

FINDING OF NO SIGNIFICANT IMPACT—Continued

Environmental Impact of Proposed Action	The NRC staff has determined that the proposed action, the review and approval of Yankee Atomic Electric Company's updated DFPs, submitted in accordance with 10 CFR 72.30(c), will not authorize changes to licensed operations or maintenance activities, or result in changes in the types, characteristics, or quantities of radiological or non-radiological effluents released into the environment from the ISFSI, or result in the creation of solid waste. Moreover, the approval of the updated DFPs will not authorize any construction activity, facility modification, or other land-disturbing activity. The NRC staff has concluded that the proposed action is a procedural and administrative action that will not have a significant impact on the environment.
Finding of No Significant Impact	The proposed action does not require changes to the ISFSI's licensed routine operations, maintenance activities, or monitoring programs, nor does it require new construction or land-disturbing activities. The scope of the proposed action concerns only the NRC's review and approval of Yankee Atomic Electric Company's DFPs. The scope of the proposed action does not include, and will not result in, the review and approval of decontamination or decommissioning activities or license termination for the ISFSI or for other parts of the Yankee Rowe. Therefore, the NRC staff determined that approval of the updated DFPs for the Yankee Rowe ISFSI will not significantly affect the quality of the human environment, and accordingly, the staff has concluded that a FONSI is appropriate. The NRC staff further finds that preparation of an environmental impact statement is not required.

NUCLEAR REGULATORY COMMISSION

[NRC-2023-0001]

Sunshine Act Meetings

TIME AND DATE: Weeks of February 6, 13, 20, 27, March 6, 13, 2023. The schedule for Commission meetings is subject to change on short notice. The NRC Commission Meeting Schedule can be found on the internet at: [https://](https://www.nrc.gov/public-involve/public-meetings/schedule.html)

www.nrc.gov/public-involve/public-meetings/schedule.html.

PLACE: The NRC provides reasonable accommodation to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in these public meetings or need this meeting notice or the transcript or other information from the public meetings in another format (e.g., braille, large print), please notify Anne Silk, NRC Disability Program Specialist, at 301-287-0745, by videophone at

240-428-3217, or by email at Anne.Silk@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis.

STATUS: Public and closed.

Members of the public may request to receive the information in these notices electronically. If you would like to be added to the distribution, please contact the Nuclear Regulatory Commission, Office of the Secretary, Washington, DC 20555, at 301-415-1969, or by email at Wendy.Moore@nrc.gov or Tyesha.Bush@nrc.gov.

MATTERS TO BE CONSIDERED:

Week of February 6, 2023

Tuesday, February 7, 2023

10:00 a.m. Briefing on Security Issues
(Closed Ex. 1)

Thursday, February 9, 2023

9:00 a.m. Advanced Reactor Licensing
Under 10 CFR parts 50 and 52
(Public Meeting) (Contact: Omid
Tabatabai: 301-415-6616)

Additional Information: The meeting will be held in the Commissioners' Conference Room, 11555 Rockville Pike, Rockville, Maryland. The public is invited to attend the Commission's meeting in person or watch live via webcast at the Web address—<https://video.nrc.gov/>.

Week of February 13, 2023—Tentative

There are no meetings scheduled for the week of February 13, 2023.

Week of February 20, 2023—Tentative

There are no meetings scheduled for the week of February 20, 2023.

Week of February 27, 2023—Tentative

There are no meetings scheduled for the week of February 27, 2023.

Week of March 6, 2023—Tentative

There are no meetings scheduled for the week of March 6, 2023.

Week of March 13, 2023—Tentative

There are no meetings scheduled for the week of March 13, 2023.

CONTACT PERSON FOR MORE INFORMATION:

For more information or to verify the status of meetings, contact Wesley Held at 301-287-3591 or via email at Wesley.Held@nrc.gov.

The NRC is holding the meetings under the authority of the Government in the Sunshine Act, 5 U.S.C. 552b.

Dated: February 1, 2023.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 70-7027; NRC-2022-0209]

TRISO-X, LLC; TRISO-X Special Nuclear Material License

AGENCY: Nuclear Regulatory Commission.

ACTION: License application; opportunity to request a hearing and to petition for leave to intervene; order imposing procedures.

SUMMARY: The United States Nuclear Regulatory Commission (NRC) received a license application, by letters dated April 5, 2022, and September 23, 2022, from TRISO-X, LLC to possess and use special nuclear material for the manufacture of high-assay low-enriched uranium fuel at a fuel fabrication facility, to be located in Roane County, Tennessee. TRISO-X, LLC seeks a special nuclear material license for a term of 40 years to manufacture fuel, consisting of coated uranium particles enriched to less than 20 weight percent uranium-235 (Uranium-235) for use in advanced commercial reactors. Because the license application contains Sensitive Unclassified Non-Safeguards Information and Safeguards Information, an order imposes procedures to obtain access to this type of information for contention preparation.

DATES: A request for a hearing or petition for leave to intervene must be filed by April 4, 2023. Any potential party as defined in section 2.4 of title 10 of the *Code of Federal Regulations* (10 CFR) who believes access to Sensitive Unclassified Non-Safeguards Information and Safeguards Information (SUNSI) or Safeguards Information (SGI) is necessary to respond to this notice must request document access by February 13, 2023.

ADDRESSES: Please refer to Docket ID NRC-2022-0209 when contacting the NRC about the availability of information regarding this action. You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for NRC-2022-0209. Address questions about Docket IDs in *Regulations.gov* to Stacy Schumann; telephone: 301-415-0624; email: Stacy.Schumann@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System*

(ADAMS): You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to PDR.Resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document. In addition, for the convenience of the reader, instructions about obtaining materials referenced in this document are provided in the "Availability of Documents" section.

- *NRC's PDR:* You may examine and purchase copies of public documents, by appointment, at the NRC's PDR, Room P1 B35, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1-800-397-4209 or 301-415-4737, between 8 a.m. and 4 p.m. Eastern Time (ET), Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Matthew Bartlett, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone: 301-415-7154, email: Matthew.Bartlett@nrc.gov.

I. Introduction

TRISO-X, LLC (TRISO-X), a wholly owned subsidiary of X-Energy, LLC, notified the NRC via letter dated August 9, 2018 (ADAMS Accession No. ML18226A091) of its plans to submit an application for a specific license under 10 CFR part 70, "Domestic Licensing of Special Nuclear Material," to possess and use special nuclear material for processing and fuel fabrication at a facility to be located in Oakridge, Tennessee. Prior to submission of the application, TRISO-X submitted an exemption request via letter dated February 4, 2022 (ML22039A050). The requested exemption sought relief from the requirements in 10 CFR 51.60(a), "Environmental report—materials licenses" and 10 CFR 70.21(f), "Filing" to allow TRISO-X to submit the safety and safeguards analysis report (SAR) in advance of the environmental report (ER). The NRC staff approved the exemption request via letter dated March 17, 2022 (ML22055A560).

TRISO-X submitted the SAR on April 5, 2022 (ML22101A200) and supplemented the submittal via letters
