

provided. CART is text-only translation that occurs real time during the meeting and is not an exact transcript.

MATTERS TO BE CONSIDERED: Following welcome remarks and introductions, the Chairman, Executive Director and Executive Committee and will provide reports; followed by an internal administrative training for the Council; an update on open policy projects; a break; presentations, discussion and voting on policy projects for FY2024; and public comment on the FY2024 Progress Report, before adjourning.

Agenda: The times provided below are approximations for when each agenda item is anticipated to be discussed (all times Eastern Standard Time):

Thursday, February 16, 2023

12:00–12:10 p.m.—Welcome and Call to Order
 12:10–12:20 p.m.—Chairman’s Report
 12:20–12:30 p.m.—Executive Director’s Report
 12:30–12:45 p.m.—Executive Committee Report
 12:45–1:15 p.m.—Internal Administrative Training
 1:15–1:45 p.m.—Policy Subcommittee Updates
 1:45–1:55 p.m.—Break
 1:55–3:30 p.m.—Policy Project Proposals—Presentations, Discussion, Vote
 3:30–4:00 p.m.—Public Comment
 4:00 p.m.—Adjourn

Public Comment: Your participation during the public comment period provides an opportunity for us to hear from you—individuals, businesses, providers, educators, parents and advocates. Your comments are important in bringing to the Council’s attention issues and priorities of the disability community.

For the Feb. 16 Council meeting, NCD requests comments from the public regarding areas of priority focus for the Council’s Fiscal Year 2024 Progress Report, which is NCD’s statutorily required report to Congress about the status of people with disabilities in the U.S. The report for which NCD is requesting comment will be researched and written in Fiscal Year 2024 and released in October 2024.

Because of the virtual setting, there will be a hybrid option for submitting public comment. The Council is soliciting public comment by email or via video or audio over Zoom. Emailed public comment submissions will be reviewed during the meeting and delivered to members of the Council at its conclusion. You can also present public comment during the session by

clicking the “Hand Raise” button in Zoom and waiting to be called on. If you plan to present over Zoom, please provide advance notice. To provide comments or notice to present public comment, please send an email to PublicComment@ncd.gov with the subject line “Public Comment” and your name, organization, state, and topic of comment included in the body of your email. Submission should be received no later than Feb. 15, 5 p.m. EDT to ensure inclusion.

CONTACT PERSON FOR MORE INFORMATION: Nicholas Sabula, Public Affairs Specialist, NCD, 1331 F Street NW, Suite 850, Washington, DC 20004; 202–272–2004 (V), or nsabula@ncd.gov.

Accommodations: An ASL interpreter will be on-camera during the entire meeting, and CART has been arranged for this meeting and will be embedded into the Zoom platform as well as available via streamtext link. The web link to access CART (in English) is: <https://www.streamtext.net/player?event=NCD>.

If you require additional accommodations, please notify Netterie Lewis by sending an email to nlewis@ncd.gov as soon as possible.

Due to last-minute confirmations or cancellations, NCD may substitute items without advance public notice.

Dated: January 27, 2023.

Anne C. Sommers McIntosh,
Executive Director.

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Grantee Reporting Requirements for Prediction of and Resilience Against Extreme Events

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to renew this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting Office of Management and Budget (OMB) clearance of this collection for no longer than 3 years.

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the

Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

DATES: Written comments on this notice must be received by April 3, 2023 to be assured consideration. Comments received after that date will be considered to the extent practicable. Send comments to address below.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Suite E7400, Alexandria, Virginia 22314; telephone (703) 292–7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: Grantee Reporting Requirements for Prediction of and Resilience against Extreme Events (PREEVENTS).

OMB Number: 3145–0244.

Expiration Date of Approval: April 30, 2023.

Type of Request: Intent to seek approval to renew an information collection.

Proposed Project: NSF and the Directorate for Geosciences (GEO) have long supported basic research in scientific and engineering disciplines necessary to understand natural hazards and extreme events. The Prediction of and Resilience against Extreme Events (PREEVENTS) program is one element of the NSF-wide Risk and Resilience activity, which has the overarching goal of improving predictability and risk assessment, and increasing resilience, in order to reduce the impact of extreme events on our life, society, and economy. PREEVENTS provides an additional mechanism to support research and related activities that will improve our understanding of the fundamental processes underlying natural hazards and extreme events in the geosciences.

PREEVENTS is intended to encourage new scientific directions in the domains of natural hazards and extreme events. PREEVENTS will consider proposals for conferences that will foster development of interdisciplinary or multidisciplinary communities required to address complex questions surrounding natural hazards and extreme events. Such proposals are called PREEVENTS Track 1 proposals.

