The licensee states that after the approval of the Original Plan, agencies found that erosion in areas not adjacent to human occupation is natural, and so denied authorization to perform shoreline stabilization on some sites. The licensee completed stabilization for sites 10, 13-19, 21-26, 33, and 1D; and cancelled stabilization for sites 11, 20, 27-32, 34-36, 2D, 3D, and 25D.

The licensee will fund the continuation of the Adjoining Landowner Stabilization Program (ALSP) using the balance of \$1.75 million, minus the costs of completing stabilization of site 12. This money may be expended on ALSP sites without

restriction to timing. These funds will cover design, permitting, construction, and construction management costs of ALSP sites that are implemented by the licensee. There will be no restrictions on ALSP projects in terms of estimated cost or length or any other such restriction. The licensee will continue to perform ALSP work until the balance of the \$1.75 million is expended. Thereafter, the licensee's obligation to fund the ALSP expires.
