acid) level of concentration, brix level, brix/ acid ratio, pulp content, clarity; (3) regardless of the grade, horticulture method (e.g., organic or not), processed form (e.g., frozen or not-from-concentrate), the size of the container in which packed, or the method of packing; and (4) regardless of the U.S. Department of Agriculture Food and Drug Administration (FDA) standard of identity (as defined under 19 CFR 146.114 et seq.) (i.e., whether or not the lemon juice meets an FDA standard of identity).

Excluded from the scope are: (1) lemon juice at any level of concentration packed in retail-sized containers ready for sale to consumers; and (2) beverage products, such as lemonade, that contain 20 percent or less lemon juice as an ingredient by actual volume. "Retail-sized containers" are defined as lemon juice products sold in ready-for-sale packaging (e.g., clearly visible branding, nutritional facts listed, etc.) containing up to 128 ounces of lemon juice by actual volume.

The scope also includes certain lemon juice that is blended with certain lemon juice from sources not subject to this investigation. Only the subject lemon juice component of such blended merchandise is covered by the scope of this investigation. Blended lemon juice is defined as certain lemon juice with two distinct component parts of differing country(s) of origin mixed together to form certain lemon juice where the component parts are no longer individually distinguishable.

The product subject to this investigation is currently classifiable under subheadings 2009.31.4000, 2009.31.6020, 2009.31.6040, 2009.39.6020, and 2009.39.6040 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

#### Appendix II

#### List of Topics Discussed in the Issues and **Decision** Memorandum

- I. Summary
- II. Background
- III. Period of Investigation
- IV. Scope of the Investigation
- V. Changes Since the Preliminary Determination
- VI. Discussion of the Issues
- Comment 1: Application of Adverse Facts Available (AFA) for Citrus Juice
- Comment 2: Whether Commerce's Preliminary Adjustment to the Net Realizable Value (NRV) of Citrus Juice's Lemon Coproducts was Correct
- Comment 3: Affiliations between LDC and Its Supplier
- Comment 4: Revision to the Adjustment for Affiliated Transactions
- Comment 5: Financial Statements for the Period Cost Calculations
- Comment 6: Revisions to LDC's Reported Cost for Verification Findings and Material Price Difference Adjustments
- Comment 7: Whether Commerce Should Include LDC's Parent Company General and Administrative (G&A) Expenses in the Reported G&A Expenses

Comment 8: Margin Calculation Methodology for LDC VII. Recommendation

## Certain Frozen Warmwater Shrimp From India: Notice of Final Results of Antidumping Duty Changed **Circumstances Review**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 9, 2022, the U.S. Department of Commerce (Commerce) published the notice of initiation and preliminary results of a changed circumstances review (CCR) of the antidumping duty (AD) order on certain frozen warmwater shrimp from India. For these final results, Commerce continues to find that Kader Exports Private Limited (Kader Exports) is the successor-in-interest to the Liberty Group.

DATES: Applicable December 23, 2022.

FOR FURTHER INFORMATION CONTACT: Adam Simons, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration. U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-6172. SUPPLEMENTARY INFORMATION:

# Background

On September 19, 2022, Kader Exports requested that Commerce conduct an expedited CCR, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (the Act), 19 CFR 351.216, and 19 CFR 351.221(c)(3), to confirm that Kader Exports is the successor-in-interest to the Liberty Group<sup>1</sup> for purposes of determining AD cash deposits and liabilities.<sup>2</sup> In its submission, Kader Exports stated that it underwent a restructuring in which the companies comprising the Liberty Group were merged into Kader Exports.<sup>3</sup>

On November 9, 2022, Commerce initiated this CCR and published the Preliminary Results, preliminarily determining that Kader Exports is the successor-in-interest to the Liberty Group.<sup>4</sup> In the *Preliminary Results*, we provided all interested parties with an opportunity to comment.<sup>5</sup> However, we received no comments.

