Antidumping and Countervailing Duty Orders on Certain Aluminum Foil From the People's Republic of China: Preliminary Affirmative Determinations of Circumvention With Respect to the Republic of Korea and the Kingdom of Thailand

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that imports of certain aluminum foil (aluminum foil) that were exported from the Republic of Korea (Korea) and from the Kingdom of Thailand (Thailand), using inputs (*i.e.*, aluminum foil- and sheet-gauge products) manufactured in the People's Republic of China (China), as specified below, are circumventing the antidumping duty (AD) and countervailing duty (CVD) orders on aluminum foil from China.

DATES: Applicable March 22, 2023.

FOR FURTHER INFORMATION CONTACT: Michael J. Heaney and Mark Flessner, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4475 and (202) 482-6312, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 19, 2018, Commerce published in the **Federal Register** AD and CVD *Orders* on U.S. imports of aluminum foil from China.¹ On July 11, 2022, pursuant to section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.226(b), Commerce self-initiated country-wide circumvention inquiries to determine whether imports of aluminum foil, completed in Korea and Thailand (collectively, the third countries), using inputs (*i.e.*, aluminum foil- and sheet-gauge products) manufactured in China, are circumventing the *Orders* and, accordingly, should be covered by the scope of the *Orders*.² On October 11, 2022, Commerce selected two respondents from each of the examined third countries as the mandatory respondents in these circumvention inquiries.³

On December 1, 2022, Commerce extended the deadline for issuing the preliminary determinations in these circumvention inquiries by 75 days, until February 28, 2023, and extended the deadline for issuing the final determinations by 65 days, until July 18, 2023.⁴ On February 27, 2023, Commerce further extended the deadlines for issuing the preliminary and final determinations in these circumvention inquiries by an additional 15 days each, until March 15, 2023, and August 2, 2023, respectively.⁵ For a complete description of the events that followed the initiation of these circumvention

inquiries, *see* the Preliminary Decision Memoranda.⁶ The topics included in the Preliminary Decision Memoranda are identified in Appendix I to this notice. Scope of the Orders

The merchandise covered by the *Orders* is certain aluminum foil. For a full description of the scope of the *Orders*, *see* the Preliminary Decision Memoranda.

Merchandise Subject to the Circumvention Inquiries

These circumvention inquiries cover aluminum foil, assembled or completed in Korea and Thailand using Chinese-origin aluminum foil and/or sheet, that is subsequently exported from Korea and Thailand to the United States (inquiry merchandise).

Methodology

Commerce made these preliminary circumvention determinations in accordance with section 781(b) of the Act and 19 CFR 351.226. For a full description of the methodology underlying the preliminary determinations, *see* the Preliminary Decision Memoranda.

Preliminary Circumvention Determinations

We preliminarily determine that aluminum foil, assembled or completed in Korea and Thailand by the entities identified in Appendix II to this notice, using Chinese-origin aluminum foil and/or sheet, that is subsequently exported from Korea or Thailand to the United States, is circumventing the *Orders*. For a detailed explanation of our determinations with respect to the entities identified in Appendix II, *see* the Preliminary Decision Memoranda and the "Use of Adverse Facts Available" section, below.

⁶ *See* Memoranda, "Aluminum Foil from the People's Republic of China: Preliminary Decision Memorandum for the Circumvention Inquiry With Respect to the Republic of Korea," and "Aluminum Foil from the People's Republic of China: Preliminary Decision Memorandum for the Circumvention Inquiry With Respect to the Kingdom of Thailand," each dated concurrently with, and hereby adopted by, this notice (collectively, Preliminary Decision Memoranda).

As detailed in the Preliminary Decision Memoranda, we also preliminarily determine that U.S. imports of inquiry merchandise exported from Korea and Thailand are circumventing the *Orders* on a country-wide basis. As a result, we preliminarily determine that this merchandise is covered by the *Orders*.

See the "Suspension of Liquidation and Cash Deposit Requirements" section below for details regarding suspension of liquidation and cash deposit requirements. *See* the "Certification" and "Certification Requirements" sections below for details regarding the use of certifications.

