**Electronic Submission:** Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to, click the “Comment Now!” icon, complete the required fields, and enter or attach your comments.

**Mail:** Submit written comments to [WCR.HMS@noaa.gov](mailto:WCR.HMS@noaa.gov).

**Instructions:** Comments must be submitted by one of the above methods to ensure they are received, documented, and considered by NMFS. Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered. All comments received are a part of the public record and will generally be posted for public viewing on [www.regulations.gov](http://www.regulations.gov) without change. All personal identifying information (e.g., name, address, etc.) submitted voluntarily by the sender will be publicly accessible. Do not submit confidential business information, or otherwise sensitive or protected information. NMFS will accept anonymous comments (enter “N/A” in the required fields if you wish to remain anonymous).

**SUPPLEMENTARY INFORMATION:** DSBG was initially developed off the U.S. West Coast through a series of research trials which began in 2011 and continued under exempted fishing permits (EFPs) beginning in 2015. The information collected indicated that DSBG was an effective gear type for selectively targeting swordfish with minimal bycatch and that the gear was potentially profitable to fishermen. These promising results led the Council to recommend that NMFS authorize DSBG as a legal gear type for targeting HMS in the U.S. West Coast Exclusive Economic Zone (EEZ) off California and Oregon.

The Council developed this draft amendment over a series of public meetings. The process began with the adoption of a range of alternatives

(ROA) for federally authorized DSBG fishing in June of 2018. Later, in November 2018, the Council refined its ROA and adopted a preliminary preferred alternative (PPA) to authorize DSBG off the coasts of California and Washington, with a limited entry (LE) permitting system for use of the gear within the Southern California Bight (SCB). In September 2019, the Council adopted its final preferred alternative (FPA) after making a few minor clarifications to its PPA, including amending the tiered criteria of swordfish fishing experience necessary to qualify for an LE permit. At its March 2021 Meeting, the Council modified its FPA to clarify terms, such as “EFP holders,” in the recommended tiered criteria, and specified data sources for qualifying LE permit applicants under those tiers. The Council also provided additional input on the permit qualification procedures (i.e., a one-time ranking of permit qualifiers according to tiers), and clarified its intent to issue permits to entities, including corporations, while prohibiting permit transfers through changes in entity ownership. During its November 2021 meeting, the Council adopted a standardized bycatch reporting methodology for an authorized DSBG fishery. Finally, during its March 2022 meeting, the Council considered additional measures for an authorized DSBG fishery related to compliance with the Endangered Species Act, and procedures for monitoring and management of the proposed fishery, including LE permit ownership.

The proposed changes to the HMS FMP are described in further detail below.

Section 6.1 would be amended to include the definition of DSBG as a legal gear type. Both “standard” and “linked” configurations of DSBG are described and would be authorized. Additionally, the section would be amended to clarify that DSBG must be actively tended, in contrast to surface hook and line gear, which does not require active tending.

Section 6.2 would be amended to describe the LE permitting regime for fishing DSBG within the SCB (i.e., Federal waters east of 120°28’18” W longitude). This includes language outlining the timing and pace of permit issuance, tiered qualifying criteria (including definitions for permit holders and vessel owners), procedures for permit renewals, and restrictions on permit transfers. Up to 50 permits would be issued for the first year, and up to 25 additional permits would be issued annually in subsequent years until a maximum of 300 permits are issued. The draft amendment also

describes scenarios in which the Council or NMFS may determine that a fewer number of permits should be issued than 300. In such a scenario, the Council could recommend NMFS publish new regulations restricting permit issuance based on applicable law or other considerations. Finally, Section 6.2.1.1 describes the tiered criteria that NMFS will use to issue permits to potential DSBG fishermen based on industry participation history and swordfish fishing experience.

Section 6.3 would be amended to include DSBG-specific language related to standardized bycatch reporting methodology (SBRM). This language includes a synopsis of the gear’s documented bycatch performance, and considerations related to logbook reporting and observer coverage in the authorized fishery. DSBG vessels would be subject to logbook reporting requirements in the same manner as other HMS fisheries. As an addendum to this section, Section 8.0 would also be amended to include a reference to the Draft Environmental Impact Statement (DEIS) analyzing the environmental and socioeconomic impacts of DSBG authorization, which NMFS published in August 2021.

The preamble to Section 6.6 would be amended to include DSBG when referring to HMS fishery conservation and management measures. Section 6.6.4 would also be amended to reference pending Federal regulations on the maximum amount of gear deployed, gear tending requirements, timing of gear deployment/retrieval, and simultaneous use of DSBG and other gear types on a single trip.

### **U.S. Citizenship and Immigration Services Fee Schedule and Changes to Certain Other Immigration Benefit Request Requirements; Correction**

**AGENCY:** U.S. Citizenship and Immigration Services, DHS.

**ACTION:** Proposed rule; correction.

**SUMMARY:** On January 4, 2023, the Department of Homeland Security (DHS) published a proposed rule that proposed adjustments to certain immigration and naturalization benefit request fees charged by U.S. Citizenship and Immigration Services (USCIS). While DHS was able to work with the Office of the Federal Register to correct two typographical errors in the public inspection version of the proposed rule that posted on January 3, 2023, the published version of the proposed rule contain the errors in Table 1. In this document, we are correcting those two typographical errors.

**DATES:** Written comments are due on March 6, 2023. Please refer to the instructions and guidance in the published proposed rule in the **Federal Register** on January 4, 2023, at 88 FR 402, FR Doc. 2022–27066, for more information on how to submit public comment.

