General Description of Collection: Section 1828(o) of the Federal Deposit Insurance Act requires each federal banking agency to adopt uniform regulations prescribing real estate lending standards. Part 365 of the FDIC Rules and Regulations, which implements section 1828(o), requires institutions to have real estate lending policies that include (a) limits and standards consistent with safe and sound banking practices; (b) prudent underwriting standards, including loan-to-value ratio (LTV) limits that are clear and measurable; (c) loan administration

policies; (d) documentation, approval and reporting requirements; and (e) a requirement for annual review and approval by the board of directors. The rule also establishes supervisory LTV limits and other underwriting considerations in the form of guidelines. Since banks generally have written policies on real estate lending, the additional burden imposed by this regulation is limited to modifications to existing policies necessary to bring those policies into compliance with the regulation and the development of a system to report loans in excess of the

guidelines to the board of directors. There is no change in the substance or methodology of this information collection. The change in burden is due to a decrease in the number of respondents.

2. *Title:* Foreign Banking and Investment by Insured State Nonmember Banks.

General Description of Collection: The Federal Deposit Insurance (FDI) Act requires state nonmember banks to obtain FDIC consent to establish or operate a foreign branch, or to acquire and hold, directly or indirectly, stock or other evidence of ownership in any foreign bank or other entity. The FDI Act also authorizes the FDIC to impose conditions for such consent and to issue regulations related thereto. This

collection is a direct consequence of those statutory requirements. There is no change in the substance or methodology of this information collection. The change in burden is due to a decline in the number of FDIC-supervised institutions that operate foreign branches and one fewer estimated respondent to IC 6.

3. *Title:* Treatment by the FDIC as Conservator or Receiver of Financial

General Description of Collection: Part 360.6 of the FDIC's regulations sets forth certain conditions that must be satisfied for a securitization transaction sponsored by an insured depository institution to be eligible for special treatment in the event that the FDIC is appointed receiver for the sponsor. Among other conditions, the securitization documents must require compliance with certain disclosure requirements (including the requirements of Regulation AB of the Securities and Exchange Commission). Conditions of eligibility for special treatment for participations in financial assets under part 360.6 are also set forth.

Based upon a closer review of the Rule, the FDIC has re-categorized the information collection requirements in 12 CFR part 360.6 into five distinct information collections (ICs) covering: (1) periodic disclosures of credit performance or changes to initial compensation arrangements under 12 CFR 360.6(b)(2)(i)(C) and (D); (2) disclosures of initial compensation arrangements and securitization structure under 12 CFR 360.6(b)(2)(i)(B) and (D); (3) sponsors' disclosures of loan-level information and third-party due diligence reports for RMBSs under 12 CFR 360.6(b)(2)(ii)(A) and (B); (4) servicers' disclosures of servicer or affiliate ownership interests for securitizations in which the assets include residential mortgage loans under 12 CFR 360.6(b)(2)(ii)(C); and (5) a recordkeeping requirement that the closing documents of a securitization be maintained in a readily accessible form under 12 CFR 360.6(c)(7). The burden associated with these five categories are enumerated in the estimated burden

table which now identifies the regulatory authorities for each IC.

While there is no change in the substance of the information collection, the ICR is being revised to reflect the re-categorization of the PRA requirements in 12 CFR part 360.6 into five distinct ICs. The additional IC was added to this ICR to recognize the periodic credit performance disclosure requirement.

Request for Comment: Comments are invited on: (a) Whether the collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
