II. Discussion

On November 28, 2022, ETI submitted an application to the NRC for a license to export radioactive waste. ETI states that it has entered into commercial agreements with the Barakah Nuclear Power Plant in the UAE to provide dissolvable protective clothing and related products. Following their use, contaminated dissolvable protective clothing and other related items will be transported to ETI for dissolving and decontamination at the ETI facility

located in Ashford, Alabama, which is licensed by the state of Alabama. ETI seeks a specific license from the NRC to export residual radioactive waste to the generator in UAE. Resultant contaminants to be exported will include cobalt-60 (Co-60), cobalt-58 (Co-58), and manganese-54 (Mn-54) in the form of solid particulate metal oxides, not to exceed 0.0037 TBq. ETI requests an expiration date of December 31, 2028.

In accordance with section 110.70 paragraph (b) of title 10 of the *Code of Federal Regulations* (10 CFR), the NRC is providing notice of the receipt of the application; providing the opportunity to submit written comments concerning the application; and providing the opportunity to request a hearing or petition for leave to intervene, for a period of 30 days after publication of this notice in the **Federal Register**.

A hearing request or petition for leave to intervene must include the information specified in 10 CFR 110.82(b). Any request for hearing or petition for leave to intervene shall be served by the requestor or petitioner in accordance with 10 CFR 110.89(a), either by delivery, by mail, or filed with the NRC electronically in accordance with the NRC's E-Filing rule (72 FR 49139; August 28, 2007, as amended at 77 FR 46562; August 3, 2012). Detailed guidance on electronic submissions is located in the "Guidance for Electronic Submissions to the NRC" (ADAMS Accession No. ML13031A056) and on the NRC's public website at <https://www.nrc.gov/site-help/e-submittals.html>.

To comply with the procedural requirements of E-Filing, at least 10 days prior to the filing deadline, the participant should contact the Office of

the Secretary by email at Hearing.Docket@nrc.gov, or by telephone at 301-415-1677, to (1) request a digital identification (ID) certificate, which allows the participant (or its counsel or representative) to digitally sign submissions and access the E-Filing system for any proceeding in which it is participating; and (2) advise the Secretary that the participant will be submitting a petition or other adjudicatory document (even in instances in which the participant, or its counsel or representative, already holds an NRC issued digital ID certificate). Based upon this information, the Secretary will establish an electronic docket for the hearing in this proceeding if the Secretary has not already established an electronic docket.