**FOR FURTHER INFORMATION CONTACT:** Carol Cribbs, Deputy Chief Financial Officer, U.S. Citizenship and

Immigration Services, Department of Homeland Security, 5900 Capital Gateway Drive, Camp Springs, MD 20746; telephone 240–721–3000 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone numbers above via TTY by calling the toll-free Federal Information Relay Service at 877–889–5627 (TTY/TDD).

**SUPPLEMENTARY INFORMATION:**

**Need for Correction**

On January 4, 2023, DHS published a proposed rule in the **Federal Register** at 88 FR 402 proposing amendments to certain immigration and naturalization benefit request fees charged by USCIS (FR Doc. 2022–27066). There were two typographical errors in the proposed fees listed in Table 1 that were noticed after the document was scheduled for publication. DHS was able to work with the Office of the Federal Register to correct these typographical errors in the version of the proposed rule that posted for public inspection on January 3, 2023. However, the printing of the January 4, 2023 edition of the **Federal**

**Register** was too far along in production and the errors were not corrected in the official publication. First in Table 1 on page 410, fifth row from the bottom for I–129CW and I–129, Petition for a CNMI Nonimmigrant Worker (with biometric services fee), the proposed fee needs to change from “\$1,055” to “\$1,015” in the 4th column, and the difference values need to change from “\$595” to “\$470” and from “129%” to “86%” in the 5th and 6th columns, respectively. Second, in Table 1 on page 411, sixth row from the top for I–765, Application for Employment Authorization—Online (with biometric services), the proposed fee needs to change from “\$650” to “\$555” in the 4th column, and the difference values need to change from “\$240” to “\$60” and “59%” to “12%” in the 5th and 6th columns, respectively.

**Correction of Publication**

Accordingly, Table 1 beginning on page 407 of the proposed rule, FR Doc. 2022–27066, published on January 4, 2023, at 88 FR 402, is corrected and republished as follows:

**TABLE 1—COMPARISON OF CURRENT<sup>1</sup> AND PROPOSED FEES**

Immigration benefit request		Current fee(s)	Proposed fee(s).	Difference	
Citizenship and Naturalization:					
N–4	Monthly Report on Naturalization Papers	No Fee	No Fee	N/A	N/A

RIN 1024-AE70

**Alaska; Hunting and Trapping in National Preserves**

**AGENCY:** National Park Service, Interior.

**ACTION:** Proposed rule.

**SUMMARY:** The National Park Service (NPS) proposes to amend its regulations for sport hunting and trapping in national preserves in Alaska. This proposed rule would prohibit certain harvest practices, including bear baiting; and prohibit predator control or predator reduction on national preserves.

**DATES:** Comments on the proposed rule must be received by 11:59 p.m. ET on March 10, 2023.

**ADDRESSES:** You may submit comments, identified by Regulation Identifier Number (RIN) 1024-AE70, by either of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Mail or Hand Deliver to:* National Park Service, Regional Director, Alaska Regional Office, 240 West 5th Ave., Anchorage, AK 99501. *Comments delivered on external electronic storage devices (flash drives, compact discs, etc.) will not be accepted.*

- *Instructions:* Comments will not be accepted by fax, email, or in any way other than those specified above. Comments delivered on external electronic storage devices (flash drives, compact discs, etc.) will not be accepted. All submissions received must include the words “National Park Service” or “NPS” and must include the docket number or RIN (1024-AE70) for this rulemaking. Comments received will be posted without change to <https://www.regulations.gov>, including any personal information provided.

- *Docket:* For access to the docket to read background documents or comments received, go to <https://www.regulations.gov> and search for “1024-AE70.”

**FOR FURTHER INFORMATION CONTACT:**

Regional Director, Alaska Regional Office, 240 West 5th Ave., Anchorage, AK 99501; phone (907) 644-3510; email: [AKR\\_Regulations@nps.gov](mailto:AKR_Regulations@nps.gov). Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

**SUPPLEMENTARY INFORMATION:**

**Background**

The Alaska National Interest Lands Conservation Act (ANILCA) allows harvest of wildlife in national preserves in Alaska for subsistence purposes by local rural residents under Federal regulations. ANILCA also allows harvest of wildlife for sport purposes by any individual under laws of the State of Alaska (referred to as the State) that do not conflict with federal laws. ANILCA requires the National Park Service (NPS) to manage national preserves consistent

with the NPS Organic Act of 1916, which directs the NPS “to conserve the scenery, natural and historic objects, and wild life in the System units and to provide for the enjoyment of the scenery, natural and historic objects, and wild life in such manner and by such means as will leave them unimpaired for the enjoyment of future generations.” 54 U.S.C. 100101(a).

On June 9, 2020, the NPS published a final rule (2020 Rule; 85 FR 35181) that removed restrictions on sport hunting and trapping in national preserves in Alaska that were implemented by the NPS in 2015 (2015 Rule; 80 FR 64325). These included restrictions on the following methods of taking wildlife that were and continue to be authorized by the State in certain locations: taking black bear cubs, and sows with cubs, with artificial light at den sites; harvesting bears over bait; taking wolves and coyotes (including pups) during the denning season (between May 1 and August 9); taking swimming caribou; taking caribou from motorboats under power; and using dogs to hunt black bears. The 2015 Rule prohibited other harvest practices that were and continue to be similarly prohibited by the State. These prohibitions were also removed by the 2020 Rule. The 2020 Rule also removed a statement in the 2015 Rule that State laws or management actions that seek to, or have the potential to, alter or manipulate natural predator populations or processes in order to increase harvest of ungulates by humans are not allowed in national preserves in Alaska. The NPS based the 2020 Rule in part on direction from the Department of the Interior (DOI) to expand recreational hunting opportunities and align hunting opportunities with those established by states. Secretarial Orders 3347 and 3356. The 2020 Rule also responded to direction from the
