

product.¹⁰ Thus, Commerce was unable to determine, at the time that it initiated these CCRs, whether producers accounting for substantially all of the U.S. production of the domestic like product lacked interest in the *Orders* with respect to the off-grid small portable CSPV panels under consideration here. As a result, Commerce did not issue a combined notice of initiation and preliminary results in these CCRs.¹¹ Instead, as stated above, in the *Initiation Notice*, Commerce invited interested parties to provide comments and/or factual information regarding these CCRs, including comments on industry support and the proposed partial revocation language. No party submitted comments. Accordingly, we find that the domestic industry has expressed no opposition with respect to the proposed revocation, in part, of the *Orders*.

In light of the Alliance's statement of lack of interest in maintaining the *Orders* with respect to the off-grid small portable CSPV panels described by Hello Tech, and in the absence of any other interested party comments addressing the issue of domestic industry support, we preliminarily conclude that producers accounting for substantially all of the production of the domestic like product to which the *Orders* pertain lack interest in the relief provided by the *Orders* with respect to the off-grid small portable CSPV panels that are the subject of Hello Tech's CCR request. Thus, we preliminarily determine that changed circumstances warrant revocation of the *Orders*, in part, with respect to such panels. Accordingly, we are notifying the public of our intent to revoke the *Orders*, in part, with respect to the off-grid small portable CSPV panels described in the "Scope of the CCRs" section above.

If we make a final determination to revoke the *Orders* in part, then Commerce will apply this determination to each order as follows. Because we have completed administrative reviews of the *Orders*, the partial revocation will be retroactively applied to unliquidated entries of merchandise subject to the CCRs that were entered or withdrawn from warehouse, for consumption, on or after the day following the last day of the period covered by the most recently completed administrative reviews of the *Orders*, and which are not covered by automatic liquidation.

We will consider comments from interested parties on these preliminary

results before issuing the final results of these CCRs.¹²

Public Comment

Interested parties are invited to comment on these preliminary results of CCRs in accordance with 19 CFR 351.309(c)(1)(ii). Written comments may be submitted no later than 14 days after the date of publication of these preliminary results in the **Federal Register**. Rebuttal comments, limited to issues raised in written comments, may be filed no later than seven days after the due date for initial comments.¹³ All submissions must be filed electronically using Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).¹⁴ ACCESS is available to registered users at <https://access.trade.gov>. An electronically filed document must be successfully received in its entirety by ACCESS, by 5 p.m. Eastern Time on the deadlines set forth in this notice. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁵

Final Results of the CCRs

Commerce will issue the final results of these CCRs, which will include its analysis of any written comments, no later than 270 days after the date on which these reviews were initiated.¹⁶ If, in the final results of these reviews, Commerce continues to determine that changed circumstances warrant the revocation of the *Orders*, in part, we will instruct U.S. Customs and Border Protection (CBP) to liquidate without regard to ADs or CVDs, and to refund any estimated ADs and CVDs deposited on all unliquidated entries of the merchandise covered by the revocation that are not covered by the final results of an administrative review or an automatic liquidation instruction to CBP. The current requirement for cash deposits of estimated ADs and CVDs on all entries of subject merchandise will continue unless they are modified

Small Diameter Graphite Electrodes From the People's Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Rescission of Review, in Part; 2021-2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Fushun Jinly Petrochemical Carbon Co., Ltd. (Fushun Jinly), the sole mandatory respondent in this review and an exporter of small diameter graphite electrodes (SDGE) from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) February 1, 2021, through January 31, 2022. Further, we are rescinding the review with respect to all other companies for which a review was initiated for this POR. Interested parties are invited to comment on these preliminary results.

DATES: Applicable March 7, 2023.

SUPPLEMENTARY INFORMATION:

Background

This administrative review is being conducted in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). On April 12, 2022, Commerce published the notice of

¹⁰ *Id.*; see also *Initiation Notice*.

¹¹ See *Initiation Notice*.

initiation of this administrative review.¹ The review was initiated with respect to 204 companies.² On June 2, 2022, Commerce selected Fushun Jinly as the sole mandatory respondent for this administrative review because Fushun Jinly was the only company under review that submitted a separate rate application or separate rate certification.³ On June 7, 2022, Commerce issued the antidumping duty questionnaire to Fushun Jinly.

On October 5, 2022, we extended the deadline for the preliminary results of this administrative review from October 31, 2022, until February 14, 2023.⁴ On January 11, 2023, we further extended the deadline for the preliminary results of this administrative review until February 28, 2023.⁵ For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁶

Scope of the Order⁷

The merchandise covered by the *Order* is small diameter graphite electrodes, which are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 8545.11.0010, 3801.10, and 8545.11.0020. Although the HTSUS subheading and ASTM specification are provided for convenience and for customs purposes, the written description of the subject merchandise is dispositive. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act and 19 CFR 351.213. We calculated export prices in accordance with section 772 of the Act. Because China is a non-market economy (NME) country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics included in the Preliminary Decision Memorandum is included in Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. On June 10, 2022, Tokai Carbon GE LLC and GrafTech International Ltd. (the domestic industry) withdrew its request for review of all companies included in its request, except Fushun Jinly.⁸ No other party requested a review of these 203 companies. Accordingly, Commerce is rescinding the administrative review with respect to all companies included in the *Initiation Notice*, except Fushun Jinly.⁹ See the Preliminary Decision Memorandum for a complete list of these companies.¹⁰

Separate Rates

Commerce preliminarily finds that the information placed on the record by Fushun Jinly demonstrates that it is eligible for a separate rate. For

¹⁰ We note that Beijing Fangda Carbon Tech Co., Ltd., Chengdu Rongguang Carbon Co., Ltd., Fangda Carbon New Material Co., Ltd., Fushun Carbon Co., Ltd., and Hefei Carbon Co., Ltd. comprise a single entity: The Fangda Group. These five companies are listed as a single entity in the Preliminary Decision Memorandum.

additional information, see the Preliminary Decision Memorandum.

