Extension of Import Restrictions on Archaeological and Ethnological Materials of Libya

AGENCY: U.S. Customs and Border Protection, Department of Homeland Security; Department of the Treasury.

ACTION: Final rule.

SUMMARY: This document amends the U.S. Customs and Border Protection (CBP) regulations to reflect an extension of import restrictions on certain categories of archaeological and ethnological materials of Libya. The Assistant Secretary for Educational and Cultural Affairs, United States Department of State, has made the requisite determinations for extending the import restrictions and no cause for suspension exists. The restrictions, originally imposed by CBP Decision (CBP Dec.) 18-07, will be extended for an additional five-year period, through February 23, 2028, and the CBP regulations are being amended to reflect this extension. The Designated List of archaeological and ethnological material of Libya to which the restrictions apply is reproduced below with a statement clarifying that ethnological material on the Designated List excludes Jewish ceremonial and ritual objects.

DATES: Effective on February 23, 2023.

SUPPLEMENTARY INFORMATION:

Background

Under the Convention on Cultural Property Implementation Act (Pub. L.

97-446, 19 U.S.C. 2601 *et seq.*) (CPIA), which implements the 1970 United Nations Educational, Scientific and Cultural Organization (UNESCO) Convention on the Means of Prohibiting and Preventing the Illicit Import, Export and Transfer of Ownership of Cultural Property (823 U.N.T.S. 231 (1972)) (Convention), the United States may enter into international agreements with another State Party to the Convention to impose import restrictions on eligible archaeological and ethnological materials. Under the CPIA and the applicable U.S. Customs and Border Protection (CBP) regulations, found in section 12.104 of Title 19 of the Code of Federal Regulations (19 CFR 12.104), the restrictions are effective for no more than five years beginning on the date on which an agreement enters into force with respect to the United States (19 U.S.C. 2602(b)). This period may be extended for additional periods, each extension not to exceed five years, if it is determined that the factors justifying the initial agreement still pertain and no cause for suspension of the agreement exists (19 U.S.C. 2602(e); 19 CFR 12.104g(a)). In certain limited circumstances, the CPIA authorizes the imposition of restrictions on an emergency basis (19 U.S.C. 2603). The emergency restrictions are effective for no more than five years from the date of the State Party's request and may be extended for three years where it is determined that the emergency condition continues to apply with respect to the covered material (19 U.S.C. 2603(c)(3)). These restrictions may also be continued pursuant to an agreement concluded within the meaning of the Act (19 U.S.C. 2603(c)(4)).

On December 5, 2017, CBP published a final rule, CBP Dec. 17-19 (82 FR 57346), amending 19 CFR 12.104g(b) to reflect the imposition of emergency restrictions on the importation of certain categories of archaeological and ethnological materials of Libya, pursuant to 19 U.S.C. 2603(c). On February 23, 2018, the United States entered into a memorandum of understanding (2018 MOU) with the Government of Libya (Libya), concerning the imposition of import restrictions on archaeological and ethnological material of Libya. The 2018 MOU covered the same archaeological and ethnological materials subject to the emergency restrictions.

On July 9, 2018, CBP published a final rule, CBP Dec. 18-07, in the **Federal Register** (83 FR 31654) amending 19 CFR 12.104g(a) to reflect the imposition of restrictions pursuant to the 2018 MOU. CBP Dec. 18-07 extended the

import restrictions implemented in 19 CFR 12.104g(b) by CBP Dec. 17-19 for a five-year period, through February 23, 2023.

On June 21, 2022, the United States Department of State proposed in the **Federal Register** (87 FR 36911) to extend the MOU between the United States and Libya concerning the import restrictions on certain categories of archaeological and ethnological material from Libya. On December 14, 2022, after considering the views and recommendations of the Cultural Property Advisory Committee, the Assistant Secretary for Educational and Cultural Affairs, United States Department of State, determined that the cultural heritage of Libya continues to be in jeopardy from pillage of certain archeological and ethnological materials, and that the import restrictions should be extended for an additional five years, pursuant to 19 U.S.C. 2602(e). Following the exchange of diplomatic notes, the United States Department of State and the Ministry of Foreign Affairs of the Government of Libya have agreed to extend the 2018 MOU for an additional five-year period.

Accordingly, CBP is amending 19 CFR 12.104g(a) to reflect the extension of the import restrictions through February 23, 2028, and is adding a statement to the Designated List clarifying that Jewish ceremonial and ritual objects are not covered by import restrictions on ethnological material. Importation of designated material from Libya continues to be restricted through that date unless the conditions set forth in 19 U.S.C. 2606 and 19 CFR 12.104c are met.

