

safe and sound, responsible, and equitable manner.²

For each Tech Sprint, FHFA intends to collect information from potential participants through a solicitation for expression of interest to participate in the Tech Sprint, as well as information collected during the Tech Sprint through the solutions to the problem statements presented. FHFA expects participation from market participants in the housing finance industry and other industries, including technology companies, mortgage companies, academics, industry groups, and other members of the public.

B. Burden Estimate

FHFA estimates that two Tech Sprints will be conducted each year over the next three years. The total annualized hour burden imposed upon respondents by this information collection will be 8,200 hours, based on the following calculations:

1. Tech Sprint Applications

FHFA estimates that the average number of individuals applying to participate in each Tech Sprint over the next three years will be 200, with one response per applicant. The estimated time to complete each application is half an hour. Therefore, the estimate for the total annual hour burden for all applications is 200 hours (200 applications × .5 hours per application × 2 Tech Sprints per year = 200 hours).

2. Tech Sprint Participation

FHFA estimates that each Tech Sprint will have an average of 80 participants. Each participant will spend an average of 50 hours participating in the Tech Sprint. Therefore, the estimate for the total annual hour burden for all Tech Sprint participants is 8,000 hours (80 participants × 50 hours per participant × 2 Tech Sprints per year = 8,000 hours).

C. Public Comments Request

In accordance with the requirements of 5 CFR 1320.8(d), FHFA published an initial notice and request for public comments regarding this information collection in the **Federal Register** on November 2, 2022.³ The 60-day

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by February 9, 2023.

FOR FURTHER INFORMATION CONTACT: William Parham at (410) 786–4669.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently approved collection; *Title of Information Collection:* Provider Network Coverage Data Collection; *Use:* The Patient Protection and Affordable Care Act (Pub. L. 111–148) was signed into law on March 23, 2010. On March 30, 2010, the Health Care and Education Reconciliation Act of 2010 (Pub. L. 111–152) was signed into law. The two laws are collectively referred to as the Affordable Care Act (ACA). The ACA established competitive private health insurance markets called Marketplaces, or Exchanges, which gave millions of Americans and small businesses access to affordable, quality insurance options that meet certain requirements. These requirements include ensuring sufficient choice of providers and providing information to enrollees and prospective enrollees on the availability of in-network and out-of-network providers.

In the final rule, the Patient Protection and Affordable Care Act; HHS Notice of Benefit and Payment Parameters for 2017 (CMS–9937–P), we finalized network adequacy standards for qualified health plan (QHP) issuers, including stand-alone dental plans (SADPs) mostly focused on issuers in QHPs in the Federally-facilitated Exchanges (FFE). This information collection notice is for two of the standards from the rule: one applying in the FFE and one applying to all QHPs. Specifically, under 45 CFR 156.230(d) and 156.230(e), we require notification
