In this rulemaking, the Department proposes to amend the existing rule for CIG–16 in order to exempt portions of this system of records from certain provisions of the Privacy Act because of national security and law enforcement requirements; to avoid interference during the conduct of criminal, civil, or administrative actions or investigations; and to protect the identity of confidential sources incident to Federal employment, military service, contract, and security clearance determinations.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the Privacy Act of 1974, the Office of Inspector General (OIG) modified and reissued a system of records titled, “Defense Case Activity Tracking System (D–CATS),” CIG–16, on May 31, 2022 (87 FR 32391). The system of records was retitled, “Inspector General Administrative Investigation Records (IGAIR).” IGAIR is

critical to the DoD OIG’s management and oversight of DoD programs and activities and is used for managing cases, storing information, responding to requests for information, and fulfilling mandatory reporting requirements. This system contains records of DoD OIG mission activities such as: the identification, referral, and investigation of DoD Hotline complaints; administrative investigations of both military and civilian senior officials accused of misconduct; oversight and investigation of whistleblower reprisal cases against Service members, DoD contractor employees, and DoD civilian employees (appropriated and non-appropriated fund); and improper command referrals of Service member mental health evaluations.

The system consists of both electronic and paper records and will be used by the OIG to maintain records about individuals who are subject and/or associated with a matter involved in DoD OIG’s oversight of investigations referenced above.

II. Privacy Act Exemption

The Privacy Act allows Federal agencies to exempt eligible records in a system of records from certain provisions of the Act, including those that provide individuals with a right to request access to and amendment of their own records. If an agency intends to exempt a particular system of records, it must first go through the rulemaking process pursuant to 5 U.S.C. 553(b)(1)–(3), (c), and (e). This proposed rule explains why an exemption is being claimed for this system of records and invites public comment, which DoD will consider before the issuance of a final rule implementing the exemption.

The DoD OIG previously published a final rule exempting CIG–16 from certain provisions of the Privacy Act under 5 U.S.C. 552a(k)(2) and (5) on June 10, 1992 (57 FR 24547). The OATSD(PCLT) now proposes to modify 32 CFR part 310 to update the existing Privacy Act exemption rule for CIG–16 to change the system name and to exempt portions of this system of records from certain provisions of the Privacy Act because information in this system of records may also fall within the scope of the following Privacy Act exemptions: 5 U.S.C. 552a(j)(2) and (k)(1). As referenced in the CIG–16 system of records notice published on May 31, 2022 (87 FR 32391), this rulemaking seeks public comment on (1) the previously claimed exemption under 5 U.S.C. 552a(j)(2) for which a rulemaking was not completed and (2) on the addition of an exemption under
