

#### D. Available Funds for 2023 Grants

A total of \$5 million is available for 2023 TIG awards. LSC will not designate fixed or estimated amounts for the three different funding categories and will make grant awards for the three categories within the total amount of funding available.

#### E. Grant Terms

Applicants to the Technology Initiative Grant (TIG) program may propose grant terms between 12 and 36 months for general category projects and between 12 and 18 months for technology improvement projects. For the new Adoption, Expansion, and Enhancement category, the grant term is set at 24 months. The grant term for all TIGs is expected to commence on November 1, 2023.

### III. Grant Application Process

#### A. Technology Initiative Grant Application Process

The Technology Initiative Grant (TIG) application process will be administered in LSC's unified grants management system, GrantEase. Applicants in the General TIG category must first submit a pre-application to LSC in GrantEase by March 10, 2023, at 11:59 p.m. ET, to be considered for a grant. After review by LSC staff, LSC's president decides which applicants will be asked to submit a full application. Applicants will be notified of approval to submit a full application by late-April 2023. Full applications are due to LSC in the GrantEase system on June 2, 2023, at 11:59 p.m. ET. Once received, full applications will undergo a rigorous review by LSC staff. LSC's president makes the final decisions on funding for the Technology Initiative Grant program.

As noted above, applicants applying for Technology Improvement Project funding or in the new Adoption, Expansion, and Enhancement category are not required to submit pre-applications. LSC will launch the online application system for these categories by April 10, 2023, and set a submission deadline of May 19, 2023, at 11:59 p.m. ET. LSC follows a similar review process for applications in these categories, which includes LSC staff conducting a rigorous review of all proposals and the LSC president making final funding decisions.

#### B. Late or Incomplete Applications

LSC may consider a request to submit a pre-application after the deadline, but only if the applicant has submitted an email to [techgrants@lsc.gov](mailto:techgrants@lsc.gov) explaining

the circumstances that caused the delay prior to the pre-application deadline. Communication with LSC staff, including assigned program liaisons, is not a substitute for sending a formal request and explanation to [techgrants@lsc.gov](mailto:techgrants@lsc.gov). At its discretion, LSC may consider incomplete applications. LSC will determine whether it will consider late or incomplete applications on a case-by-case basis.

#### C. Multiple Pre-Applications

Applicants may submit multiple pre-applications. If applying for multiple grants that require pre-applications, applicants should submit separate pre-applications for each funding request.

#### D. Additional Information and Guidelines

Additional guidance and instructions on the pre-application and application processes for Technology Initiative Grants will be available and regularly updated at <https://www.lsc.gov/grants/technology-initiative-grant-program>.