#### Scope of the Order

The merchandise subject to the order is certain frozen warmwater shrimp.<sup>6</sup> The product is currently classified under the following Harmonized Tariff Schedule of the United States (HTSUS) numbers: 0306.17.00.03, 0306.17.00.04, 0306.17.00.05, 0306.17.00.06, 0306.17.00.07, 0306.17.00.08, 0306.17.00.09, 0306.17.00.10, 0306.17.00.11, 0306.17.00.12, 0306.17.00.13, 0306.17.00.14, 0306.17.00.15, 0306.17.00.16, 0306.17.00.17, 0306.17.00.18, 0306.17.00.19, 0306.17.00.20, 0306.17.00.21, 0306.17.00.22, 0306.17.00.23, 0306.17.00.24, 0306.17.00.25, 0306.17.00.26, 0306.17.00.27, 0306.17.00.28, 0306.17.00.29.0306.17.00.40. 0306.17.00.41.0306.17.00.42. 1605.21.10.30, and 1605.29.10.10. Although the HTSUS numbers are provided for convenience and customs purposes, the written product description remains dispositive.

#### **Final Results of CCR**

For the reasons stated in the Preliminary Results, Commerce continues to find that Kader Exports is the successor-in-interest to the Liberty Group. As a result of this determination and consistent with established practice, we find that Kader Exports should receive the AD cash deposit rate previously assigned to the Liberty Group. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced or exported by Kader Exports and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the Federal Register at zero percent, which is the current AD cash deposit rate for the Liberty Group.7 This cash deposit

<sup>&</sup>lt;sup>1</sup> The Liberty Group includes the following affiliated companies: Devi Marine Food Exports Private Limited, Kader Exports, Kader Investment and Trading Company Private Limited, Liberty Frozen Foods Private Limited, Liberty Oil Mills Limited, Premier Marine Products Pvt. Ltd., and Universal Cold Storage Private Limited.

<sup>&</sup>lt;sup>2</sup> See Kader Exports' Letter, "Request for an expedited Changed Circumstances Review in Certain Frozen Warmwater Shrimp from India, Case No. A-533-840," dated September 19, 2022. зId.

<sup>&</sup>lt;sup>4</sup> See Certain Frozen Warmwater Shrimp from India: Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review, 87 FR 67669 (November 9, 2022) (Preliminary Results), and accompanying Preliminary Decision Memorandum (PDM). 5 Id.

<sup>&</sup>lt;sup>6</sup> For a complete description of the scope of the order, see Preliminary Results PDM at 2.

<sup>7</sup> See Certain Frozen Warmwater Shrimp from India: Final Results of Antidumping Duty

requirement shall remain in effect until further notice.

## Notification to Interested Parties

We are issuing this determination and publishing these final results and notice in accordance with sections 751(b)(1), and 777(i)(1) and (2) of the Act, and 19 CFR 351.216(e), 351.221(b), and 351.221(c)(3).

Dated: December 19, 2022.

## National Institute of Standards and Technology

[Docket No.: 220208-0264]

## National Cybersecurity Center of Excellence (NCCoE) Responding to and Recovering From a Cyberattack: Cybersecurity for the Manufacturing Sector

**AGENCY:** National Institute of Standards and Technology, Department of Commerce.

### ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) invites organizations to provide letters of interest describing products and technical expertise to support and demonstrate security platforms for the Responding to and Recovering from a Cyberattack: Cybersecurity for the Manufacturing Sector project. This notice is the initial step for the National Cybersecurity Center of Excellence (NCCoE) in collaborating with technology companies to address cybersecurity challenges identified under the Responding to and Recovering from a Cyberattack: Cybersecurity for the Manufacturing Sector project. Participation in the project is open to all interested organizations.

**DATES:** Collaborative activities will commence as soon as enough completed and signed letters of interest have been returned to address all the necessary components and capabilities, but no earlier than January 23, 2023.

