

We believe that this final rule correcting document does not constitute a rule that would be subject to the notice and comment or delayed effective date requirements. This document merely corrects minor typographical errors in the final rule, but it does not make substantive changes to the policies or the implementing regulations that were adopted in the final rule. As a result, this final rule correcting document is intended to ensure that the information in the final rule accurately reflects the policies and regulatory amendments adopted in that document.

In addition, even if this were a rule to which the notice and comment procedures and delayed effective date

requirements applied, we find that there is good cause to waive such requirements. Undertaking further notice and comment procedures to incorporate the minor corrections in this document into the final rule or delaying the effective date would be unnecessary, as we are not altering our policies or regulatory changes, but rather, we are simply implementing correctly the policies and regulatory changes that we previously proposed, requested comment on, and subsequently finalized. This final rule correcting document is intended solely to ensure that the final rule accurately reflects these policies and regulatory changes.

Furthermore, such notice and comment procedures would be contrary to the public interest because it is in the public's interest to ensure that the final rule accurately reflects our policies and regulatory changes. Therefore, we believe we have good cause to waive the notice and comment and effective date requirements.

SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2022–23778 of November 7, 2022 (87 FR 67136), there were a number of typographical errors that are identified and corrected in this correcting document. The provisions in this correction document are effective as if they had been included in the document that appeared in the November 7, 2022 **Federal Register**. Accordingly, the corrections are effective January 1, 2023.

II. Summary of Errors

On pages 67170 and 67171, we inadvertently made a typographical

error to a website address. Therefore, we are correcting the website address from “https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/ESRDpayment/Educational_Resources” to “https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/ESRDpayment/Educational_Resources.”

On page 67194, in the first column, we inadvertently made a typographical error by including an incorrect symbol (γ) to the phrase “100 cells/ γ L or $>0.1 \times 10/\text{L}$.” In addition, the font size of this phrase inadvertently appears larger than the standard **Federal Register** text. Therefore, we are correcting these errors by replacing the phrase “100 cells/ γ L or $>0.1 \times 10/\text{L}$ ” to “ >100 cells/ μL or $>0.1 \times 10/\text{L}$ ”.

On page 67195, in the third column, we inadvertently made a typographical error by including an incorrect symbol (γ) to the phrase “ >100 cells/ γ L, >50 percent PMN).⁴⁶”. In addition, the font size of this phrase is inadvertently larger than the standard **Federal Register** text. Therefore, we are correcting these errors by replacing the phrase “ >100 cells/ γ L, >50 percent PMN).⁴⁶” to “ >100 cells/ μL , >50 percent PMN).⁴⁶”.

III. Waiver of Proposed Rulemaking and Delay in Effective Date

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (APA), the agency is required to publish a notice of the proposed rule in the **Federal Register** before the provisions of a rule take effect. Similarly, section 1871(b)(1) of the Social Security Act (the Act) requires the Secretary to provide for notice of the proposed rule in the **Federal Register** and provide a period of not less than 60 days for public comment. In addition, section 553(d) of the APA, and section 1871(e)(1)(B)(i) mandate a 30-day delay in effective date after issuance or publication of a rule. Sections 553(b)(B) and 553(d)(3) of the APA provide for exceptions from the notice and comment and delay in effective date of the APA requirements; in cases in which these exceptions apply, sections 1871(b)(2)(C) and 1871(e)(1)(B)(ii) of the Act provide exceptions from the notice and 60-day comment period and delay in effective date requirements of the Act as well. Section 553(b)(B) of the APA and section 1871(b)(2)(C) of the Act authorize an agency to dispense with normal rulemaking requirements for good cause if the agency makes a finding that the notice and comment process is impracticable, unnecessary, or contrary to the public interest. In addition, both section 553(d)(3) of the APA and section 1871(e)(1)(B)(ii) of the Act allow the agency to avoid the 30-

day delay in effective date where such delay is contrary to the public interest and an agency includes a statement of support.

We believe that this correcting document does not constitute a rule that would be subject to the notice and comment or delayed effective date requirements. This document corrects typographic errors and does not make substantive changes to the policies or payment methodologies that were adopted in the CY 2023 ESRD PPS final rule. Thus, this correcting document is intended to ensure that the information is accurately reflected in the final rule.

Even if this were a rulemaking to which the notice and comment and delayed effective date requirements applied, we find that there is good cause to waive such requirements.

Undertaking further notice and comment procedures to incorporate the corrections in this document into the CY 2023 ESRD PPS final rule or delaying the effective date of the correction would be contrary to the public interest because it is in the public interest to ensure that the rule accurately reflects our policies as of the date they take effect. Further, such procedures would be unnecessary because we are not making any substantive revisions to the final rule, but rather, we are simply correcting the **Federal Register** document to reflect the policies that we previously proposed, received public comment on, and subsequently finalized in the CY 2023 ESRD PPS final rule. For these reasons, we believe there is good cause to waive the requirements for notice and comment and delay in effective date.