China-Wide Entity

Commerce’s policy regarding conditional review of the China-wide entity applies to this administrative review.¹¹ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity and no review was initiated for this POR, the China-wide entity is not under review, and the China-wide entity’s rate (*i.e.*, 159.64 percent) is not subject to change.¹² For additional information, see the Preliminary Decision Memorandum.

Preliminary Results of Review

Commerce preliminarily determines that the following weighted-average dumping margin exists for the POR:

Exporter	Weighted-average dumping margin (percent)
Fushun Jinly Petrochemical Carbon Co., Ltd	24.95

Disclosure and Public Comment

Commerce intends to disclose to interested parties the calculations performed for these preliminary results within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

A timeline for the submission of case briefs and written comments will be provided to interested parties at a later date. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than seven days after the deadline date for case briefs.¹³ Parties who submit a case brief or a rebuttal brief in this proceeding are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief

summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of participants; (3) whether any participant is a foreign national; and (4) a list of issues parties intend to discuss. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs.¹⁴ If a request for a hearing is made, Commerce will announce the date and time of the hearing.

All submissions to Commerce must be filed electronically using Enforcement and Compliance's electronic records system, ACCESS,¹⁵ and must also be served on interested parties.¹⁶ An electronically filed document must be received successfully in its entirety by ACCESS, by 5 p.m. Eastern Time (ET) on the date that the document is due. Note that Commerce has modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁷

Unless otherwise extended, we intend to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Verification

As provided in section 782(i)(3) of the Act, Commerce intends to verify the information relied upon for its final results.

Assessment Rates

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review. Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁸ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the publication of the final results of this review. If a

timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review, in accordance with 19 CFR 351.212(b). If Fushun Jinly's *ad valorem* weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates for that respondent, in accordance with 19 CFR 351.212(b)(1).¹⁹ Because Fushun Jinly did not report entered value, we will calculate importer-specific per-unit duty assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of those sales. To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also will calculate an importer-specific *ad valorem* ratio based on estimated entered values.

If, in the final results, Fushun Jinly's weighted-average dumping margin is zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce will instruct CBP to liquidate the appropriate entries for that respondent without regard to antidumping duties.²⁰ For entries that were not reported in the U.S. sales database submitted by Fushun Jinly during this review, Commerce will instruct CBP to liquidate such entries at the antidumping duty assessment rate for the China-wide entity (*i.e.*, 159.64 percent).²¹

For the companies for which we have rescinded this review, Commerce intends to instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during February 1, 2021, through January 31, 2022, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment

¹⁹ In these preliminary results, Commerce applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

²⁰ See 19 CFR 351.106(c)(2).

²¹ See *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 at 65694–65695, for a full discussion of this practice.

instructions to CBP for the rescinded companies no earlier than 35 days after the date of publication of the preliminary results of this administrative review in the **Federal Register**.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) for Fushun Jinly, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously examined Chinese and non-Chinese exporters not listed above that received a separate rate in a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 159.64 percent); and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213, and 19 CFR 351.221(b)(4).

Stainless Steel Butt-Weld Pipe Fittings From Italy, Malaysia, and the Philippines: Final Results of the Expedited Fourth Sunset Review of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of these expedited sunset reviews, the Department of Commerce (Commerce) finds that revocation of the antidumping (AD) duty orders on stainless steel butt-weld pipe fittings from Italy, Malaysia, and the Philippines would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Sunset Review” section of this notice.

DATES: Applicable March 7, 2023.

SUPPLEMENTARY INFORMATION:

Background

On November 1, 2022, Commerce published the notice of initiation of the fourth sunset reviews of the *Orders*,¹ pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² After the date of publication of the *Initiation Notice*, Commerce received a

notice of intent to participate from Core Pipe Products, Inc.³ within the deadline specified in 19 CFR 351.218(d)(1)(i). Core Pipe Products, Inc. (the domestic interested party) claimed interested party status under section 771(9)(C) of the Act as a domestic producer engaged in the production in the United States of stainless steel butt-weld pipe fittings.

Commerce received a substantive response from the domestic interested party within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁴ We did not receive a substantive response from any other interested party in these proceedings, and no party requested a hearing.

On December 20, 2022, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties.⁵ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted expedited (120-day) sunset reviews of these *Orders*.

Scope of the Orders

The products covered by these *Orders* are stainless steel butt-weld pipe fittings. For a complete description of the scope of these orders, see the Issues and Decision Memorandum.⁶

Analysis of Comments Received

All issues raised in these sunset reviews are addressed in the Issues and Decision Memorandum, including the likelihood of continuation or recurrence of dumping and the magnitude of the margins of dumping likely to prevail if the *Orders* were revoked.⁷ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(b) of the Act, Commerce determines that revocation of the *Orders* would be likely to lead to the continuation or recurrence of dumping, and that the magnitude of the margins of dumping likely to prevail would be weighted-average margins of up to the following percentages:

Country	Weighted-average dumping margin (percent)
Italy	26.59
Malaysia	7.51
Philippines	33.81
