Federal Register

Vol. 88, No. 39

Tuesday, February 28, 2023

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture will submit the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13 on or after the date of publication of this notice. Comments are requested regarding: (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding these information collections are best assured of having their full effect if received by March 30, 2023. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to

the collection of information unless it displays a currently valid OMB control number.

National Agricultural Statistics Service

Title: NASS Data Security Requirements for Accessing Confidential Data.

OMB Control Number: 0535–NEW.

Summary of Collection: Title III of the Foundations for Evidence-Based Policymaking Act of 2018 (hereafter referred to as the Evidence Act) mandates that OMB establish a Standard Application Process (SAP) for requesting access to certain confidential data assets. Specifically, the Evidence Act requires OMB to establish a common application process through which agencies, the Congressional Budget Office, State, local, and Tribal governments, researchers, and other individuals, as appropriate, may apply for access to confidential data assets collected, accessed, or acquired by a statistical agency or unit. This new process will be implemented while maintaining stringent controls to protect confidentiality and privacy, as required by law.

Need and Use of the Information: Data collected, accessed, or acquired by statistical agencies and units is vital for developing evidence on conditions, characteristics, and behaviors of the public and on the operations and outcomes of public programs and policies. Access to confidential data on businesses, households, and individuals from federal statistical agencies and units enables agencies, the Congressional Budget Office, State, local, and Tribal governments, researchers, and other individuals to contribute evidence-based information to research and policy questions on economic, social, and environmental issues of national, regional, and local importance. This evidence can benefit the stakeholders in the programs, the broader public, as well as policymakers and program managers at the local, State, Tribal, and National levels.

Description of Respondents: Individuals or Households.

Number of Respondents: 200.

Frequency of Responses: Reporting; Annually.

Total Burden Hours: 484.

Departmental Information Collection Clearance Officer.

SUPPLEMENTARY INFORMATION:

Title: Voluntary Destruction of Imported Meat, Poultry, and Egg Products.

OMB Number: 0583–0182.

Expiration Date of Approval: June 30, 2023.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18 and 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), and the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat and poultry products are safe, wholesome, and properly labeled and packaged.

Imported meat, poultry, and egg products that do not comply with U.S. requirements are not allowed to enter U.S. commerce and are identified as “U.S. Refused Entry” product. Inspection Program Personnel (IPP) are required to verify that U.S. refused entry product is stored and segregated from other product at an official import inspection establishment until final disposition occurs, or permission to move the shipment is granted by a FSIS Office of Field Operations (OFO) District Office (DO).

The regulations at 9 CFR 327.13, 381.202, 557.13, and 590.945 provide different options for the disposition of U.S. Refused entry product, including: (1) Exportation (return) of the product to the originating country or to a third country, if permitted; (2) destruction of the product for human food purposes; (3) denaturing the product so it cannot be used for human food; (4) conversion of the product to animal food if permitted and approved by the Food

and Drug Administration (FDA), and that permission is communicated to the FSIS DO; and (5) rectification if the reason for refusal has been corrected.

FSIS is requesting renewal of the information collection to document the Importer/Broker/Agent decision to voluntarily destroy product for human food purposes. This information collection is applicable only to destruction witnessed by FSIS IPP. FSIS IPP uses the information during the observation of the product destruction to verify that the product being destroyed is the same product that was refused entry and that the product is controlled by the import establishment until destruction is completed.

The Importer/Broker/Agent completes FSIS Form 9840–4, Voluntary Destruction of Imported Meat (Including Siluriformes), Poultry, and Egg Product, for product that will be destroyed under FSIS supervision. The form is maintained in the FSIS case file. IPP also enter information into the Public Health Information System (PHIS), based on the information provided on the form.

FSIS has made the following estimates based upon an information collection assessment:

Estimate of Burden: FSIS estimates that it will take respondents an average of 5 minutes per response.

Respondents: Importers/Brokers/Agents.

