AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the receipt of an application from G3 enterprises (applicant) for an incidental take permit (ITP) under the Endangered Species Act (ESA). The applicant requests an ITP to take the San Joaquin kit fox, the Central Valley distinct population segment of the California tiger salamander, the California red-legged frog, and the vernal pool fairy shrimp, incidental to the construction of the Byron Sand Mine Evo East Quarry Expansion Project in Contra Costa County, California. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and on the Service's preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations, the Department of the Interior's (DOI) NEPA regulations, and the DOI Departmental Manual. To make this preliminary determination, we prepared a draft environmental action statement and low-effect screening form,

both of which are also available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies. Before issuing the requested permit, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before March 27, 2023.

The applicant requests the ITP to take the federally listed as endangered San Joaquin kit fox (*Vulpes macrotis mutica*; kit fox), the threatened Central Valley distinct population segment (DPS) of the California tiger salamander (*Ambystoma californiense*), the threatened California red-legged frog (*Rana draytonii*), and the threatened vernal pool fairy shrimp

(*Branchinecta lynchi*), incidental to the construction of the Byron Sand Mine Evo East Quarry Expansion Project in Contra Costa County, California.

We request public comment on the application, which includes the applicant's habitat conservation plan (HCP), and on the Service's preliminary determination that this proposed ITP qualifies as "low effect," and may qualify for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (40 CFR 1501.4), the Department of the Interior's (DOI) NEPA regulations (43 CFR 46), and the DOI's Departmental Manual (516 DM 8.5(C)(2)). Background

Section 9 of the ESA (16 U.S.C. 1531-1544 *et seq.*) and Federal regulations (50 CFR part 17) prohibit the taking of fish and wildlife species listed as endangered or threatened under section 4 of the ESA. Under section 10(a)(1)(B) of the ESA (16 U.S.C. 1539(a)(1)(B)), we may issue permits to authorize take of listed fish and wildlife species that is incidental to, and not the purpose of, carrying out an otherwise lawful activity. Regulations governing permits for endangered and threatened species are at 50 CFR 17.22 and 17.32. For more about the Federal habitat conservation plan (HCP) program, go to <https://www.fws.gov/service/habitat-conservation-plans>.

Proposed Project

For the proposed project, the Service would issue an ITP to the applicant for a period of 20 years for certain covered activities (described below). The applicant has requested an ITP for four covered species.

Habitat Conservation Plan Area

The geographic scope of the draft HCP encompasses an 80-acre (ac) parcel, which encompasses both a 20-ac mine expansion area and a 60-ac mitigation area and is adjacent to the project site. The Evo East Expansion Project consists of a total disturbed area of 20 ac, which includes an estimated 15-ac mine expansion area and an estimated 5-ac overburden storage area where topsoil from the quarry will be stored for later use in reclamation. The proposed expansion and overburden areas are directly adjacent to the existing Evo East Quarry. The project would expand the approved Evo East footprint to the
