

all persons that manufacture, distribute, dispense, conduct research with, import, or export any controlled substance to obtain a registration issued by the Attorney General. DEA would be revising the proposed information

collection instruments as statutorily mandated by the Consolidated Appropriations Act, 2023, as Public Law 117–328. DEA would be adding questions to ensure that the applicable registrants have completed the new

training requirements set forth in the Consolidated Appropriations Act, 2023.
 5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:*

	Number of annual respondents	Average time per response	Total annual hours
DEA–224	146,285	0.33 hours (20 minutes)	48,762
DEA–224a	524,196	0.17 hours (10 minutes)	87,366
Total	670,481	136,128

* Based on three-year average, 2020–2022. Practitioners are registered for a three-year cycle and the number of registrants is not equally distributed between years. The growth rate in the number of practitioners is low enough where the actual numbers for this period would not be materially different from the number expected for the next several years.

6. *An estimate of the total public burden (in hours) associated with the proposed collection:* DEA estimates that this collection takes 136,128 annual burden hours.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Office of the Pardon Attorney, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of the Information Collection

1. *Type of Information Collection:* New Collection.
2. *The Title of the Form/Collection:* Application for Certificate of Pardon for Simple Marijuana Offense.
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* There is no agency form number for this

collection. The applicable component within the Department of Justice is the Office of the Pardon Attorney.

Affected public who will be asked or required to respond, as well as a brief abstract:

The President issued a Proclamation on Granting Pardon for the Offense of Simple Possession Marijuana (Proclamation) on October 6, 2022. In that proclamation, he directed the Attorney General, acting through the Pardon Attorney, to develop procedures to “administer and effectuate the issuance of certificates of pardon to eligible applicants . . . as soon as reasonably practicable.” The Proclamation specifically commands the Pardon Attorney to “develop and announce application procedures.”

Accordingly, the Pardon Attorney has developed the subject form to collect information from potential pardon recipients. The application asks applicants to confirm that the petitioner is U.S. citizen or lawful permanent resident who was lawfully in the country at the time the marijuana offense occurred; the alien registration or citizenship number of a lawful permanent resident or naturalized citizen applicant; information regarding the specific court in which the applicant was charged or convicted and the date of said conviction, if any; information regarding the applicant’s race, gender, and ethnicity; identifying information regarding the applicant’s date and place of birth; and documentation of the applicant’s charge or convictions.

Abstract: The information collected from the Certificate Application will primarily be used to determine whether the applicant qualifies for pardon under the terms of the Proclamation. The information may also be used to provide statistical analysis of the demographics of pardon recipients and applicants.

4. *An estimate of the total number of respondents and the amount of time*

estimated for an average respondent to respond: Although the number of persons who may qualify for pardon under the terms of this Proclamation is currently unknowable, the Office of the Pardon Attorney estimate that a potential pool of at least 20,000 applicants may apply. The application for the certificate is simple, and will not take long to complete, between 10 and 30 minutes. The applicants must also provide proof of their prior convictions or charges, which we estimate would take anywhere between 10 minutes to two hours of effort, including research, phone calls, and conversations with necessary personnel to attain the appropriate documentation. Therefore, the Pardon Attorney estimates that it would take approximately 20 minutes, but likely no longer than 2.5 hours per individual to provide the information necessary for the collection.

5. *An estimate of the total public burden (in hours) associated with the collection:* Considering the above projected figures, the low-end estimate would be $20,000 \times 20$ minutes = 400,000 minutes, or approximately 6,667 hours of total burden on the public. The high-end estimate is $20,000 \times 2.5$ hours = 50,000 hours of total burden on the public.
