Determination To Conduct Full Five-Year Reviews

AGENCY: International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it will proceed with full reviews pursuant to the Tariff Act of

1930 to determine whether revocation of the countervailing duty order on stainless steel sheet and strip (SSSS) from South Korea, and the antidumping duty orders on SSSS from Japan, South Korea, and Taiwan would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. A schedule for the reviews will be established and announced at a later date.

DATES: December 5, 2022.

FOR FURTHER INFORMATION CONTACT: Peter Stebbins (202-205-3029), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

SUPPLEMENTARY INFORMATION: On December 5, 2022, the Commission determined that it should proceed to full reviews in the subject five-year reviews pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)). The Commission found that both the domestic and respondent interested party group responses from Japan to its notice of institution (87 FR 53780, September 1, 2022) were adequate, and determined to conduct a full review of the antidumping duty order on imports from Japan. The Commission also found that the respondent interested party group responses from South Korea and Taiwan were inadequate but determined to conduct full reviews of the orders on imports from those countries in order to promote administrative efficiency in light of its determinations to conduct a full review of the order with respect to Japan. A record of the Commissioners' votes will be available from the Office of the Secretary and at the Commission's website.

Authority: These reviews are being conducted under authority of title VII of
