

date of October 1, 2022, and an estimated end date of September 30, 2024, for a two-year budget and performance period.

The total available funding for this opportunity is \$4 million for recovery efforts in Florida, and \$1 million for recovery efforts in Puerto Rico. The final grant amount awarded to each grantee will vary based on individual budget requests; the reasonableness and rationale of the submitted plan and budget to meet the needs of individuals with disabilities; and availability of funding.

III. Eligibility Criteria and Other Requirements

1. Eligible Entities

The eligible entity for these awards is designated by ACL as Centers for Independent Living under Part C of the Rehabilitation Act that are supporting recovery efforts of Hurricane Fiona or Ian in Puerto Rico and Florida.

2. Match

Cost Sharing or Matching is not required.

3. Other Requirements

A. Letter of Assurance

A Letter of Assurance is required to be submitted by the eligible entity in order to receive an award. The Letter of Assurance must include the following:

1. Assurance that the award recipient is an entity designated as a Part C funded CIL under the Rehab Act.
2. Assurance that funds will be spent in ways consistent with the purpose of the funding.
3. Assurance to provide annual federal financial reports.
4. Assurance to provide annual program reports in the form of a written summary on the activities and/or staffing funded to support emergency and disaster response and recovery efforts and the results of these efforts, including number of people supported, number of partners involved, and the outcomes of these efforts.

B. Action Plan

To be eligible to receive this grant, the eligible entity must submit an action plan detailing the need(s) they plan to address of people with disabilities impacted by Hurricanes Ian or Fiona and how they intend to implement authorized activities to address these needs. The plan must include a budget request with a budget justification for how the funds would be used to support disaster recovery efforts.

C. Intergovernmental Review

Executive Order 12372, Intergovernmental Review of Federal Programs, is not applicable to these grant applications.

IV. Submission Information

1. Application Packet

To receive funding, eligible entities must submit: a Letter of Assurance containing all the information outlined in Section III above; an Action Plan that details the identified need and how the entity proposes to address the need; and a budget request includes a breakdown of the budgetary costs with supporting justification that fully explains and justifies the costs for each major budget item.

Applications should be submitted electronically to the OILP Program Officer assigned to that region. For Florida, it is Veronica Hogan, veronica.hogan@acl.hhs.gov and for Puerto Rico it is Jennifer Martin at Jennifer.martin@acl.hhs.gov.

2. Submission Dates and Times

To receive consideration, Application packets must be submitted by 11:59 p.m. Eastern Time on April 17, 2023. Letters of Assurance should be submitted electronically via email and have an electronic time stamp indicating the date/time submitted.

Availability of Program Application Instructions for Subtitle B of the Developmental Disabilities Assistance and Bill of Rights Act, State Councils on Developmental Disabilities for Disaster Recovery Assistance in Florida and Puerto Rico

Title: Disaster Assistance for State Councils on Developmental Disabilities in Florida and Puerto Rico.

Announcement Type: Initial.

Catalog of Federal Domestic Assistance (CFDA) Number: 93.620.

DATES: The deadline date for the submission of the Disaster Assistance for Disability Programs in Florida and Puerto Rico: State Councils on Developmental Disabilities is 11:59 p.m. Eastern Time April 17, 2023.

I. Funding Opportunity Description

The Administration for Community Living (ACL) announces a new funding opportunity to address the needs of people with disabilities impacted by Hurricanes Fiona and Ian. People with disabilities often have unique needs during a crisis. For example, they may have a wider variety of functional limitations, sometimes requiring more supports, many of which are often in short supply during and after a crisis event. It is critical that individuals, service providers, and communities actively engage in emergency planning and response that is inclusive of people with disabilities to ensure they continue to be supported in their communities and not in institutions. Effective emergency and disaster response and recovery promotes and protects the health of people and the communities where they live, learn, work, and play. The disability networks funded by ACL play essential roles in that work. As the nation's visible and trusted network of programs, these organizations provide a variety of services, including those related to assisting with emergency and disaster recovery efforts, such as offering case management support, relocating impacted individuals to safe housing in the community, and ensuring state and local services provided are accessible to people with disabilities. Understanding the resources available and the needs of people with disabilities in their areas, these networks have over 50 years of community experience and possess intimate knowledge of how to address emergencies and disasters.

Puerto Rico and Florida were directly impacted by major category 4 hurricanes which significantly affected the vital services and programs that support older adults, people with disabilities, and their family caregivers to live as independently as possible in their own communities. The Aging and Disability Network has been attempting to meet an increased need for services in impacted communities with current Older Americans Act (OAA) funding, Developmental Disabilities Act funding, and Developmental Disabilities Act funding. None of these authorities include direct funding for disaster related activities and programs are redirecting funds intended for other activities to address immediate needs caused by the Hurricanes. This funding is intended for the ACL Aging and Disability Network in Florida and Puerto Rico to help advance recovery and response efforts that are inclusive of people with disabilities and provide gap-filling services for older adults, people with disabilities, and their family caregivers for immediate and long-term disaster response and recovery.

Specifically, this program aims to fund SCDDs to support the needs of people with disabilities who were impacted by Hurricane Ian in Florida and Hurricane Fiona in Puerto Rico to ensure their health, wellness, and safety. Eligible entities, SCDDs, under the Developmental Disabilities Assistance and Bill of Rights Act (DD Act), shall be provided funding for allowable activities that are targeted for recovery and response efforts for the disability community.

Allowable costs include program and staffing costs to support response and recovery efforts; program materials and supply costs to support response and recovery efforts; general outreach and information and referral regarding disaster and recovery assistance for people with disabilities; monitoring emergency shelters and temporary dwellings for accessibility, health, wellness, and safety; coordination with emergency response, recovery partners, and other state, local, and tribal agencies to ensure the needs of people with disabilities are met; accessible housing location, home modification, and transition assistance for those placed in institutional settings or in need of safe housing; food assistance and home delivered groceries/meals; assistance with personal care attendants and transportation; and replacement and distribution costs of critical supplies, including personal hygiene items, durable medical equipment, and medication not covered through

insurance. As needed, funds may also support rebuilding of damaged offices of ACL grantees, including SCDDs. Although not required for funding, grantees are encouraged to explore options for funding to sustain emergency response activities after the end of the grant. There is no cost sharing or matching requirement for this funding.

Award recipients will be required to submit an annual progress report in the form of a written summary on the activities and/or staffing funded to support emergency and disaster response and recovery efforts and the results of these efforts, including number of people supported, number of partners involved, and the outcomes of these efforts.

To be eligible to receive this grant, the eligible entity must submit:

- An action plan (maximum 5–10 pages in 12-point, Times New Roman font). The action plan should define the need they plan to address and how they intend to implement authorized activities to address the needs of people with disabilities impacted by Hurricanes Fiona or Ian.
- A budget request (5 pages maximum) with justification for how the funds would be used to support disaster recovery efforts.
- A Letter of Assurance to ACL (see below, “Section III. Eligibility Criteria and Other Requirements” and “Section IV. Submission Information”).

Collaboration with other entities that serve people with disabilities in the plan and the budget is encouraged. Eligible entities that do not submit an action plan, a budget request with justification, and a Letter of Assurance will not be considered for funding.

Agency Information Collection Activities; Submission for OMB Review; Public Comment Request; of the State Councils on Developmental Disabilities (Councils) State Plan OMB Control Number 0985–0029

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: The Administration for Community Living is announcing that the proposed collection of information listed above has been submitted to the Office of Management and Budget (OMB) for review and clearance as

required under section 506(c)(2)(A) of the Paperwork Reduction Act of 1995. This 30-day notice collects comments on the information collection requirements related to the Developmental Disabilities State Plan OMB control number 0985–0029.

DATES: Submit written comments on the collection of information by April 17, 2023.

ADDRESSES: Submit written comments and recommendations for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find the information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. By mail to the Office of Information and Regulatory Affairs, OMB, New Executive Office Bldg., 725 17th St. NW, Rm. 10235, Washington, DC 20503, Attn: OMB Desk Officer for ACL.

FOR FURTHER INFORMATION CONTACT: Sara Newell-Perez, 202–795–7413 or Sara.Newell-Perez@acl.hhs.gov.

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, ACL has submitted the following proposed collection of information to OMB for review and clearance of the Developmental Disabilities State Plan OMB control number 0985–0029. The State Councils on Developmental Disabilities (Councils) are authorized in Subtitle B, of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (DD Act), as amended, [42 U.S.C. 15001 *et seq.*] (The DD Act). The DD Act requires Councils to submit a five-year State plan. Section 124(a) [42 U.S.C. 15024(a)], states that: *Any State desiring to receive assistance under this subtitle shall submit to the Secretary, and obtain approval of, a 5-year strategic State plan under this section.* The DD Act regulations outlines additional guiding requirements in 45 CFR part 1326.30(a), which states that: *In order to receive Federal financial assistance under this subpart, each State Developmental Disabilities Council must prepare and submit to the Secretary, and have in effect, a State plan which meets the requirements of sections 122 and 124 of the Act (42 U.S.C. 6022 and 6024) and these regulations.*

The Council is responsible for the development, and submission of the

State plan as well as implementation of the activities described in the plan. The Council updates the State plan annually during the five years. The State plan provides information on individuals with developmental disabilities in the State, and a description of the services available to them and their families. The State plan sets forth the goals and specific objectives to be achieved by the State Council in pursuing systems change and capacity building that result in empowering people with developmental disabilities to lead independent lives within the community. It describes State priorities, strategies, and actions, and the allocation of funds to meet these goals and objectives. Additionally, the data collected in the State plan and submitted to ACL is also used to comply with the GPRA Modernization Act of 2010 (GPRAMA).

The State Plan is used in three ways. First, it provides a framework for citizens, State governments, and other key stakeholder to provide input and comments to help shape the goals and objectives during the development stage. Secondly, it is used by each Council as a planning document to operationalize its goals and strategies. Finally, it provides information the Department needs for monitoring and providing technical assistance to ensure the Council is compliant.

This IC also adds elements to ensure ACL is gathering necessary and relevant demographic information to assess diversity and equity in support of the Executive Order on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government and the Executive Order on Advancing Equality for Lesbian, Gay, Bisexual, Transgender, Queer, and Intersex Individuals. On this issue, AoD will follow ACL approved policy for the inclusion of sexual orientation and gender identity (SOGI) data elements.