The Designated List and additional information may also be found at the following website address: <https://eca.state.gov/cultural-heritage-center/cultural-property/current-agreements-and-import-restrictions> by selecting the material for "Libya." The designated list is included below with the addition of the clarifying statement on Jewish ceremonial and ritual objects.

Designated List

The bilateral agreement between Libya and the United States covers the material set forth below in a Designated List of Archaeological and Ethnological Material of Libya. Importation of material on this list is restricted unless the material is accompanied by documentation certifying that the material left Libya legally and not in violation of the export laws of Libya. In order to clarify certain provisions of the Designated List contained CBP Dec. 18-07, the Designated List has been updated in this document with minor

revisions clarifying that Jewish ceremonial and ritual objects are not covered by import restrictions on ethnological material.

The Designated List covers archaeological material of Libya and Ottoman ethnological material of Libya (as defined in section 302 of the Convention on Cultural Property Implementation Act (19 U.S.C. 2601)), including, but not limited to, the following types of material. The archaeological material represents the following periods and cultures: Paleolithic, Neolithic, Punic, Greek, Roman, Byzantine, Islamic and Ottoman dating approximately 12,000 B.C. to 1750 A.D. The ethnological material represents categories of Ottoman objects derived from sites of Islamic cultural importance, made by a nonindustrial society (Ottoman Libya), and important to the knowledge of the history of Islamic Ottoman society in Libya from 1551 A.D. through 1911 A.D. This would exclude Jewish ceremonial and ritual objects.

The Designated List set forth below is representative only. Any dimensions are approximate.

SUPPLEMENTARY INFORMATION:

Background

On December 14, 2022, the Department of the Treasury (“Treasury Department”) and the IRS published a notice of proposed rulemaking (REG-113839-22) in the **Federal Register** (87 FR 76430) under sections 1502 and 7805(a) of the Code (the “proposed regulations”). No comments were received from the public in response to the notice of proposed rulemaking. No public hearing was requested or held. This Treasury Decision adopts the proposed regulations as final regulations without modification.

Applicability Date

The final regulations apply to taxable years for which the original consolidated return is due (without extensions) after February 23, 2023. See section 1503(a).

Special Analyses

I. Regulatory Planning and Review—Economic Analysis

These final regulations are not subject to review under section 6(b) of Executive Order 12866 pursuant to the Memorandum of Agreement (April 11, 2018) between the Treasury Department and the Office of Management and Budget regarding review of tax regulations.

II. Regulatory Flexibility Act

Pursuant to the Regulatory Flexibility Act (5 U.S.C. chapter 6), it is hereby certified that these final regulations will not have a significant economic impact on a substantial number of small entities. This certification is based on the fact that these final regulations apply only to corporations that file consolidated Federal income tax returns, and that such corporations almost exclusively consist of larger businesses. Specifically, based on data available to the IRS, corporations that file consolidated Federal income tax returns represent only approximately two percent of all filers of Forms 1120 (U.S. Corporation Income Tax Return). However, these consolidated Federal income tax returns account for approximately 95 percent of the aggregate amount of receipts provided on all Forms 1120. Therefore, these final regulations would not create additional obligations for, or impose an economic impact on, small entities. Accordingly, the Secretary certifies that the final regulations will not have a significant economic impact on a substantial number of small entities.

III. Section 7805(f)

Pursuant to section 7805(f), the proposed regulations (REG-113839-22) preceding these final regulations were submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on its impact on small business, and no comments were received.

IV. Unfunded Mandates Reform Act

Section 202 of the Unfunded Mandates Reform Act of 1995 requires that agencies assess anticipated costs and benefits and take certain other actions before issuing a final rule that includes any Federal mandate that may result in expenditures in any one year

by a state, local, or tribal government, in the aggregate, or by the private sector, of \$100 million in 1995 dollars, updated annually for inflation. These final regulations do not include any Federal mandate that may result in expenditures by state, local, or tribal governments, or by the private sector in excess of that threshold.

V. Executive Order 13132: Federalism

Executive Order 13132 (entitled “Federalism”) prohibits an agency from publishing any rule that has federalism implications if the rule either imposes substantial, direct compliance costs on state and local governments, and is not required by statute, or preempts state law, unless the agency meets the consultation and funding requirements of section 6 of the Executive order. These final regulations do not have federalism implications and do not impose substantial direct compliance costs on state and local governments or preempt state law within the meaning of the Executive order.

Drafting Information

The principal authors of these regulations are Joshua P. Roffenbender, Office of Associate Chief Counsel (International), and Jeremy Aron-Dine and Gregory J. Galvin, Office of Associate Chief Counsel (Corporate). However, other personnel from the IRS and the Treasury Department participated in their development.
