Title of Collection: Federal Work Study (FWS) Wages for Student Aid Index.

OMB Control Number: 1845–NEW.

Type of Review: A new ICR.

Respondents/Affected Public: State, local, and Tribal governments; private sector.

Total Estimated Number of Annual Responses: 3,043.

Total Estimated Number of Annual Burden Hours: 12,172.

Abstract: This new collection will be used to gather information available to participating institutions of higher education (IHE) which is required to fully calculate eligibility for title IV student financial aid for applicants under the Higher Education Act of 1965, as amended (HEA).

The FAFSA Simplification Act (Pub. L. 116–260) introduced a change to the manner in which the Department of Education (ED) may obtain the amount of income an applicant has earned from work under the Federal Work Study (FWS) Program, for the purposes of calculating the applicant's student aid index (SAI) and determine their eligibility for certain Title IV aid. Pursuant to section 483(a)(2)(F) of the FAFSA Simplification Act, ED is required to collect an applicant's income earned under the FWS program from the IHE participating in the FWS program and can no longer add additional questions to the FAFSA to obtain this information from the FAFSA applicant.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The IAL program supports high-quality programs designed to develop and improve literacy skills for children and students from birth through 12th grade in high-need local educational agencies (LEAs) and schools. IAL promotes innovative literacy programs that support the development of literacy skills in low-income communities, including programs that (1) develop and enhance effective school library programs, which may include providing professional development for school librarians, books, and up-to-date materials to high-need schools; (2) provide early literacy services, including pediatric literacy programs through which, during well-child visits, medical providers trained in research-based methods of early language and literacy promotion provide developmentally appropriate books and recommendations to parents to encourage them to read aloud to their children starting in infancy; and (3) provide high-quality books on a regular basis to children and adolescents from low-income communities to increase reading motivation, performance, and frequency.

Background: The IAL program focuses on improving literacy skills for school age children from birth to 12th grade. Following the Secretary's call to "Raise the Bar" in education, the priorities used in this competition are designed to create conditions under which students have equitable access to high-quality learning opportunities and experiences.¹ In FY 2023, the Department is particularly interested in projects that propose services and activities in settings that traditionally have limited access to high-quality literacy instruction and resources or settings in which funding disparities may limit access, including, for

¹ U.S. Secretary of Education Miguel Cardona laid out his vision for the direction the agency will follow in 2023 to promote academic excellence, improve learning conditions, and prepare our students for a world where global engagement is critical to our nation's standing. In his address Secretary Cardona remarked that "Raise the Bar: Lead the World" is not a list of new priorities, but a call to strengthen our will to transform education for the better, building on approaches that we know work in education.

example, programs that serve incarcerated youth and early learning programs. Similarly, many adult learning programs serve students between the ages of 16 and 19 who are working toward a General Educational Development certificate or State high school diploma. While these students may no longer be in the traditional K–12 setting, they are school-aged students who may have limited access to high-quality literacy instruction and resources. Resources should be provided and allocated in ways that are racially, ethnically, and culturally affirming; considerate of disability status; linguistically responsive; and inclusive of all students in various settings. Of particular interest to the Department are programs designed to meet the needs of students in juvenile correctional facilities. It is imperative that students receiving educational support in juvenile correctional facilities have access to multilevel, age-appropriate literacy materials. Additionally, educators supporting these students should have access to appropriate literacy materials to increase students' positive interactions with books and literature.

The Department also expects to continue awarding grants that will allow us to support school library programs.

Priorities: This notice contains two absolute priorities and four competitive preference priorities. Absolute Priorities 1 and 2, subpart (a) of Competitive Preference Priority 1, and Competitive Preference Priority 3 are from the notice of final priorities and requirement for IAL (IAL NFP), published in the **Federal Register** on July 12, 2021 (86 FR 36510). Subpart (b) of Competitive Preference Priority 1 and Competitive Preference Priority 2 are from the Administrative Priorities for Discretionary Grant Programs, published in the **Federal Register** on March 9, 2020 (85 FR 13640) (Administrative Priorities).

Competitive Preference Priority 4 is from the Secretary's Supplemental Priorities and Definitions for Discretionary Grant Programs, published in the **Federal Register** on December 10, 2021 (86 FR 70612) (Supplemental Priorities).

Absolute Priorities: For FY 2023, and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), we consider only applications that meet at least one of these absolute priorities.

These priorities are:

Absolute Priority 1—Projects, Carried Out in Coordination With School

Libraries, for Book Distribution, Childhood Literacy Activities, or Both.

Projects that propose to coordinate with school libraries to carry out grant activities, such as book distributions, childhood literacy activities, or both, for the proposed project.

