FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 73

[MB Docket No. 22–420; RM–11937; DA 23–146; FR ID 129129]

Television Broadcasting Services Yuma, Arizona

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: On December 12, 2022, the Media Bureau, Video Division (Bureau) issued a *Notice of Proposed Rulemaking (NPRM)* in response to a petition for rulemaking filed by Gray Television Licensee, LLC (Petitioner or Gray), which holds a construction permit for channel 11 at Yuma, Arizona as the winning bidder in Auction 112. Gray requests the substitution of channel 27 for channel 11 at Yuma in the Table of TV Allotments. For the reasons set forth in the *Report and Order* referenced below, the Bureau amends FCC regulations to substitute channel 27 for channel 11 at Yuma.

DATES: Effective March 6, 2023.

FOR FURTHER INFORMATION CONTACT: Joyce Bernstein, Media Bureau, at (202) 418–1647 or Joyce.Bernstein@fcc.gov.

SUPPLEMENTARY INFORMATION: The proposed rule was published at 87 FR 76434 on December 13, 2022. The Petitioner filed comments in support of the petition reaffirming its commitment to apply for channel 27. No other comments were filed.

The Bureau believes the public interest would be served by substituting channel 27 for channel 11 at Yuma, Arizona since grant of the proposed channel substitution will provide a robust signal for over-the-air reception while avoiding the well-documented indoor reception issues with digital VHF stations which the Commission has recognized. The proposal complies with all relevant technical requirements for amendment of the Table of TV

Allotments, including the interference protection requirements of section 73.616 of the Commission’s rules, and the petition further demonstrates that the proposed channel 27 facility will provide full principal community coverage to Yuma, Arizona. Additionally, no change in transmitting location is proposed from that specified in the current construction permit.

This is a synopsis of the Commission’s *Report and Order*, MB Docket No. 22–420; RM–11937; DA 23–146, adopted February 23, 2023, and released February 24, 2023. Provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to this proceeding.

Manual of Regulations and Procedures for Federal Radio Frequency Management

AGENCY: National Telecommunications and Information Administration (NTIA), Department of Commerce.

ACTION: Final rule.

SUMMARY: The National Telecommunications and Information Administration (NTIA) is making certain changes to its regulations relating to the public availability of the Manual of Regulations and Procedures for Federal Radio Frequency Management (NTIA Manual). NTIA has the authority, delegated by the president, to assign frequencies to radio stations or classes of radio stations belonging to and operated by the United States. NTIA’s manual reflects this authority and provides for the coordination of Executive branch agencies’ spectrum management and coordination. Specifically, NTIA is releasing a new edition of the NTIA Manual, with which Federal agencies must comply when requesting use of radio frequency spectrum.

DATES: *Effective:* March 6, 2023. The incorporation by reference of certain publications listed in the rule is approved by the Director of the Federal Register as of March 6, 2023.

ADDRESSES: A reference copy of the NTIA Manual, including all revisions in effect, is available in the Office of

Spectrum Management, 1401 Constitution Avenue NW, Room 1087, Washington, DC 20230 and online at <https://www.ntia.gov/page/2011/manual-regulations-and-procedures-federal-radio-frequency-management-redbook>.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION:

I. Background and Incorporation by Reference

NTIA authorizes the U.S. Government's use of radio frequency spectrum. 47 U.S.C. 902(b)(2)(A). As part of this authority, NTIA developed the NTIA Manual to provide further guidance to applicable Federal agencies on the use of the radio frequency spectrum for radio transmissions for telecommunications or for other purposes. The NTIA Manual is the compilation of policies and procedures that govern the use of the radio frequency spectrum by the U.S. Government. Federal Government agencies are required to follow these policies and procedures in their use of spectrum. Part 300 of title 47 of the Code of Federal Regulations provides information about the process by which NTIA regularly revises the NTIA Manual and makes public this document and all revisions. Federal agencies are required to comply with the specifications in the NTIA Manual when requesting frequency assignments. See 47 U.S.C. 901 *et seq.*, Executive Order 12046 (March 27, 1978), 43 FR 13349, 3 CFR, 1978 Comp., p. 158. This rule updates § 300.1 of title 47 of the Code of Federal Regulations to specify the edition of the NTIA Manual with which Federal agencies must comply when requesting frequency assignments. This rule amends the section by incorporating by reference the 2022 edition of the NTIA Manual. Upon the effective date of this rule, Federal agencies must comply with the requirements set forth in the 2022 edition of the NTIA Manual. The NTIA Manual is available from the Superintendent of Documents, U.S. Government Publishing Office, Washington, DC 20402, by referring to Catalog Number 903-008-00000-8, and online at <https://www.ntia.gov/page/2011/manual-regulations-and-procedures-federal-radio-frequency-management-redbook>. A reference copy

of the NTIA Manual, including all revisions in effect, is available in the Office of Spectrum Management, 1401 Constitution Avenue NW, Room 1087, Washington, DC 20230, by calling Alan Frable on (202) 482-1670.

II. Paperwork Reduction Act

This action does not contain collection of information requirements subject to the Paperwork Reduction Act (PRA). Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with a collection of information subject to the Paperwork Reduction Act unless that collection displays a currently valid Office of Management and Budget (OMB) Control Number.

III. Executive Order 12866

This rule has been determined to be not significant for purposes of Executive Order 12866.

IV. Administrative Procedure Act/Regulatory Flexibility Act

NTIA finds good cause under 5 U.S.C. 553(b)(3)(B) to waive prior notice and opportunity for public comment as it is unnecessary. This action merely amends the regulations to include the date of the most current edition of the NTIA Manual. These changes do not impact the rights or obligations to the public. The NTIA Manual applies only to Federal agencies. Because these changes impact only Federal agencies, and has no other substantive impact, NTIA finds it unnecessary to provide for the notice and comment requirements of 5 U.S.C. 553. NTIA finds good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effectiveness for the same reasons provided above. Because notice and opportunity for comment are not required pursuant to 5 U.S.C. 553 or any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Therefore, a regulatory flexibility analysis is not required and has not been prepared.

V. Executive Order 13132

This rule does not contain policies having federalism implications as that term is defined in Executive Order 13132.
