SUPPLEMENTARY INFORMATION: The Postal Service is proposing to revise DMM subsection 508.1.8 by reorganizing and revising the subsections in 508.1.8. These changes are occurring, in part because the Postal Service has developed an electronic database to collect and manage the information collected on PS Form 1583, Application for Delivery of Mail Through Agent, which has been collected and maintained as paper records. Following are the proposed changes to subsection 508.1.8.

Current subsections 508.1.8.1 through 1.8.4 will be renumbered as subsections 508.1.8.2 through 1.8.5. New subsection 508.1.8.1 will define what type of business is considered a CMRA and therefore must comply with the requirements in this section. The definitions are based on the type of service the business entity receives from the Postal Service. If an entity receives U.S. Mail for multiple customers and receives single point mail delivery from the Postal Service, it is considered a CMRA for purposes of complying with these requirements. There will be three specifically defined entities that must register as a CMRA and comply with these requirements: a CMRA that provides private mail boxes and accepts delivery of mail on behalf of another; an office business center (OBC) that provides private office facilities for others and receives single-point mail delivery from the Postal Service; and a reshipping or redelivery service that accepts delivery of mail on behalf of another for the purpose of reshipping or redelivering that mail either physically or electronically.

Renumbered subsection 1.8.2, *Procedures*, will be revised to require a CMRA owner must apply to operate a CMRA by submitting a completed PS Form 1583–A, *Application to Act as a Commercial Mail Receiving Agency*, and

presenting acceptable, and not expired, form of Identification to the Post Office for review. If any of the information on PS Form 1583–A changes over time or becomes expired, the CMRA owner must submit an updated form to the Postal Service. The Postal Service will be scanning and uploading this form to the Postal Service's Facilities Database (FDB). The Postal Service will add a new item 1.8.2e to provide notice that CMRAs not in compliance with these regulations could be suspended and that CMRAs will have 30 days to come into compliance, and a new item 1.8.2f to affirmatively state that CMRAs and private mailboxes (PMBs) may not be used for criminal purposes.

Renumbered subsection 1.8.3, *Delivery to a CMRA*, will be revised to specify requirements related to PS Form 1583, *Application for Delivery of Mail Through Agent*, necessary with the implementation of the new CMRA Customer Registration Database. Item 1.8.3a will be revised to specify that a CMRA owner or manager will have to complete and submit a PS Form 1583 form themselves. Further, it will specify that spouses must each complete a separate PS Form 1583 if they both choose to receive mail at a single PMB address. The Postal Service is also specifying that the name and address information submitted on PS Form 1583 must match the photo and address verification documents provided with the application or the application will be rejected. Identification documents must be current (not expired). Any changes to the information on a PS Form 1583 will require the submission of a new PS Form 1583 and the CMRA owner must retain a copy of the identification documents submitted with the application. Item 1.8.3c will be revised to specify that CMRA owners or managers will be required to enter the data from PS Form 1583 and upload copies of the supporting documents into the Postal Service's electronic CMRA Customer Registration Database rather than provide paper copies to their local Post Office. Item 1.8.3h will be revised to specify that CMRA owners or managers must enter the date PMBs close into the CMRA Customer Registration Database and that any expired, illegible, or unclear documents are not acceptable and will not be considered in compliance. Item 1.8.3i will be revised to specify that CMRA owners or manager must certify the information they submitted in the CMRA Customer Registration Database is current each quarter, with certifications due 15 days after the end of each quarter. Item 1.8.3j will be