In addition to standard NSF annual and final report requirements, PIs for all PREEVENTS Track 1 awards will be required to submit to NSF a public report that summarizes the conference activities, attendance, and outcomes; describes scientific and/or technical challenges that remain to be overcome in the areas discussed during the conference; and identifies specific next steps to advance knowledge in the areas of natural hazards and extreme events that were considered during the conference. These reports will be made publicly available via the NSF website, and are intended to foster nascent interdisciplinary or multidisciplinary communities and to enable growth of new scientific directions.

Use of the Information: NSF will use the information to understand and evaluate the outcomes of the conference, to foster growth of new scientific communities, and to evaluate the progress of the PREEVENTS program.

Estimate of Burden: 40 hours per award for 5–10 conference awards for a total of 200–400 hours.

Respondents: Universities and Colleges; Non-profit, non-academic organizations; For-profit organizations; NSF-funded Federally Funded Research and Development Centers (FFRDCs).

Estimated Number of Responses per Report: One from each five to ten Track 1 awardees.

Dated: January 26, 2023.

Suzanne H. Plimpton,

Reports Clearance Officer, National Science Foundation.

BILLING CODE 7555-01-P

NUCLEAR REGULATORY COMMISSION

[EA-23-009; NRC-2023-0023]

In the Matter of Westinghouse Electric Company LLC; Order Suspending License To Export to the Republic of South Africa

AGENCY: Nuclear Regulatory Commission.

ACTION: Order; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing an Order to Westinghouse Electric Company LLC suspending NRC license XCOM1252, which authorizes the export of fuel assembly components to Sweden for fabrication of fuel assemblies and subsequent shipment of the completed fuel assemblies to the Republic of South Africa (RSA) for use in Koeberg Nuclear Power Station Units 1 and 2. The suspension is required because the license was issued, in part, based on assurances from the RSA that the components would be made subject to the terms of the Agreement for Cooperation in Peaceful Uses of Nuclear Energy (123 Agreement) between the United States (U.S.) and the Government of South Africa. However, the U.S.-RSA 123 Agreement expired on December 4, 2022, and therefore the assurances that supported issuance of the license are no longer valid.

DATES: The Order was issued on January 13, 2023.

ADDRESSES: Please refer to Docket ID NRC-2023-0023 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC-2023-0023. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301-415-0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to PDR.Resource@nrc.gov. The Order is available in ADAMS under Package Accession No. ML23012A121.

- *NRC's PDR:* You may examine and purchase copies of public documents, by appointment, at the NRC's PDR, Room P1 B35, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1-800-397-4209 or 301-415-4737, between 8:00 a.m. and 4:00 p.m.

Eastern Time (ET), Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Gary Langlie, Office of International Programs, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001; telephone: 301-287-9076, email: Gary.Langlie@nrc.gov.

SUPPLEMENTARY INFORMATION: The text of the Order is attached.

Dated: January 25, 2023.

For the Nuclear Regulatory Commission.

David L. Skeen,

Director, Office of International Programs.

United States

Nuclear Regulatory Commission

In the Matter of: Westinghouse Electric Company LLC, 1000 Westinghouse Drive, Cranberry Township, PA 16066, License No. XCOM1252, Docket No. 11006040, EA-23-009

Order Suspending License To Export to the Republic of South Africa (Effective Immediately)

I

Westinghouse Electric Company LLC (Westinghouse or "the licensee") holds a specific license (XCOM1252) issued by the U.S. Nuclear Regulatory Commission (NRC) pursuant to Sections 53 and 127 of the Atomic Energy Act of 1954, as amended (AEA) and 10 CFR part 110. This specific license authorizes the export of fuel assembly components to Sweden for fabrication of fuel assemblies and subsequent shipment of the completed fuel assemblies to the Republic of South Africa (RSA) for use in Koeberg Nuclear Power Station Units 1 and 2. The export to the RSA is authorized under the terms of an Agreement for Cooperation in Peaceful Uses of Nuclear Energy (123 Agreement) between the United States (U.S.) and the Government of South Africa. Although the original expiration date for XCOM1252 was December 31, 2020, the licensee submitted an application to renew and amend the license on November 19, 2020. Therefore, in accordance with 10 CFR 110.51(b)(2), XCOM1252 remains valid until the NRC acts on the pending application.

II

Export license XCOM1252 was issued with nonproliferation assurances from the RSA that the exported components would be placed under the terms and conditions of the U.S.-RSA 123 Agreement. Those assurances were used as the basis to meet the export licensing criteria in 10 CFR 110.42(b) for export of nuclear equipment other than a
