

estimated for an average respondent to respond: Although the number of persons who may qualify for pardon under the terms of this Proclamation is currently unknowable, the Office of the Pardon Attorney estimate that a potential pool of at least 20,000 applicants may apply. The application for the certificate is simple, and will not take long to complete, between 10 and 30 minutes. The applicants must also provide proof of their prior convictions or charges, which we estimate would take anywhere between 10 minutes to two hours of effort, including research, phone calls, and conversations with necessary personnel to attain the appropriate documentation. Therefore, the Pardon Attorney estimates that it would take approximately 20 minutes, but likely no longer than 2.5 hours per individual to provide the information necessary for the collection.

5. *An estimate of the total public burden (in hours) associated with the collection:* Considering the above projected figures, the low-end estimate would be $20,000 \times 20$ minutes = 400,000 minutes, or approximately 6,667 hours of total burden on the public. The high-end estimate is $20,000 \times 2.5$ hours = 50,000 hours of total burden on the public.
