

generally geographically “dispersed” from the service areas of the Affiliate Regulated Carriers in regard to their respective service offerings, and states that there is virtually no overlap in the service areas and/or customer bases among the Affiliate Regulated Carriers and Local Motion. (*Id.*)

Van Pool states that the proposed transaction will increase fixed charges in the form of interest expenses because funds will be borrowed to assist in financing the transaction; however, Van Pool maintains that the increase will not impact the provision of transportation services to the public. (*Id.* at 11.) Van Pool also asserts that it does not expect the transaction to have substantial impacts on employees or labor conditions, and it does not anticipate a measurable reduction in force or changes in compensation levels or benefits at Local Motion. (*Id.*) Van Pool submits, however, that staffing redundancies could result in limited downsizing of back-office and/or managerial-level personnel. (*Id.*)

Based on Van Pool’s representations, the Board finds that the acquisition as proposed in the application is consistent with the public interest and should be tentatively approved and authorized. If any opposing comments are timely filed, these findings will be deemed vacated, and, unless a final decision can be made on the record as developed, a procedural schedule will be adopted to reconsider the application. See 49 CFR 1182.6. If no opposing comments are filed by expiration of the comment period, this notice will take effect automatically and will be the final Board action in this proceeding.

This action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Board decisions and notices are available at www.stb.gov.

It is ordered:

1. The proposed transaction is approved and authorized, subject to the filing of opposing comments.

2. If opposing comments are timely filed, the findings made in this notice will be deemed vacated.

3. This notice will be effective March 28, 2023, unless opposing comments are filed by March 27, 2023. If any comments are filed, Applicant may file a reply by April 11, 2023.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Conforming and Technical Amendments: China’s Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation

AGENCY: Office of the United States Trade Representative (USTR).

ACTION: Notice.

SUMMARY: This notice makes one conforming amendment and one technical amendment to the reinstated exclusions in the Section 301 investigation of China’s Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation.

DATES: The conforming amendment announced in Annex I to this notice applies as of January 1, 2023. The technical amendment announced in Annex II to this notice is retroactive to the date of publication of the original exclusion.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Associate General Counsel Philip Butler or Assistant General

Counsel Rachel Hasandras at (202) 395–5725. For specific questions on customs classification or implementation of the product exclusions identified in the Annex to this notice, contact traderemedycbp.dhs.gov.

SUPPLEMENTARY INFORMATION:

A. Background

The U.S. Trade Representative has taken actions under Section 301 of the Trade Act of 1974, as amended, in the form of additional duties on products of China in the investigation of China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation. The China 301 actions are set out in notes to the Harmonized Tariff Schedule of the United States (HTSUS). *See, e.g.*, 87 FR 26797 (Section A—summarizing the trade actions and modifications). The U.S. Trade Representative modified these actions by issuing product specific exclusions. Certain exclusions were extended in 2019 and 2020, but most exclusions expired at the end of 2020. In March 2022, USTR reinstated certain previously extended exclusions. These reinstated exclusions were recently extended through September 30, 2023. *See* 87 FR 78187 (December 21, 2022).

B. Conforming Amendment

Effective January 1, 2023, the United States International Trade Commission, in cooperation with the interagency Committee for Statistical Annotation of Tariff Schedules, implemented certain changes in ten-digit statistical reporting categories of the HTSUS and in Schedule B under section 484(f) of the Tariff Act of 1930, 19 U.S.C. 1484(f). One of the reinstated product exclusions set out at 87 FR 17380 (March 28, 2022), is based on one of the amended statistical reporting categories. To maintain the pre-existing product coverage of the China 301 actions, a conforming amendment to the corresponding note provision in the HTSUS is required.

Annex I to this notice makes a conforming amendment to U.S. note 20 subdivision (tt)(iv)(42), as set out in the Annex to the notice published at 87 FR 17380 (March 28, 2022) in the above-titled investigation under Section 301.

C. Technical Amendment

Annex II to this notice makes a technical amendment to U.S. note subdivisions 20(qq)(20), 20(iii)(50) and 20(tt)(iii)(36) to subchapter III of chapter 99 of the HTSUS, as set out in the Annexes of the notices published at 85 FR 6674 (February 5, 2020), 85 FR 48600 (August 11, 2020), and 87 FR 17380 (March 28, 2022), to correct the

description of the articles covered by one of the reinstated exclusions.

Like all exclusions under this Section 301 investigation, the amendments in this notice apply to entries of goods that are not liquidated or to entries that are liquidated, but not final. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

Annex I