Absolute Priority 2—Projects, Carried Out in Coordination With School Libraries, That Provide a Learning Environment That Is Racially, Ethnically, Culturally, Disability Status and Linguistically Responsive and Inclusive, Supportive, and Identity-Safe.

Projects coordinated with school libraries and designed to be responsive to racial, ethnic, cultural, disability, and linguistic differences in a manner that creates inclusive, supportive, and identity-safe learning environments.

In its application, the applicant must—

(a) Describe the types of racially, ethnically, culturally, disability status, and linguistically responsive program design elements that the applicant proposes to include in its project;

(b) Explain how its program design will create inclusive, supportive, and identity-safe environments; and

(c) Describe how its project will be carried out in coordination with school libraries.

Competitive Preference Priorities: For FY 2023, and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 10 points to an application, depending on how well the application meets one or more of these priorities. For Competitive Preference Priority 1, we award an additional 2 points to an application that meets the priority. For Competitive Preference Priority 2, we award an additional 2 points to an application that meets the priority. For Competitive Preference Priority 3, we award up to an additional 3 points, depending on which priority subpart (a, b, or c) the applicant meets. For Competitive Preference Priority 4, we award up to an additional 3 points to an application that meets the priority.

These priorities are:

Competitive Preference Priority 1—Rural Applicants; Supporting Students in Urban Areas. (0 or 2 points)

Under this priority, an applicant must demonstrate that it meets either paragraph (a) or (b).

(a) *Rural applicants.* The applicant proposes to serve a community that is served by one or more LEAs with a locale code of 32, 33, 41, 42, 43.

(b) *Projects that are designed to serve one or more urban LEAs.*

(1) The applicant is an eligible LEA or consortium of eligible LEAs with a locale code of 11, 12, or 13.

(2) The applicant is a national nonprofit that proposes to serve schools within eligible LEAs, all of which have a locale code of 11, 12, or 13.

Note: Applicants are encouraged to retrieve locale codes from the National Center for Education Statistics (NCES) School District search tool (<https://nces.ed.gov/ccd/districtsearch/>), where LEAs can be looked up individually to retrieve locale codes and Public School search tool (<https://nces.ed.gov/ccd/schoolsearch/>), where individual schools can be looked up to retrieve locale codes.

Competitive Preference Priority 2—Applications from New Potential Grantees. (0 or 2 points)

Under this priority, an applicant must demonstrate the applicant has never received a grant, including through membership in a group application submitted in accordance with 34 CFR 75.127–75.129, under the program from which it seeks funds.

Competitive Preference Priority 3—Supporting Students From Low-Income Families. (0 to 3 points)

Projects that serve LEAs serving students from low-income families. In its application, an applicant must demonstrate, based on Small Area Income and Poverty Estimates (SAIPE) data from the U.S. Census Bureau or, for an LEA for which SAIPE data are not available, the same State-derived equivalent of SAIPE data that the State uses to make allocations under part A of title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA), one of the following:

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: \$9,000,000.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in FY 2023 from the list of unfunded applications from this competition.

Estimated Range of Awards: \$175,000 to \$750,000.

Estimated Average Size of Awards: \$500,000.

Estimated Number of Awards: 15–20.

Note: The Department is not bound by any estimates in this notice.

Project Period: 60 months.

III. Eligibility Information

1. *Eligible Applicants:* To be considered for an award under this competition, an applicant must be one or more of the following:

(1) An LEA in which 20 percent or more of the students served by the LEA are from families with an income below the poverty line (as defined in section 8101(41) of the ESEA).

(2) A consortium of such LEAs described in paragraph (1) above.

(3) The Bureau of Indian Education.

(4) An eligible national nonprofit organization (as defined in this notice) that serves children and students within the attendance boundaries of one or more eligible LEAs.

Note: Under the definition of “poverty line” in section 8101(41) of the ESEA, the determination of the percentage of students served by an LEA from families with an income below the poverty line is based on the U.S. Census Bureau’s SAIPE data.

An entity that meets the definition of an LEA in section 8101(30) of the ESEA and that serves multiple LEAs, such as a county office of education, an education service agency, or regional

service education agency, must provide the most recent SAIPE data for each of the individual LEAs it serves. To determine whether the entity meets the poverty threshold, the Department will derive the entity’s poverty rate by aggregating the number of students from families below the poverty line (as provided in SAIPE data) in each of the LEAs the entity serves and dividing it by the total number of students (as provided in SAIPE data) in all of the LEAs the entity serves.

