

the heading “The Proposed Changes are Reasonable,” the Exchange believes that this is not unfairly discriminatory to the issuers of primary classes of common shares (including Equity Investment Tracking Stocks).

Further, the Exchange operates in a competitive environment and its fees are constrained by competition in the marketplace. Other venues currently list all of the categories of securities covered by the proposed fees and if a company believes that the Exchange’s fees are unreasonable it can decide either not to list its securities or to list them on an alternative venue.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to ensure that the fees charged by the Exchange accurately reflect the services provided and benefits realized by listed companies. The market for listing services is extremely competitive. Each listing exchange has a different fee schedule that applies to issuers seeking to list securities on its exchange. Issuers have the option to list their securities on these alternative venues based on the fees charged and the value provided by each listing. Because issuers have a choice to list their securities on a different national securities exchange, the Exchange does not believe that the proposed fee changes impose a burden on competition.

Intramarket Competition.

The proposed amended fees will be charged to all listed issuers on the same basis. The Exchange does not believe that the proposed amended fees will have any meaningful effect on the competition among issuers listed on the Exchange.

Intermarket Competition.

The Exchange operates in a highly competitive market in which issuers can readily choose to list new securities on other exchanges and transfer listings to other exchanges if they deem fee levels at those other venues to be more favorable. Because competitors are free to modify their own fees, and because issuers may change their chosen listing venue, the Exchange does not believe its proposed fee change can impose any burden on intermarket competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(A)¹⁰ of the Act and paragraph (f) thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-202, OMB Control No. 3235-0196]

Proposed Collection; Comment Request; Extension: Rule 17a-22

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information provided for in Rule 17a-22 (17 CFR 240.17a-22) under the Securities Exchange Act of 1934 ("Exchange Act") (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 17a-22 requires all registered clearing agencies to file with the Commission three copies of all materials they issue or make generally available to their participants or other entities with whom they have a significant relationship. The filings with the Commission must be made within ten days after the materials are issued or made generally available. When the Commission is not the clearing agency's appropriate regulatory agency, the clearing agency must file one copy of the material with its appropriate regulatory agency.

The Commission is responsible for overseeing clearing agencies and uses the information filed pursuant to Rule 17a-22 to determine whether a clearing agency is implementing procedural or policy changes. The information filed aids the Commission in determining whether such changes are consistent with the purposes of Section 17A of the Exchange Act. Also, the Commission uses the information to determine whether a clearing agency has changed its rules without reporting the actual or prospective change to the Commission as required under Section 19(b) of the Exchange Act.

The respondents to Rule 17a-22 are registered clearing agencies. The frequency of filings made by clearing agencies pursuant to Rule 17a-22 varies but on average there are approximately 120 filings per year per active clearing agency. There are nine clearing agencies, but only seven active registered clearing agencies that are expected to submit filings under Rule

17a-22. The Commission staff estimates that each response requires approximately .25 hours (fifteen minutes), which represents the time it takes for a staff person at the clearing agency to properly identify a document subject to the rule, print and make copies, and mail that document to the Commission. Thus, the total annual burden for all active clearing agencies is approximately 210 hours (7 clearing agencies multiplied by 120 filings per clearing agency multiplied by .25 hours).

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing by February 27, 2023.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.

Dated: December 21, 2022.
