Federal Register

Vol. 88, No. 46

Thursday, March 9, 2023

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

OFFICE OF MANAGEMENT AND BUDGET

[Docket No. OMB-2023-0004]

2 CFR Parts 184 and 200

Guidance for Grants and Agreements

AGENCY: Office of Federal Financial Management, Office of Management and Budget.

ACTION: Notification of proposed guidance; correction.

SUMMARY: This document corrects the Action caption to a notification of proposed guidance published in the *Federal Register* of February 9, 2023. The proposed revisions to the OMB Guidance for Grants and Agreements were limited in scope to support implementation of the Build America, Buy America Act provisions of the Infrastructure Investment and Jobs Act; and to clarify existing requirements. The notification was incorrectly categorized in the Action caption as a proposed rule. This correction clarifies that the notification of proposed guidance is not a proposed rule.

DATES: March 3, 2023.

SUPPLEMENTARY INFORMATION:

Correction

In FR Doc. 2023-02617, appearing on page 8374 in the *Federal Register* issue of Thursday, February 9, 2023, 88 FR 8374, make the following correction to the Action caption. On page 8374, correct the Action caption in the first column to read: “**ACTION:** Notification of proposed guidance.” The Action caption in the notice published on February 9, 2023 incorrectly included the term “Proposed rule” before “notification of proposed guidance.” The Office of Management and Budget (OMB) guidance “published in subtitle A [of 2 CFR],” which OMB proposes to

modify, “is guidance and not regulation.” 2 CFR 1.105(b). The publication “of the OMB guidance in the CFR does not change its nature — it is guidance and not regulation.” *Id.*

Deidre A. Harrison,

Deputy Controller, Office of Federal Financial Management.

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class D airspace and Class E surface airspace and establish Class E airspace designated as an extension to a Class D surface area for Hudson Valley Regional Airport, Poughkeepsie, NY, to support IFR operations in the area.