**ADDRESSES:** The NCCoE is located at 9700 Great Seneca Highway, Rockville, MD 20850. Letters of interest must be submitted to *manufacturing nccoe*@

*nist.gov* or via hardcopy to National Institute of Standards and Technology, NCCoE; 9700 Great Seneca Highway, Rockville, MD 20850. Interested parties can access the letter of interest request by visiting *https://www.nccoe.nist.gov/* manufacturing/responding-andrecovering-cyber-attack and completing the letter of interest webform. NIST will announce the completion of the selection of participants and inform the public that it is no longer accepting letters of interest for this project at https://www.nccoe.nist.gov/ manufacturing/responding-andrecovering-cyber-attack. Organizations whose letters of interest are accepted in accordance with the process set forth in the SUPPLEMENTARY INFORMATION section of this notice will be asked to sign an NCCoE consortium Cooperative **Research and Development Agreement** (CRADA) with NIST. An NCCOE consortium CRADA template can be found at: https://www.nccoe.nist.gov/ publications/other/nccoe-consortiumcrada-example.

#### FOR FURTHER INFORMATION CONTACT:

Michael Powell via telephone at 301– 975–0310; by email at *manufacturing\_nccoe@nist.gov;* or by mail to National Institute of Standards and Technology, NCCoE; 9700 Great Seneca Highway, Rockville, MD 20850. Additional details about the *Responding to and Recovering from a Cyberattack: Cybersecurity for the Manufacturing Sector* project are available at *https://www.nccoe.nist.gov/ manufacturing/responding-andrecovering-cyber-attack.* 

# SUPPLEMENTARY INFORMATION:

Background: The NCCoE, part of NIST, is a public-private collaboration for accelerating the widespread adoption of integrated cybersecurity tools and technologies. The NCCoE brings together experts from industry, government, and academia under one roof to develop practical, interoperable cybersecurity approaches that address the real-world needs of complex Information Technology (IT) and Operational Technology (OT) systems. By accelerating dissemination and use of these integrated tools and technologies for protecting IT and OT assets, the NCCoE will enhance trust in U.S. IT and OT communications, data, and storage systems; reduce risk for companies and individuals using IT and OT systems; and encourage development of innovative, job-creating cybersecurity products and services.

*Process:* NIST is soliciting responses from all sources of relevant security capabilities (see below) to enter into an NCCoE Cooperative Research and Development Agreement (CRADA) to provide products and technical expertise to support and demonstrate security platforms for the *Responding to and Recovering from a Cyberattack: Cybersecurity for the Manufacturing Sector* project. The full project can be viewed at: https://www.nccoe.nist.gov/ manufacturing/responding-andrecovering-cyber-attack.

Interested parties can access the request for a letter of interest template by visiting the project website at *https://* www.nccoe.nist.gov/manufacturing/ responding-and-recovering-cyber-attack and completing the letter of interest webform. On completion of the webform, interested parties will receive access to the letter of interest template, which the party must complete, certify as accurate, and submit to NIST by email or hardcopy. NIST will contact interested parties if there are questions regarding the responsiveness of the letters of interest to the project objective or requirements identified below. NIST will select participants who have submitted complete letters of interest on a first come, first served basis within each category of product components or capabilities listed below up to the number of participants in each category necessary to carry out this project. When the project has been completed, NIST will post a notice on the Responding to and Recovering from a Cvberattack: Cvbersecurity for the Manufacturing Sector project website at https://www.nccoe.nist.gov/ manufacturing/responding-andrecovering-cyber-attack announcing the next phase of the project and informing the public that it will no longer accept letters of interest for this project. There may be continuing opportunity to participate even after initial activity commences. Selected participants will be required to enter into an NCCoE consortium CRADA with NIST (for reference, see **ADDRESSES** section above).

Project Objective: This project is focused on responding to and recovering from a cyberattack within an Industrial Control System (ICS) environment. Manufacturing organizations rely on ICS to monitor and control physical processes that produce goods for public consumption. These same systems are facing an increasing number of cyberattacks resulting in a loss of production from destructive malware, malicious insider activity, or honest mistakes. This creates the imperative for organizations to be able to quickly, safely, and accurately recover from an event that corrupts or destroys data (e.g., database records, system files, configurations, user files, application code).

Administrative Review; 2016–2017, 83 FR 32835 (July 16, 2018).
