ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is requesting approval of the ACF Congressionally Directed Community Projects—Universal Project Description (CDCP–UPD). This new information collection is proposed to collect information from recipients of ACF Congressionally Directed funds. Congressional Directive is an authorization act or appropriations act that requires ACF to make an award(s) to a named recipient(s) for a particular program, project, activity, or geographic area(s).

DATES: Comments due within 30 days of publication. OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the

Federal Register. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. You can also obtain copies of the proposed collection of information by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: CDCP recipients are identified annually by Congress through Appropriations for ACF. The CDCP–UPD will provide standard language and sections available for use by ACF program offices to solicit the required project description and project budget information from recipients of CDCP projects. Applications are required for CDCP as prescribed by HHS regulations 45 CFR 75.203. In addition to the information required by regulation, the CDCP–UPD will provide a selection of text options for the program offices to communicate the application

requirements to the recipients, as required by 45 CFR 75.203.

The CDCP–UPD gathers information regarding the CDCP recipients’ identified outcomes, project activities, timeline, organizational capacity, and budget and budget justification. The CDCP–UPD ensures sufficient information is obtained to assess risk, identify needs for technical assistance and monitoring, and address other requirements of Congress, ACF, the Department of Health and Human Services, the Office of Management and Budget, and funding and statutory regulation.

Respondents: The CDCP recipients are identified annually for funding under a Congressional Directive. In Fiscal Year 2022, there were 39 CDCP recipients identified for ACF funding. It is estimated that 200 CDCP recipients will be identified annually in future ACF appropriations.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, The Administration for Community Living (ACL) has submitted the following proposed collection of information to OMB for review and clearance. ACL is requesting approval to collect data for the State Councils on Developmental Disabilities (Councils) OMB control number 0985-0033.

The State Councils on Developmental Disabilities (Councils) are authorized by Subtitle B, of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (DD Act), as amended, [42 U.S.C. 15001 *et seq.*] (The DD Act). The DD Act requires them to submit an annual Program Performance Report. Section 125(c)(7) 42 U.S.C. 15025 states that: *Beginning in fiscal year 2002, the Council shall annually prepare and transmit to the Secretary a report. Each report shall be in a form prescribed by the Secretary by regulation under section 104(b). Each report shall contain information about the progress made by the Council in achieving the goals of the Council as specified in section 124(c)(4).*

This is a revision of a currently approved information collection. While the DDC PPR remains the same and is consistent with performance measures previously approved in the State Plan template, the revisions include items for collecting information from Councils on their use of CDC funds to expand vaccine access and Public Health Workforce funds (PHWF) to strengthen the public health workforce.

The information collected from the DD Councils is used for multiple purposes:

(1) To develop and submit at least every two years a report to the President, Congress, and the National Council on Disability that describes the goals and outcomes of programs supported under the DD Act.

(2) As a tool for DD Councils to measure and report on progress in reaching goals and identify areas for which revisions are indicated;

(3) To enhance the Federal project officers' monitoring of DD Council
