Title of Collection: U.S. Department of Education Supplemental Information for the SF–424 Form.

OMB Control Number: 1894–0007.

Type of Review: A revision of a currently approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 5,976.

Total Estimated Number of Annual Burden Hours: 2,271.

Abstract: The U.S. Department of Education Supplemental Information form for the SF–424 is used together with the SF–424, Application for Federal Assistance. Several years ago ED made a decision to switch from the Application for Federal Education Assistance or ED 424 (1890–0017) collection (now 1894–0007) to the SF–424, in order to adhere with Federal-wide forms standardization and streamlining efforts, especially with widespread agency use of *Grants.gov*.

There were several data elements/questions on the ED 424 that were required for applicants and were not included on the SF–424. Therefore, ED put these questions that were already cleared as part of the 1894–0007 collection on a form entitled the U.S. Department of Education Supplemental Information for the SF–424.

The questions on this form deal with the following areas: Project Director identifying and contact information; New Potential Grantee or Novice Applicants; Human Subjects Research, and Infrastructure Programs and Build America, Buy America Act Applicability (BABAA). The ED supplemental information form can be

used with any of the SF-424 forms in the SF-424 forms family, as applicable.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: MSAP, authorized under title IV, part D of the Elementary and Secondary Education Act of 1965, as amended (ESEA), provides grants to local educational agencies (LEAs) and consortia of LEAs to create or revise magnet schools under required or voluntary desegregation plans.

Under section 4401(b) of the ESEA, 20 U.S.C. 7231, the purpose of MSAP is to assist LEAs in the desegregation of schools by providing financial assistance to eligible LEAs for: (1) the elimination, reduction, or prevention of minority group isolation (MGI) in elementary schools and secondary schools with substantial proportions of minority students, which shall include assisting in the efforts of the United States to achieve voluntary desegregation in public schools; (2) the development, implementation, and expansion of magnet school programs that will assist LEAs in achieving systemic reforms and providing all students the opportunity to meet challenging State academic standards; (3) the development, design, and expansion of innovative educational methods and practices that promote diversity and increase choices in public elementary schools and public secondary schools and public educational programs; (4) courses of instruction within magnet schools that will substantially strengthen the knowledge of academic subjects and the attainment of tangible and marketable career, technological, and professional skills of students attending such schools; (5) improving the capacity of LEAs, including through professional development, to continue operating magnet schools at a high performance level after Federal funding for the magnet schools is terminated; and (6) ensuring that all students enrolled in the magnet school programs have

equitable access to high-quality education that will enable the students to succeed academically and continue with postsecondary education or employment.

Background: Since its inception nearly 40 years ago, MSAP has supported LEAs to create magnet schools, defined under section 4402 of the ESEA, 20 U.S.C. 7231a, as public elementary or secondary schools or education centers that offer “a special curriculum capable of attracting substantial numbers of students of different racial backgrounds,” as part of their efforts to voluntarily desegregate their schools or meet the intended outcomes of desegregation plans required by a final order of any court of the United States, a court of any State, or any other State agency or official of competent jurisdiction (herein referred to as “required plans” or “required desegregation plans”). In this competition, the Department seeks to promote applications that effectively address the legislative purpose of the MSAP statute, namely assisting LEAs in the desegregation of schools through the use of magnet schools, by requiring applicants to demonstrate how they intend to align the elements of their proposed MSAP projects to address the goals identified in their required or voluntary desegregation plans. Applicants are required to include a copy of their required or voluntary desegregation plans as a component of their applications under sections 4403 and 4404 of the ESEA, 20 U.S.C. 7231b and 7231c. In accordance with 20 U.S.C. 7231d, 34 CFR 280.2 and 280.20, under section III, part 4 of this notice, applicants must summarize the specific goals and objectives of their required or voluntary desegregation plan and explain how Federal funding of specific magnet schools will assist in achieving their objectives related to the reduction, prevention, or elimination of MGI either in the proposed magnets or in those magnets’ feeder schools (as defined in this notice). Applicants must demonstrate at the time of submission that the goals and objectives with regards to the creation or further development of the proposed magnet schools have been recently approved by the applicant’s or applicants’ school board(s), if operating under a voluntary plan, or that a court, or other cognizant entity as appropriate, has been asked to consider modifying a required plan with these specific goals and objectives in the case of required plans. This information will assist the Department in confirming applicants’ eligibility for an award and inform the Department’s review of an
