

section may require work from a temporary trestle, or an embankment, built out from the shoreline using existing beach material. It is anticipated that all of the stone for groin construction would be hauled in by trucks from the quarry site. Once the structure is in place, beach fill material would be placed southward of the terminal groin to construct the north end beach fill and groin fillet. The groin fillet would consist of a tapered fill section extending 2,000 feet southwest from the groin along the seaward margin of the +6-ft berm. Initial construction of the fillet and a projected four-year maintenance nourishment event would require ~310,000 cy of beach fill. Based on a four-year nourishment cycle, an estimated volume of ~2.35 million cubic yards of beach fill would be required over a total 30-year period.

2. *Scoping Process.* A local Public Notice was issued on March 15, 2021, announcing an initial scoping meeting (a Facebook Live event) and included a 30-day commenting period that ended on April 14, 2021. The scoping meeting was held on March 25, 2021, and all received comments were evaluated and considered in the preparation of the Draft EIS.

Additionally, the USACE will reinitiate consultation with the U.S. Fish and Wildlife Service under the Endangered Species Act and the Fish and Wildlife Coordination Act; with the National Marine Fisheries Service under the Magnuson-Stevens Fishery Conservation and Management Act and the Endangered Species Act; and with the North Carolina State Historic Preservation Office under the National Historic Preservation Act. Additionally, the USACE will coordinate the proposed project with the North Carolina Division of Water Quality (NCDWQ) to assess the potential water quality impacts pursuant to Section 401 of the Clean Water Act, and with the North Carolina Division of Coastal Management (NCCDM) to determine the projects consistency with the Coastal Zone Management Act. The USACE will closely work with NCCDM and NCDWQ in the development of the EIS to ensure the process complies with all State Environmental Policy Act (SEPA) requirements. It is the intention of both the USACE and the State of North Carolina to consolidate the NEPA and any required SEPA processes thereby eliminating duplication.

3. *Alternatives.* Several alternatives, including various borrow areas, are being considered for the proposed project. The following alternatives have determined to be reasonable options for the Town's proposal and each will be

evaluated in the EIS: (1) No Action (Continuation of existing USACE-authorized Beach and Inlet Management), (2) Abandon and Retreat (No use of existing USACE-authorized Beach and Inlet Management and/or other USACE permitting actions), (3) Beach Nourishment Only, (4) Beach Nourishment and Terminal Groin (No use of existing USACE-authorized Beach and Inlet Management), and (5) Beach Nourishment, Terminal Groin, and Use of existing USACE-authorized Inlet Management.

4. *Availability of the Draft EIS.* The Draft EIS is expected to be published and circulated the summer of 2023; and a public hearing will be held after the publication of the Draft EIS.

Daniel H. Hibner,

Brigadier General, U.S. Army, Commanding.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a new information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before April 28, 2023.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2023-SCC-0037. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, the Department will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted after the comment period will not be accepted. Written requests for

information or comments submitted by postal mail or delivery should be addressed to the Manager of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W203, Washington, DC 20202-8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, (202) 377-4018.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Prison Education Program Application.

OMB Control Number: 1845-NEW.

Type of Review: New ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 600.

Total Estimated Number of Annual Burden Hours: 6,000.

Abstract: The U.S. Department of Education in 2021, proposed rules for the Prison Education Program (PEP) to allow eligible institution to work together with correctional facilities to offer postsecondary educational programs to confined or incarcerated individuals who may be eligible to receive Pell Grant funds. On October 28, 2022, the Final Rule was published

including the requirements for PEP. PEP is authorized under section 484(t) of the Higher Education Act of 1965, as amended (HEA) with the requirements for participation outlined in 34 CFR 668, Subpart P, effective July 1, 2023. These are new regulatory requirements that are required for a school to offer a PEP to confined or incarcerated individuals. This is a request for a new information collection to collect on the proposed form the information needed for institutions to apply to participate in PEP.

Dated: February 21, 2023.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
