

one-time, web-based, confidential survey. The survey, the HRBS, has been routinely fielded roughly every three years since 1980 and is DoD's flagship self-report survey on the health and health behaviors of service members. Sample members will receive an initial survey invitation via postal mail as well as via email. Over the course of 12 weeks, respondents will receive one follow up postal letter and up to five reminder emails. These reminders are only sent to those sample members who have not yet completed the survey or opted out of notifications. The survey, which is web-based and can be taken on a desktop, laptop, or mobile device (e.g., smartphone, tablet), should take approximately 20 minutes to complete. Each respondent receives a unique identification code which will allow him/her to take the survey at a specified website. Once a respondent is finished, he/she submits the survey electronically. The survey will be administered by Westat, RAND's survey vendor. Westat will maintain and clean the responses and provide RAND with a final dataset. We expect roughly 22,100 completed surveys.