Use of Adverse Facts Available

Pursuant to section 776(a) of the Act, if necessary information is not available on the record, or an interested party withholds requested information, fails to provide requested information by the deadline or in the form and manner requested, or significantly impeded a proceeding, Commerce shall use the facts otherwise available in reaching the applicable determination. Moreover, pursuant to section 776(b) of the Act, Commerce may use inferences adverse to the interests of an interested party in selecting from among the facts otherwise available if the party fails to cooperate by acting to the best of its ability to provide requested information.

Commerce requested information from certain companies in each of the examined countries related to the quantity and value (Q&V) of their exports during the inquiry period, for purposes of respondent selection. In these Q&V questionnaires, Commerce explained that, if the company to which Commerce issued the questionnaire fails to respond to the questionnaire, or fails to provide the requested information, Commerce may find that the company failed to cooperate by not acting to the best of its ability to comply with the request for information, and may use an inference that is adverse to the company's interests in selecting from the facts otherwise available. One company to which Commerce issued the Q&V questionnaire in the Thailand inquiry (*i.e.*, Sankyu Thai Co., Ltd. (Sankyu)) received, but failed to timely respond to, the Q&V questionnaire.

Therefore, we preliminarily find that necessary information is not available on the record and that Sankyu withheld requested information, failed to provide requested information by the deadline or in the form and manner requested, and significantly impeded these inquiries. Moreover, we find that this company failed to cooperate to the best

of its ability to provide the requested Q&V information because it did not provide any response to Commerce's Q&V questionnaire. Consequently, we used adverse inferences with respect to Sankyu in selecting from among the facts otherwise available on the record, pursuant to sections 776(a) and (b) of the Act. For details regarding the adverse facts available used in our decisions, *see* the Preliminary Decision Memoranda.

Based on the adverse facts available used, we preliminarily determine that Sankyu exported inquiry merchandise and that U.S. entries of that merchandise are circumventing the *Orders*. Additionally, we are preliminarily precluding Sankyu from participating in the certification programs that we are establishing for exports of aluminum foil from Thailand.

U.S. entries of inquiry merchandise made on or after July 18, 2022, that are ineligible for certification based on the failure of Sankyu to cooperate, or for other reasons, shall remain subject to suspension of liquidation until final assessment instructions on those entries are issued, whether by automatic liquidation instructions, or by instructions pursuant to the final results of an administrative review.⁷ Interested parties that wish to have their suspended entries, if any, reviewed, and their ineligibility for the certification program re-evaluated, should request an administrative review of the relevant suspended entries during the next anniversary month of these *Orders* (*i.e.*, April 2023).⁸

Preliminary Determination of No Shipments

On September 1, 2022, UACJ (Thailand) Co., Ltd. (UACJ) timely filed a response to Commerce's Q&V questionnaire, in which it reported that it did not sell or export the merchandise covered by the circumvention inquiry to the United States during the period of inquiry.⁹ Based on the supporting information provided by UACJ,¹⁰ we preliminarily determine that UACJ had no shipments of inquiry merchandise to the United States during the period of inquiry.

⁷ Commerce continues to consider the process by which companies may demonstrate eligibility for the certification program in future segments of the aluminum foil proceedings. Commerce encourages interested parties to provide comments on this topic in their case briefs.

⁸ *See* 19 CFR 351.213(b).

⁹ *See* UACJ's Letter, "Response to the Quantity and Value Questionnaire," dated September 1, 2022.

Suspension of Liquidation

Based on the preliminary affirmative country-wide determinations of circumvention for Korea and Thailand, and preliminary affirmative determinations of circumvention for the companies identified in Appendix II, in accordance with 19 CFR 351.225(l)(2), we will direct U.S. Customs and Border Protection (CBP) to suspend liquidation and require a cash deposit of estimated duties on unliquidated entries of aluminum foil, assembled or completed in Korea and Thailand using Chinese-origin aluminum foil and/or sheet, that were entered, or withdrawn from warehouse, for consumption on or after July 18, 2022, the date of publication of the initiation of these circumvention inquiries in the **Federal Register**.

