

Commission. Comments must be received by 5:00 p.m. EDT, on May 12, 2023, and may be provided by email to daniel.dayton@worldwar1centennial.org.

Contact Mr. Daniel S. Dayton at daniel.dayton@worldwar1centennial.org to register to comment during the meeting's 30-minute public comment period. Registered speakers/organizations will be allowed five (5) minutes and will need to provide written copies of their presentations. Requests to comment, together with presentations for the meeting must be received by 5:00 p.m. EDT, on Friday May 12, 2023. Please contact Mr. Dayton at the email address above to obtain meeting materials.

FOR FURTHER INFORMATION CONTACT:

Daniel S. Dayton, Designated Federal Officer, World War 1 Centennial Commission, 2043 Wilson Blvd., #17338, Arlington, VA 202-380-0725 (note: this is not a toll-free number).

SUPPLEMENTARY INFORMATION:

Background

The World War One Centennial Commission was established by Public Law 112-272 (as amended), as a commission to ensure a suitable observance of the centennial of World War I, to provide for the designation of memorials to the service of members of the United States Armed Forces in World War I, and for other purposes.

Under this authority, the Committee will plan, develop, and execute programs, projects, and activities to commemorate the centennial of World War I, encourage private organizations and State and local governments to organize and participate in activities commemorating the centennial of World War I, facilitate and coordinate activities throughout the United States relating to the centennial of World War I, serve as a clearinghouse for the collection and dissemination of information about events and plans for the centennial of World War I, and develop recommendations for Congress and the President for commemorating the centennial of World War I. Further, the Commission oversees the design and construction of the national World War I Memorial in Washington, DC.

Agenda: Friday, May 19, 2023.

Old Business:

- Acceptance of minutes of last meeting.
- Public Comment Period.

New Business:

- Executive Director's Report—Executive Director Dayton.
- WWI Memorial Status Report.

- Preliminary Plan for Unveiling of central sculpture element—Ms. Meredith Carr.

Other Business:

- Chairman's Report.
- Set Next Meeting.
- Motion to Adjourn.

David Coscia,

Agency Liaison Officer, Office of Presidential & Congressional Agency Liaison Services, General Services Administration.

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled "Research Data Center Proposal (RDC) Security Forms for Access to Confidential Data" to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public Comment and Recommendations" notice on December 12, 2022 to obtain comments from the public and affected agencies. CDC did not receive any comments related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses; and

(e) Assess information collection costs.

To request additional information on the proposed project or to obtain a copy of the information collection plan and instruments, call (404) 639-7570. Comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. Direct written comments and/or suggestions regarding the items contained in this notice to the Attention: CDC Desk Officer, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503 or by fax to (202) 395-5806. Provide written comments within 30 days of notice publication.

Proposed Project

Research Data Center Data Security Forms for Access to Confidential Data for the National Center for Health Statistics—Existing Collection In Use Without OMB Approval—National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Section 306(b)(4) of the Public Health Service (PHS) Act (42 U.S.C. 242k(b)(4)), as amended, authorizes the Secretary of Health and Human Services (DHHS), acting through the National Center for Health Statistics (NCHS), to receive requests for furnishing statistics to the public. NCHS receives requests for statistics from the public through the Standard Application Process (SAP). The public may apply to access confidential data assets held by a federal statistical agency or unit through the SAP for the purposes of generating statistics and developing evidence. Once an application for confidential data is approved through the SAP, NCHS will collect information to meet its data security requirements through its Data Security Forms. This information collection through the Data Security Forms will occur outside of the SAP.

As part of a comprehensive data dissemination program, the Research Data Center (RDC), National Center for Health Statistics (NCHS), Centers for Disease Control and Prevention (CDC), requires prospective researchers who need access to confidential data to

complete a research proposal and to self-select whether they need access to confidential data to answer their research questions. The RDC requires the researcher to complete a research proposal, so NCHS understands the research proposed. The completed proposal is sent to NCHS through the SAP portal for review and adjudication. If the research proposal is approved by NCHS, then the researcher must fill out two of three data security forms. If the researcher will access the data at a RDC,

then the “Data Access Form” and the “Designated Agent Form” would need to be completed and returned to NCHS. If the researcher will access the data through the NCHS Virtual Data Enclave (VDE), then the “VDE Data Use Agreement Form” and the “Designated Agent Form” would need to be completed and returned to NCHS.

In order to capture the information needed to adjudicate a researcher’s commitment to protect confidential NCHS data, researchers must complete

and sign the data security forms. This request allows for both researcher signature and the time per response for a total estimated annual burden total of 110 hours. There is no cost to a researcher other than their time to complete the forms unless the researcher has to pay a nominal notary fee for services incurred. The resulting information will be used for NCHS internal purposes.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Avg. burden per response (in hrs.)
Researcher	Research Data Center proposal	110	1	1

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day–23–23CV; Docket No. CDC–2023–0014]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other federal agencies the opportunity to comment on a proposed information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled Reducing Fatigue Among Taxi Drivers. The goal of this project is to evaluate two interventions, a training and a wrist-device that provide personalized daily fatigue scores, designed to enable taxi drivers to reduce their fatigue levels. This research study involves two parts: development of a fatigue management eLearning training tool designed for drivers-for-hire (e.g., taxi drivers; ride

sourcing drivers); and an evaluation of the effectiveness of this training alone and paired with the wrist-device that provides personalized daily fatigue scores.

DATES: CDC must receive written comments on or before May 9, 2023.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2023–0014 by either of the following methods:

- *Federal eRulemaking Portal:* www.regulations.gov. Follow the instructions for submitting comments.
- *Mail:* Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–8, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to www.regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (www.regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS H21–8, Atlanta, Georgia 30329; phone: 404–639–7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires federal agencies to provide a

60-day notice in the **Federal Register** concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to the OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected;
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses; and
5. Assess information collection costs.

Proposed Project

Reducing Fatigue Among Taxi Drivers—New—National Institute for Occupational Safety and Health (NIOSH), Centers for Disease Control and Prevention (CDC).
