

Notice in the State of Oregon: Oregon is required to publish reasonable notice of the contents of this **Federal Register** notice within the State no later than 10 days following the date of publication of this notice (29 CFR 1902.39(c)).

Written comments: OSHA invites interested persons to submit written data, views, and comments with respect to this proposal to grant an affirmative Section 18(e) determination of the Oregon State Plan's temporary labor camps coverage. When submitting comments, persons must follow the procedures specified above in the sections titled **DATES** and **ADDRESSES**. Submissions must clearly identify the issues addressed and the positions taken. Comments received by the end of the specified comment period will become part of the record and will be available for public inspection and copying at the OSHA Docket Office, as well as online at www.regulations.gov (Docket Number OSHA–2023–005). As required by OSHA's regulations, the State of Oregon will be afforded the opportunity to respond to each submission before the Assistant Secretary makes a final decision (29 CFR 1902.39(e)).

Informal public hearing: Pursuant to 29 CFR 1902.39(f), interested persons may request an informal hearing concerning the proposed Section 18(e) determination. Such requests also must be received on or before April 17, 2023. Such requests must present particularized written objections to the proposed Section 18(e) determination. OSHA will hold the informal hearing if the Assistant Secretary finds that substantial objections have been filed (29 CFR 1902.39(g)). As required by regulation, the Assistant Secretary will decide whether an informal hearing is warranted within 30 days of the last day for filing written views or comments and, if so, will publish notice of the time and place of the scheduled hearing at that time. Commenters should note that a request for an informal hearing and a particularized written objection to the proposal is not the same as a substantial objection and OSHA will only hold a hearing if the Assistant Secretary finds that substantial objections have been filed. The Assistant Secretary will consider all written comments submitted when determining whether a substantial objection has been filed.

Certification of the hearing record and Assistant Secretary final decision: Within a reasonable time after the close of the comment period (if no hearing is held) or after the certification of the record (if a hearing is held), after consideration of all relevant information

which has been presented, the Assistant Secretary will publish a decision on the proposed affirmative 18(e) determination over temporary labor camps in the **Federal Register** (29 CFR 1902.41(a)).

VII. Federalism

Executive Order 13132, "Federalism," emphasizes consultation between Federal agencies and the States and establishes specific review procedures the Federal government must follow as it carries out policies which affect state or local governments. OSHA has included in the Background section of today's request for public comments an explanation of the relationship between Federal OSHA and the State Plans under the OSH Act. Although the specific consultation procedures provided in section 6 of Executive Order 13132 are not mandatory for final approval decisions under the OSH Act because they neither impose a burden upon the state nor involve preemption of any state law, OSHA has nonetheless consulted extensively with Oregon on the matter of final approval as to temporary labor camps.

VIII. Regulatory Flexibility Act

OSHA certifies pursuant to the Regulatory Flexibility Act of 1980 (5 U.S.C. 601 *et seq.*) that this proposed final approval determination, if finalized, will not have a significant economic impact on a substantial number of small entities. Final approval of Oregon's temporary labor camps coverage would not place small employers in Oregon under any new or different requirements, nor would any additional burden be placed upon the State government beyond the responsibilities already assumed as part of the approved Plan.

SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the *regulations.gov* docket for this notice as “other” documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact request.schedule@nara.gov for instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on *regulations.gov* a “Consolidated Reply” summarizing the comments, responding to them, and noting any changes we made to the proposed schedule. You may elect at *regulations.gov* to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have

to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA’s approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records’ administrative use by the agency of origin, the rights of the Government and of private people directly affected by the Government’s activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist’s consideration process.
