SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Reinstatement with change of a previously approved collection; *Title:* Basic Health Program (BHP) Supporting Regulations; *Use:* In accordance with Section 1331 of the Patient Protection and Affordability Care Act, Public Law 111-148 (ACA), BHP is federally funded by determining the amount of payments that the federal government would have made through premium tax credits and cost-sharing reductions for people enrolled in BHP had they instead been enrolled in an Exchange. States must submit a BHP Blueprint to CMS for certification prior to the state implementing a BHP and must submit a revised Blueprint in the event that a state seeks to make significant changes that alter program operations; the BHP benefit package; or enrollment, disenrollment, and verification policies described in the Blueprint. Such States must also submit a BHP annual report. In addition to the reinstatement, this 2022 iteration proposes changes that are associated with the March 12, 2014 (79 FR 14112) BHP final rule that have not previously received PRA approval. *Form Number:* CMS-10510 (OMB control number: 0938-1218); *Frequency:* Monthly and annually; *Affected Public:*

State, Local or Tribal Government; *Number of Respondents:* 2; *Number of Responses:* 27; *Total Annual Hours:* 2,568. For policy questions regarding this collection contact Cassie Lagorio at 443-721-8022.

Dated: December 21, 2022.

We are proposing to provide an optional Table of Contents and Cover Sheet for plan pages.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

SUPPLEMENTARY INFORMATION:

Description: The final rule within 45 CFR part 309, published in the **Federal Register** on March 30, 2004, contains a regulatory reporting requirement that, in order to receive funding for a Tribal IV-D program, a tribe or tribal organization must submit a plan describing how the tribe or tribal organization meets or plans to meet the objectives of section 455(f) of the Social Security Act, including establishing paternity; establishing, modifying, and enforcing support orders; and locating noncustodial parents. The plan is required for all tribes requesting funding; however, once a tribe has met the requirements to operate a comprehensive program, a new plan is not required annually unless a tribe makes changes to its title IV-D program. If a tribe or tribal organization intends to make any substantial or material changes, a Tribal IV-D plan amendment must be submitted for approval. Tribes and tribal organizations must have an approved plan and submit any required plan amendments in order to receive funding to operate a Tribal IV-D program. With this request to extend approval of this information collection, OCSE is proposing a change to the paperwork collection by providing optional plan pages. The optional plan pages organize the Tribal IV-D plan, identify required attachments, and streamline plan amendment submissions. Tribes and tribal organizations who choose to participate will attest to complying with the regulatory requirements in 45 CFR, Parts 309 and 310 and submit plan amendments for changes to the required attachments identified in the Table of Contents. The optional plan pages organize the Tribal IV-D plan, identify required attachments, and streamline plan amendment submissions.

AGENCY: Office of Planning, Research, and Evaluation; Administration for Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Planning, Research, and Evaluation (OPRE) within the Administration for Children and Families (ACF) is proposing a new information collection for the Child Welfare Study to Enhance Equity with Data (CW–SEED). The project aims to understand how and to what extent data

are used to explore equity in service delivery and child and family outcomes, to identify barriers or problematic data practices, and to explore efforts by child welfare agencies and their partners to use data to reduce barriers across the continuum of child welfare services.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. SUPPLEMENTARY INFORMATION: *Description:* CW–SEED will conduct qualitative case studies to describe the

experiences of up to six state, local, and/or tribal child welfare agencies and their partners collecting and using data to advance equity in service delivery and child and family outcomes. The case studies will document promising data practices and the potential challenges to implementing them. Each case study will include two components (1) collection and review of site-specific documents and other relevant information, and (2) in-person site visits to collect detailed qualitative data and any additional documentation the sites can provide. This information collection aims to present an internally valid description of the experiences of the sites, not to promote statistical generalization to different sites.

Respondents: Child welfare agency leaders, managers or supervisors of direct service workers, direct service workers, and staff who work with the agency’s data systems and/or conduct research; partner agency and community organization leaders, managers or supervisors of direct service workers, direct service workers, and staff who work with the organization’s data systems and/or conduct research; and, members of advisory groups that work with child welfare agencies, partner agencies, or community organizations.
