## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-96724/January 23, 2023]

### Order Making Fiscal Year 2023 Annual Adjustments to Transaction Fee Rates

#### I. Background

Section 31 of the Securities Exchange Act of 1934 (“Exchange Act”) requires each national securities exchange and national securities association to pay transaction fees to the Commission.<sup>1</sup> Specifically, Section 31(b) requires each national securities exchange to pay to the Commission fees based on the aggregate dollar amount of sales of certain securities (“covered sales”) transacted on the exchange.<sup>2</sup> Section 31(c) requires each national securities association to pay to the Commission fees based on the aggregate dollar amount of covered sales transacted by or through any member of the association other than on an exchange.<sup>3</sup>

Section 31 of the Exchange Act requires the Commission to annually adjust the fee rates applicable under Sections 31(b) and (c) to a uniform adjusted rate.<sup>4</sup> Specifically, the Commission must adjust the fee rates to a uniform adjusted rate that is reasonably likely to produce aggregate fee collections (including assessments on security futures transactions) equal to the regular appropriation to the Commission for the applicable fiscal year.<sup>5</sup>

The Commission is required to publish notice of the new fee rates under Section 31 not later than 30 days after the date on which an Act making a regular appropriation for the applicable fiscal year is enacted.<sup>6</sup> On December 29, 2022, the President signed into law the Consolidated Appropriations Act, 2023, which includes total appropriations of \$2,209,770,000 to the SEC for fiscal year 2023.

#### II. Fiscal Year 2023 Annual Adjustment to the Fee Rate

The new fee rate is determined by (1) subtracting the sum of fees estimated to be collected prior to the effective date of the new fee rate<sup>7</sup> and estimated assessments on security futures transactions to be collected under Section 31(d) of the Exchange Act for all of fiscal year 2023<sup>8</sup> from an amount equal to the regular appropriation to the Commission for fiscal year 2023, and (2) dividing by the estimated aggregate dollar amount of covered sales for the remainder of the fiscal year following the effective date of the new fee rate.<sup>9</sup>

As noted above, the Consolidated Appropriations Act, 2023, includes total appropriations of \$2,209,770,000 to the Commission for fiscal year 2023.<sup>10</sup> The

“uniform adjusted rate that, when applied to the baseline estimate of the aggregate dollar amount of sales for such fiscal year, is reasonably likely to produce aggregate fee collections under [Section 31] (including assessments collected under [Section 31(d)]) that are equal to the regular appropriation to the Commission by Congress for such fiscal year.”)

<sup>6</sup> 15 U.S.C. 78ee(g).

<sup>7</sup> The sum of fees to be collected prior to the effective date of the new fee rate is determined by applying the current fee rate to the dollar amount of covered sales prior to the effective date of the new fee rate. The exchanges and FINRA have provided data on the dollar amount of covered sales through November, 2022. To calculate the dollar amount of covered sales from December, 2022 to the effective date of the new fee rate, the Commission is using the same methodology it used in fiscal year 2020. This methodology is described in Appendix A of this order.

<sup>8</sup> Currently, security futures do not trade on any market, therefore the Commission has not collected any assessments for transactions in security futures. Accordingly, the forecast for the assessments for all of fiscal year 2023 for single stock futures is zero.

<sup>9</sup> To estimate the aggregate dollar amount of covered sales for the remainder of fiscal year 2023 following the effective date of the new fee rate, the Commission is using the same methodology it used previously. This methodology is described in Appendix A of this order.

<sup>10</sup> The President signed into law the “Consolidated Appropriations Act, 2023” on December 29, 2022. This legislation included an appropriation of \$2,149,000,000 to the SEC for fiscal year 2023 operations. The Act further directed that “[i]n addition to the foregoing appropriation, for move, replication, and related costs associated with a replacement lease for the Commission’s District of Columbia headquarters facilities, not to exceed \$57,405,000, to remain available until expended; and for move, replication, and related

Commission estimates that it will collect \$1,601,107,658 in fees for the period prior to the effective date of the new fee rate and \$0 in assessments on round turn transactions in security futures products during all of fiscal year 2023. Using the methodology described in Appendix A, the Commission estimates that the aggregate dollar amount of covered sales for the remainder of fiscal year 2023 to be \$76,211,125,379,350.

The uniform adjusted rate is computed by dividing the residual fees to be collected of \$608,662,342 by the estimated aggregate dollar amount of covered sales for the remainder of fiscal year 2023 of \$76,211,125,379,350; this results in a uniform adjusted rate for fiscal year 2023 of \$8.00 per million.<sup>11</sup>

#### III. Effective Date of the Uniform Adjusted Rate

Under Section 31(j)(4)(A) of the Exchange Act, the fiscal year 2023 annual adjustments to the fee rates applicable under Sections 31(b) and (c) of the Exchange Act shall take effect on the later of October 1, 2022, or 60 days after the date on which a regular appropriation to the Commission for fiscal year 2023 is enacted.<sup>12</sup> The regular appropriation to the Commission for fiscal year 2023 was enacted on December 29, 2022, and accordingly, the new fee rates applicable under Sections 31(b) and (c) of the Exchange Act will take effect on February 27, 2023.

#### IV. Conclusion

Accordingly, pursuant to Section 31 of the Exchange Act,

*It is hereby ordered* that the fee rates applicable under Sections 31(b) and (c) of the Exchange Act shall be \$8.00 per \$1,000,000 effective on February 27, 2023.

By the Commission.

**J. Matthew DeLesDernier**,  
Deputy Secretary.

#### Appendix A

This appendix provides the methodology for determining the annual adjustment to the

costs associated with a replacement lease for the Commission’s San Francisco Regional Office facilities, not to exceed \$3,365,000, to remain available until expended.” The sum of these amounts is \$2,209,770,000. Finally, the Act further directed that “for purposes of calculating the fee rate under section 31(j) . . . all amounts appropriated under this heading shall be deemed to be the regular appropriation to the Commission for fiscal year 2023.”

<sup>11</sup> Appendix A shows the process of calculating the fiscal year 2023 annual adjustment and includes the data used by the Commission in making this adjustment.