Estimated Total Number of Respondents: 151.

Estimated Annual Number of Responses per Respondent: 1,416.

Estimated Total Annual Burden on Respondents: 17,818 hours. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and Inspection Service, USDA, 1400 Independence Avenue SW, Mailstop 3758, South Building, Washington, DC 20250–3700; (202) 205–0495.

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of FSIS’ functions, including whether the information will have practical utility; (b) the accuracy of FSIS’ estimate of the burden of the proposed collection of information, including the validity of the method and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information, including through the use of appropriate

automated, electronic, mechanical, or other technological collection techniques, or other forms of information technology. Comments may be sent to both FSIS, at the addresses provided above, and the Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20253.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, FSIS will announce this **Federal Register** publication on-line through the FSIS web page located at: <https://www.fsis.usda.gov/federal-register>.

FSIS will also announce and provide a link to this **Federal Register** publication through the FSIS *Constituent Update*, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to our constituents and stakeholders. The *Constituent Update* is available on the FSIS web page. Through the web page, FSIS can provide information to a much broader, more diverse audience. In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at: <https://www.fsis.usda.gov/subscribe>. Options range from recalls to export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves and have the option to password protect their accounts.

USDA Non-Discrimination Statement

In accordance with Federal civil rights law and USDA civil rights regulations and policies, USDA, its Mission Areas, agencies, staff offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Program information may be made available in languages other than

English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language) should contact the responsible Mission Area, agency, or staff office; the USDA TARGET Center at (202) 720-2600 (voice and TTY); or the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a complainant should complete a Form AD-3027, *USDA Program Discrimination Complaint Form*, which can be obtained online at <https://www.ocio.usda.gov/document/ad-3027>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

(1) *Mail*: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410;

(2) *Fax*: (833) 256-1665 or (202) 690-7442; or

(3) *Email*: program.intake@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Sanitation SOPs and Pathogen Reduction/HACCP.

OMB Number: 0583-0103.

Expiration Date of Approval: June 30, 2023.

Type of Request: Renewal of an approved information collection.

Abstract: FSIS has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53) as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), and the Poultry Products Inspection Act (PPIA)

(21 U.S.C. 451, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat and poultry products are safe, wholesome, and properly labeled and packaged.

FSIS is announcing its intention to request renewal of the approved information collection regarding Sanitation Standard Operating Procedures (Sanitation SOPs), pathogen reduction, and Hazard Analysis and Critical Control Point (HACCP) systems requirements. There are no changes to the existing information collection. The approval for this information collection will expire on June 30, 2023.

FSIS regulations require that establishments: develop, implement, and revise, as needed, written Sanitation SOPs (9 CFR part 416); (2) conduct regular microbial testing to verify the adequacy of process controls for the prevention and removal of fecal contamination and associated bacteria (9 CFR 9 CFR 310.18, 310.25(a), or 381.65 (f) and (g)); and (3) develop and implement a system of preventive controls designed to improve the safety of their products, known as HACCP, and maintain necessary records to support the system (9 CFR part 417).

Establishments may have programs that are prerequisite to HACCP that are designed to provide the basic environmental and operating conditions necessary for the production of safe, wholesome food. Because of its prerequisite programs, an establishment may decide that a food safety hazard is not reasonably likely to occur in its operations. The establishment would need to document this determination in its hazard analysis and include the procedures it employs to ensure that the program is working and that the hazard is not likely to occur (9 CFR 417.5(a)(1)).

FSIS has made the estimates below based upon an information collection assessment related to documentation requirements discussed above.

Estimate of Burden: FSIS estimates that it will take respondents an average of 1,157 hours each year to comply with the information request associated with this collection.

Respondents: Meat and poultry establishments.

Estimated Number of Respondents: 6,087.

Estimated Total Annual Burden on Respondents: 7,045,303 hours. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record. Copies of this information collection assessment can be obtained from Gina Kouba, Office of Policy and Program Development, Food Safety and
