

additional Indian country NUSA in the case of states with Indian country within their borders) for allocation to certain units that would not otherwise receive allowance allocations. The procedures for identifying the eligible units for each control period and for allocating allowances from the NUSAs and Indian country NUSAs to these units are set forth in the CSAPR trading program regulations at 40 CFR 97.411(b) and 97.412 (NO_x Annual), 97.511(b) and 97.512 (NO_x Ozone Season Group 1), 97.611(b) and 97.612 (SO₂ Group 1), 97.711(b) and 97.712 (SO₂ Group 2), 97.811(b) and 97.812 (NO_x Ozone Season Group 2), and 97.1011(b) and 97.1012 (NO_x Ozone Season Group 3). Each NUSA allowance allocation process involves allocations to eligible units, termed “new” units, followed by the allocation to “existing” units of any allowances not allocated to new units.

This notice concerns preliminary calculations for the NUSA allowance allocations for the 2022 control periods. Generally, the allocation procedures call for each eligible “new” unit to receive a 2022 NUSA allocation equal to its 2022 control period emissions as reported under 40 CFR part 75 unless the total of such allocations to all such eligible units would exceed the amount of allowances in the NUSA, in which case the allocations are reduced on a pro-rata basis. (EPA notes that, under 40 CFR 97.406(c)(3), 97.506(c)(3), 97.606(c)(3), 97.706(c)(3), 97.806(c)(3), and 97.1006(c)(3), a unit’s emissions occurring before its monitor certification deadline are not considered to have occurred during a control period and consequently are not included in the emission amounts used to determine NUSA allocations.) Any allowances not allocated to eligible “new” units are allocated to the state’s “existing” units in proportion to such existing units’ previous allocations from the portion of the respective state’s emissions budget for the control period that was not reserved in a NUSA (or Indian country NUSA).

The detailed unit-by-unit data and preliminary allowance allocation calculations for “new” units are set forth in Excel spreadsheets titled “CSAPR_NUSA_2022_NO_x_Annual_Prelim_Data_New_Units”, “CSAPR_NUSA_2022_NO_x_OS_Prelim_Data_New_Units”, and “CSAPR_NUSA_2022_SO₂_Prelim_Data_New_Units”, available on EPA’s website at <https://www.epa.gov/csapr/csapr-allowance-allocations#nusa>. Each of the spreadsheets contains a separate worksheet for each state covered by that program showing, for each unit identified as eligible for a NUSA

allocation, (1) the unit’s emissions in the 2022 control period (annual or ozone season as applicable), (2) the maximum 2022 NUSA allowance allocation for which the unit is eligible (typically the unit’s emissions in the 2022 control period), (3) various adjustments to the unit’s maximum allocation if the NUSA pool is oversubscribed, and (4) the preliminary calculation of the unit’s 2022 NUSA allowance allocation.

Each state worksheet for “new” units also contains a summary showing (1) the quantity of allowances initially available in that state’s 2022 NUSA, (2) the sum of the 2022 NUSA allowance allocations that will be made to new units in that state, assuming there are no corrections to the data, and (3) the quantity of allowances that would remain in the 2022 NUSA for allocation to existing units, again assuming there are no corrections to the data.

The preliminary calculations of allocations of the remaining unallocated allowances to “existing” units are set forth in Excel spreadsheets titled “CSAPR_NUSA_2022_NO_x_Annual_Prelim_Data_Existing_Units”, “CSAPR_NUSA_2022_NO_x_OS_Prelim_Data_Existing_Units”, and “CSAPR_NUSA_2022_SO₂_Prelim_Data_Existing_Units”, available at the same location.

Objections should be strictly limited to the data and calculations upon which the NUSA allowance allocations are based and should be emailed to the address identified in **ADDRESSES**. Objections must include: (1) precise identification of the specific data and/or calculations the commenter believes are inaccurate, (2) new proposed data and/or calculations upon which the commenter believes EPA should rely instead to determine allowance allocations, and (3) the reasons why EPA should rely on the commenter’s proposed data and/or calculations and not the data referenced in this notice.

EPA notes that an allocation or lack of allocation of allowances to a given unit does not constitute a determination that CSAPR does or does not apply to the unit. EPA also notes that, under 40 CFR 97.411(c), 97.511(c), 97.611(c), 97.711(c), 97.811(c), and 97.1011(c), allocations are subject to potential correction if a unit to which allowances have been allocated for a given control period is not actually an affected unit as of the start of that control period.

(Authority: 40 CFR 97.411(b), 97.511(b), 97.611(b), 97.711(b), 97.811(b), and 97.1011(b).)

Rona Birnbaum,

Director, Clean Air Markets Division, Office of Atmospheric Programs, Office of Air and Radiation.

ENVIRONMENTAL PROTECTION AGENCY

[CERCLA–01–2023–0031; FRL–10685–01–R1]

Proposed CERCLA Administrative Settlement Agreement and Order on Consent: City of Salem, Mansell Field Site, Salem, Massachusetts

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement; request for public comments.

