

requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the period of review. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties did occur and the subsequent assessment of doubled antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(h) and 777(i)(1) of the Act and 19 CFR 351.224(e).

Dated: January 10, 2023.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

BILLING CODE 3510-DS-P

CONSUMER PRODUCT SAFETY COMMISSION

Sunshine Act Meetings

TIME AND DATE: Wednesday, January 18, 2023—09:30 a.m.; and Wednesday, January 18, 2023—11:00 a.m. (See **MATTERS TO BE CONSIDERED** for each meeting).

PLACE: These meetings will be held remotely.

STATUS: Commission Meetings—Open to the Public.

MATTERS TO BE CONSIDERED:

Briefing Matters:

NPR: Safety Standard and Notification Requirements for Button Cell or Coin Batteries. All attendees should pre-register for the Commission meeting using the following link: <https://cpsc.webex.com/cpsc/onstage/g.php?MTID=e38e145c63710607cfd2304bdca14b25b> and

Supplemental NPR to Update 16 CFR part 1101. All attendees should pre-register for the Commission meeting using the following link: <https://cpsc.webex.com/cpsc/onstage/g.php?MTID=e164ef1d937c10571fc6773bcb98df5e3>.

After registering you will receive a confirmation email containing information about joining the meeting.

CONTACT PERSON FOR MORE INFORMATION: Alberta E. Mills, Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East-West Highway, Bethesda, MD 20814, 301-504-7479 (Office) or 240-863-8938 (Cell).

Dated: January 11, 2023.

Alberta E. Mills,

Commission Secretary.

DEPARTMENT OF DEFENSE

Department of the Air Force

Notice of Intent To Prepare an Environmental Impact Statement for T-7A Recapitalization at Laughlin Air Force Base, Texas

AGENCY: Department of the Air Force, Department of Defense.

ACTION: Notice of Intent.

SUMMARY: The Department of the Air Force (DAF) is issuing this Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) to assess the potential social, economic, and environmental impacts associated with T-7A Recapitalization at Laughlin Air Force Base (AFB), Texas. The EIS will analyze the potential impacts from introduction of T-7A aircraft and flight operations at Laughlin AFB and associated airspace; introduction of nighttime (between 10 p.m. and 7 a.m.) flight operations; changes to the number of personnel and dependents in the Laughlin AFB region; and construction and upgrade of operations, support, and maintenance facilities.

DATES: A public scoping period of 30 days will take place starting from the date of publication of this NOI in the **Federal Register**. Comments will be accepted at any time during the environmental impact analysis process;

however, to ensure DAF has sufficient time to consider public scoping comments during preparation of the Draft EIS, please submit comments within the 30-day scoping period. The Draft EIS is anticipated in late 2023. The Final EIS and a decision on which alternative to implement is expected in early 2024.

DAF invites the public, stakeholders, and other interested parties to attend a remote public scoping meeting from 5:30 p.m. to 8 p.m. on 8 February 2023. A link to the remote public scoping meeting and telephone call-in number will be provided on the project website (<https://laughlin.t-7anepadocuments.com/>) at least 15 days before the meeting. Participants of the remote public scoping meeting will be instructed on how they may provide comments.

ADDRESSES: For EIS inquiries or requests for printed or digital copies of scoping materials please contact Mr. Nolan Swick by phone: (210) 925-3392. The project website (<https://laughlin.t-7anepadocuments.com/>) provides additional information on the EIS and can be used to submit scoping comments. Scoping comments may also be submitted via email to nolan.swick@us.af.mil or via postal mail to Mr. Nolan Swick, AFCEC/CZN; Attn: Laughlin AFB T-7A Recapitalization EIS; Headquarters AETC Public Affairs; 100 H East Street, Suite 4; Randolph AFB, TX 78150. Please submit inquiries or requests for printed or digital copies of the scoping materials via the email or postal address above. For printed material requests, the standard U.S. Postal Service shipping timeline will apply. Please consider the environment before requesting printed material.

SUPPLEMENTARY INFORMATION: DAF intends to prepare an EIS that will evaluate the potential impacts from its proposal to recapitalize the T-38C Talon flight training program at Laughlin AFB with T-7A Red Hawk aircraft. The proposal supports the Secretary of the Air Force's strategic basing decisions to recapitalize existing T-38C pilot training installations, and Laughlin AFB would be the third installation to be environmentally analyzed for possible recapitalization. The purpose of this proposal is to continue the T-7A recapitalization program to prepare pilots to operate more technologically advanced modern aircraft. Recapitalization is needed because the current training practices with the older T-38C aircraft do not adequately prepare pilots for the technological advancements of fourth and fifth generation aircraft.

Recapitalization entails introduction of T-7A aircraft and flight operations at Laughlin AFB to replace all T-38C aircraft assigned to the installation; introduction of nighttime (between 10 p.m. and 7 a.m.) flight operations; changes to the number of personnel and dependents in the Laughlin AFB region; and construction and upgrade of support and maintenance facilities. DAF is considering three alternatives to the Proposed Action and the No Action Alternative. For Alternative 1, Laughlin AFB would receive 63 T-7A aircraft and perform sufficient operations for sustaining pilot training while simultaneously phasing out the T-38C aircraft and phasing in the T-7A aircraft. Alternative 2 also would result in 63 T-7A aircraft being delivered to Laughlin AFB; however, T-7A operations would be performed at an intensity approximately 25 percent greater than Alternative 1 to cover a potential scenario in which DAF requires a surge or increase in pilot training operations above the current plan. For Alternative 3, Laughlin AFB would receive 79 T-7A aircraft to cover a potential scenario in which another military installation is unable to accept delivery of all their T-7A aircraft and some of those aircraft need to be permanently reassigned to Laughlin AFB. T-7A operations for Alternative 3 would be performed at an intensity identical to Alternative 2. The No Action Alternative would not implement T-7A recapitalization at Laughlin AFB.

DAF anticipates potential for the following notable environmental impacts from the Proposed Action: 1. Increased air emissions, particularly nitrogen oxides. 2. Increased noise from aircraft operations because the T-7A is inherently louder than the T-38C and the addition of nighttime operations may be bothersome to some residents. Increased noise could have a disproportionate impact on certain populations and impact off-installation land use compatibility. 3. Increased potential for bird/wildlife aircraft strike hazards. The EIS will model air emissions, noise levels, and the number of sleep and school disturbance events and compare to current conditions. DAF will also consult with appropriate resource agencies and Native American tribes to determine the potential for significant impacts. Consultation will be incorporated into the preparation of the EIS and will include, but not be limited to, consultation under Section 7 of the Endangered Species Act and consultation under Section 106 of the National Historic Preservation Act.

Additional analysis will be provided in the Draft EIS.

Scoping and Agency Coordination: To effectively define the full range of issues to be evaluated in the EIS, DAF is soliciting comments from interested local, state, and federal elected officials and agencies, Tribes, as well as interested members of the public and others. Comments are requested on potential alternatives and impacts, and identification of any relevant information, studies, or analyses of any kind concerning impacts affecting the quality of the human environment. Concurrent with the publication of this NOI, public scoping notices will be announced locally.

In accordance with DAF guidance, in-person public scoping meetings will not be held. Public scoping is being accomplished virtually. A remote public scoping meeting will be held via the project website at <https://laughlin.t-7anepadocuments.com/>. The scheduled date, time, and access information for the remote public scoping meeting will also be published in local media a minimum of 15 days prior to the meeting. The project website provides the remote public scoping meeting posters, presentation, an informational brochure, other meeting materials, and the capability for the public to provide public scoping comments. Scoping materials are also available in print at the Val Verde County Library at 300 Spring Street, Del Rio, Texas.

DAF also welcomes comments under Section 106 of the National Historic Preservation Act (36 Code of Federal Regulations 800) regarding the identification of or effects on historic properties. If you have comments or would like to become a consulting party in the Section 106 process, please visit the project website or contact Mr. Nolan Swick, AFCEC/CZN at the address above.

Tommy W. Lee,

Acting Air Force Federal Register Liaison Officer.

BILLING CODE 5001-10-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2023-SCC-0013]

Agency Information Collection Activities; Comment Request; Presidential Cybersecurity Education Award

AGENCY: Office of Career, Technical, and Adult Education (OCTAE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before March 20, 2023.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2023-SCC-0013. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](http://www.regulations.gov) site is not available to the public for any reason, the Department will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Manager of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W203, Washington, DC 20202-8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Corinne Sauri, 202-245-6412.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be