An LEA for which SAIPE data are not available, such as a non-geographic charter school, must provide a determination by the SEA that 20 percent or more of the students aged 5–17 in the LEA are from families with incomes below the poverty line based on the same State-derived poverty data the SEA used to determine the LEA’s allocation under part A of title I of the ESEA.

Note: If you are a nonprofit organization, under 34 CFR 75.51, you may demonstrate your nonprofit status by providing (1) proof that the Internal Revenue Service currently recognizes the applicant as an organization to which contributions are tax deductible under section 501(c)(3) of the Internal Revenue Code; (2) a statement from a State taxing body or the State attorney general certifying that the organization is a nonprofit organization operating within the State and that no part of its net earnings may lawfully benefit any private shareholder or individual; or (3) a certified copy of the applicant’s certificate of incorporation or similar document if it clearly establishes the nonprofit status of the applicant.

2.a. *Cost Sharing or Matching:* This competition does not require cost sharing or matching.

b. *Supplement-Not-Supplant:* This competition involves supplement-not-supplant funding requirements. Section 2301 of the ESEA provides that funds made available under this program must be used to supplement, and not supplant, non-Federal funds that would otherwise be used for IAL program activities by grantees.

c. *Indirect Cost Rate Information:* This program uses a restricted indirect cost rate. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see www2.ed.gov/about/offices/list/ocfo/intro.html.

d. *Administrative Cost Limitation:* This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR

part 200 subpart E of the Uniform Guidance.

3. *Subgrantees*: A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; the one-page abstract, resumes, bibliography, logic model, or letters of support. However, the recommended page limit does apply to all of the application narrative.

6. *Notice of Intent to Apply*: The Department will be able to review grant applications more efficiently if we know the approximate number of applicants that intend to apply. Therefore, we strongly encourage each potential applicant to notify us of their intent to submit an application. To do so, please email the program contact person listed under **FOR FURTHER INFORMATION CONTACT** with the subject line “Intent to Apply,” and include the applicant’s name and a contact person’s name and email address. Applicants that do not submit a notice of intent to apply may still apply for funding; applicants that do submit a notice of intent to apply are not bound to apply or bound by the information provided.

(1) The extent to which the methods of evaluation are appropriate to the context within which the project operates.

(2) The extent to which the methods of evaluation provide for examining the effectiveness of project implementation strategies.

2. *Review and Selection Process:* We remind potential applicants that, in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. *In General:* In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S.

Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We also may notify you informally.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the *Applicable Regulations* section of this notice.

We reference the regulations outlining the terms and conditions of an award in the *Applicable Regulations* section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR

75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

5. **Performance Measures:** For purposes of Department reporting under 34 CFR 75.110, the Department has established the following performance measures for the IAL program: (1) the percentage of fourth graders participating in the project who demonstrated individual student growth (*i.e.*, an improvement in their achievement) over the past year on State reading or language arts assessments under section 1111(b)(2) of the ESEA; (2) the percentage of eighth graders participating in the project who demonstrated individual student growth (*i.e.*, an improvement in their achievement) over the past year on State reading or language arts assessments under section 1111(b)(2) of the ESEA; (3) the percentage of schools participating in the project whose book-to-student ratios increase from the previous year; and (4) the percentage of participating children who receive at least one free, grade- and language-appropriate book of their own.

All grantees will be expected to submit an annual performance report that includes data addressing these performance measures to the extent that they apply to the grantee's project.

6. **Continuation Awards:** In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

I. Funding Opportunity Description

Purpose of Program: The purpose of the NHE program is to support innovative projects that recognize and address the unique educational needs of Native Hawaiians. These projects must include one or more of the activities authorized under section 6205(a)(3) of the Elementary and Secondary Education Act of 1965, as amended (ESEA).

Background: The NHE program serves the unique educational needs of Native Hawaiians and recognizes the roles of Native Hawaiian languages and cultures in the educational success and long-term well-being of Native Hawaiian students. The program supports effective supplemental education programs that maximize participation of Native Hawaiian educators and leaders in the planning, development, implementation, management, and evaluation of programs designed to serve Native Hawaiians.

In accordance with section 6204 of the ESEA, the Native Hawaiian Education Council (NHEC) was established in 1994 with the statutory responsibility to coordinate, assess, and provide guidance to appropriate Federal, State, and local agencies on the effectiveness of existing education programs for Native Hawaiians, the state of present Native Hawaiian education efforts, and improvements that may be made to existing programs, policies, and procedures to improve the educational attainment of Native Hawaiians. In its 2020-2021 annual report, the NHEC recommended the Department prioritize funding projects that (1) assert Hawaiian language-medium instruction and culture-based education programs, frameworks, and values as critical to addressing equity, resiliency, and social-emotional well-being for increased Native Hawaiian learner