SUMMARY: Notice is hereby given that EPA has entered into a proposed settlement, embodied in an Administrative Settlement Agreement and Order on Consent, with the Settling Party, City of Salem, with respect to the Mansell Field Site, located in Salem, Essex County, Massachusetts. The settlement, which involves a mixed work and funding agreement with Salem, includes a proposed compromise of up to \$1.841 million in direct and indirect EPA costs associated with EPA’s contribution to the implementation of a removal action at the Site, to which this notice applies. The settlement also resolves Salem’s liability for work performed and future response costs. Under the settlement, Salem will perform part of the removal action, in coordination with EPA, and as set forth in the September 8, 2022 Action Memorandum for the Site.

DATES: Comments must be submitted by March 29, 2023.

ADDRESSES: Comments should be addressed to Michelle Lauterback, Senior Enforcement Counsel, U.S. Environmental Protection Agency, 5 Post Office Square, Suite 100 (ORC 04–4), Boston, MA 02109–3912, telephone number (617) 918–1774, email address: Lauterback.michelle@epa.gov and should reference the Mansell Field Site, U.S. EPA Docket No: CERCLA 01–2023–0031.

FOR FURTHER INFORMATION CONTACT: A copy of the proposed settlement may be obtained from Stacy Greendlinger, Superfund and Emergency Management Division, U.S. Environmental Protection Agency, Region I, 5 Post Office Square,

Suite 100 (02-2), Boston, MA 02109-3912, telephone number: (617) 918-1403, email address: grendl@epa.gov.

SUPPLEMENTARY INFORMATION: Notice of this proposed settlement agreement is made in accordance with section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), 42 U.S.C. 9622(i). This administrative settlement agreement is made in accordance with sections 104, 106, 107(a), and 122 of CERCLA, and includes a compromise of EPA response costs, under CERCLA sections 107(a) and the authority of the Attorney General of the United States to compromise and settle claims of the United States with the Settling Party, City of Salem, concerning the Mansell Field Site. The proposed settlement, which involves a mixed work and funding agreement with the Settling Party, includes a compromise of up to \$1.841 million in direct and indirect EPA costs associated with EPA's contribution to the implementation of a removal action at the Site. The settlement agreement includes a covenant not to sue pursuant to sections 106 (for the work) and 107(a) (for future response costs and EPA costs to perform the work up to the amount of \$1.841 million) of CERCLA, 42 U.S.C. 9606 and 9607(a), relating to the Site, and protection from contribution actions or claims as provided by sections 113(f)(2) and 1229h(4) of CERCLA. Pursuant to the terms of the proposed settlement, EPA has reserved its right to recover any costs incurred to perform the removal action that are above the amount of \$1.841 million, as well as EPA's past costs. The settlement has been approved by the Environmental and Natural Resources Division of the United States Department of Justice.

For 30 days following the date of publication of this notice, the Agency will receive written comments relating solely to the cost compromise component of the settlement under CERCLA section 107(a) (the compromise of up to \$1.841 million in direct and indirect EPA costs associated with EPA's contribution to the implementation of a removal action at the Site). Section XIV (Payment of Response Costs) of the settlement agreement will become effective when EPA notifies Salem that the public comment period has closed and that such comments, if any, do not require that EPA modify or withdraw from consent to section XIV (Payment of Response Costs) of this agreement. The United States will consider all comments received and may seek to

modify or withdraw consent from the cost compromise contained in the proposed settlement if comments received disclose facts or considerations which indicate that the cost compromise contained in the settlement is inappropriate, improper, or inadequate. The Agency's response to any comments received will be available for public inspection at the Environmental Protection Agency—Region I, 5 Post Office Square, Suite 100, Boston, MA 02109-3912.

Meghan Cassidy,

Deputy Director, Superfund and Emergency Management Division.

EXPORT-IMPORT BANK

Sunshine Act Meetings

Notice of Open Meeting of the Sub-Saharan Africa Advisory Committee of the Export-Import Bank of the United States (EXIM)

TIME AND DATE: Thursday, March 23rd, 2023 from 2:00pm-3:30 p.m. ET.

PLACE: The meeting will be held virtually.

STATUS: Public Participation: The meeting will be open to public participation and time will be allotted for questions or comments submitted online. Members of the public may also file written statements before or after the meeting to external@exim.gov. Interested parties may register for the meeting at: <https://events.teams.microsoft.com/event/c2e2631d-2807-40d1-ab1f-7bd067f41d4a@b953013c-c791-4d32-996f-518390854527>.

MATTERS TO BE CONSIDERED: Discussion of EXIM policies and programs designed to support the expansion of financing support for U.S. manufactured goods and services in Sub-Saharan Africa.

CONTACT PERSON FOR MORE INFORMATION: For further information, contact India Walker, External Engagement Specialist at 202-480-0062.

Joyce B. Stone,

Assistant Corporate Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day-23-1310]

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled "Public Health Laboratory Testing for Emerging Antibiotic Resistance and Fungal Threats" to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public Comment and Recommendations" notice on October 11, 2022 to obtain comments from the public and affected agencies. CDC received one comment related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget
