[Investigation Nos. 731–TA–1186–1187
(Second Review)]

Stilbenic Optical Brightening Agents From China and Taiwan; Termination of Five-Year Reviews

AGENCY: United States International
Trade Commission.

ACTION: Notice.

The Commission instituted the subject five-year reviews on October 3, 2022 (87 FR 59827) to determine whether revocation of the antidumping duty orders on stilbenic optical brightening agents from China and Taiwan would be likely to lead to continuation or recurrence of material injury. On December 29, 2022, the Department of Commerce published notice that it was revoking the orders effective November 27, 2022, because no domestic interested party responded to the sunset review notice of initiation by the applicable deadline (87 FR 80162). Accordingly, the subject reviews are terminated.

DATES: November 27, 2022 (effective date of revocation of the orders).

Authority: These reviews are being terminated under authority of title VII of the Tariff Act of 1930 and pursuant to section 751(c) of the Tariff Act of 1930 (19 U.S.C. 1675(c)). This notice is published pursuant to § 207.69 of the Commission's rules (19 CFR 207.69).

Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of an expedited review pursuant to the Tariff Act of 1930 (“the Act”) to determine whether revocation of the antidumping duty order on light-walled rectangular pipe and tube from Taiwan would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

DATES: October 4, 2022.

Andres Andrade (202–205–2078), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On October 4, 2022, the Commission determined that the domestic interested party group response to its notice of institution (87 FR 39562, July 1, 2022) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.¹ Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of this review and rules of general application, consult the

Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of the review has been placed in the nonpublic record, and will be made available to persons on the Administrative Protective Order service list for this review on January 19, 2023. A public version will be issued thereafter, pursuant to § 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in § 207.62(d) of the Commission's rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before January 26, 2023 and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by January 26, 2023. However, should the Department of Commerce (“Commerce”) extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of §§ 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf, elaborates upon the Commission's procedures with respect to filings.

In accordance with §§ 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will

² The Commission has found the joint response submitted on behalf of Atlas Tube, Bull Moose Tube Company, California Steel and Tube, Maruichi American Corporation, Nucor Tubular Products Inc., and Searing Industries, Inc., domestic producers of light-walled rectangular pipe and tube, to be individually adequate. not accept a document for filing without a certificate of service.

Determination.—The Commission has determined this review is extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to § 207.62 of the Commission's rules.

By order of the Commission.

Issued: January 9, 2023.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on July 22, 2022. 87 FR 43895 (July 22, 2022). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain rotating 3-D LiDAR devices, components thereof, and sensing systems containing the same by reason of infringement of certain claims of U.S. Patent No. 7,969,558 and U.S. Patent No. 9,983,297. *Id.* The complaint further alleges that a domestic industry exists. *Id.* The Commission's notice of investigation named as respondents Ouster, Inc. of San Francisco, CA and Benchmark Electronics, Inc. of Tempe, AZ. *Id.* at 43896. The complainant is Velodyne Lidar USA, Inc. of San Jose, CA ("Velodyne"). *Id.* The Office of Unfair Import Investigations is participating in the investigation. *Id.*

On December 8, 2022, the ALJ issued the subject ID, which granted Velodyne's unopposed motion to terminate this investigation in its entirety based on its withdrawal of the complaint. The ALJ found that Velodyne's motion complied with the requirements of Commission Rule 210.21(a)(1) and that no extraordinary circumstances warranted denying the motion. No petitions for review of the ID were filed.

The Commission has determined not to review the subject ID.

The investigation is hereby terminated in its entirety.

The Commission vote for this determination took place on January 9, 2023.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in Part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.