For exporters of the aluminum foil that have a company-specific cash deposit rate under the *Aluminum Foil AD Order* and/or *Aluminum Foil CVD Order*, the cash deposit rate will be the company-specific AD and/or CVD cash deposit rate established for that company in the most recently completed segment of the aluminum foil proceedings. For exporters of aluminum foil that do not have a company-specific cash deposit rate under the *Aluminum Foil AD Order* and/or *Aluminum Foil CVD Order*, the cash deposit rate will be the company-specific cash deposit rate established under the *Aluminum Foil AD Order* and/or *Aluminum Foil CVD Order* for the company that exported the aluminum foil and/or sheet to the producer/exporter in Korea or Thailand that was incorporated in the imported aluminum foil. If neither the exporter of the aluminum foil from Korea or Thailand, nor the Chinese exporter of the aluminum foil and/or sheet, has a company-specific cash deposit rate, the AD cash deposit rate will be the China-wide rate (106.09 percent), and the CVD cash deposit rate will be the “all-others” rate (18.56 percent). Commerce has established the following third-country case numbers in the Automated Commercial Environment (ACE) for such entries: Korea A-580-053/C-580-054; Thailand A-549-053/C-549-054. The suspension of liquidation will remain in effect until further notice.

Certified Entries

Entries for which the importer and exporter have met the certification requirements described below and in Appendix III to this notice will not be subject to suspension of liquidation, or the cash deposit requirements described above. Failure to comply with the applicable requisite certification requirements may result in the

merchandise being subject to antidumping and countervailing duties.

Certifications

In order to administer the preliminary country-wide and company-specific affirmative determinations of circumvention for Korea and Thailand, Commerce has established importer and exporter certifications. These certifications will permit importers and exporters to establish that specific entries of aluminum foil from Korea and Thailand are not subject to suspension of liquidation or the collection of cash deposits pursuant to these preliminary country-wide affirmative determinations of circumvention because the merchandise meets the component content requirements described in the certification (*see* Appendix III to this notice). Because Sankyu was non-cooperative, it is not eligible to use the certification described above.¹¹

Importers and exporters that claim that an entry of aluminum foil is not subject to suspension of liquidation or the collection of cash deposits based on the inputs used to manufacture such merchandise must complete the applicable certification and meet the certification and documentation requirements described below, as well as the requirements identified in the applicable certification.

Certification Requirements for Korea and Thailand

Importers are required to complete and maintain the applicable importer certification, and maintain a copy of the applicable exporter certification, and retain all supporting documentation for both certifications. With the exception of the entries described below, the importer certification must be completed, signed, and dated by the time the entry summary is filed for the relevant entry. The importer, or the importer's agent, must submit both the importer's certification and the exporter's certification to CBP as part of the entry process by uploading them into the document imaging system (DIS) in ACE. Where the importer uses a broker to facilitate the entry process, it should obtain the entry summary number from the broker. Agents of the

importer, such as brokers, however, are not permitted to certify on behalf of the importer.

Exporters are required to complete and maintain the applicable exporter certification and provide the importer with a copy of that certification and all supporting documentation (*e.g.*, invoice, purchase order, production records, *etc.*). With the exception of the entries described below, the exporter certification must be completed, signed, and dated by the time of shipment of the relevant entries. The exporter certification must be completed by the party selling the aluminum foil that was manufactured in Korea or Thailand to the United States.

Additionally, the claims made in the certifications and any supporting documentation are subject to verification by Commerce and/or CBP. Importers and exporters are required to maintain the certifications and supporting documentation until the later of: (1) the date that is five years after the latest entry date of the entries covered by the certification; or (2) the date that is three years after the conclusion of any litigation in United States courts regarding such entries.

For all aluminum foil from Korea and Thailand that was entered, or withdrawn from warehouse, for consumption during the period July 18, 2022 (the date of initiation of these circumvention inquiries), through the date of publication of the preliminary determinations in the **Federal Register**, where the entry has not been liquidated (and entries for which liquidation has not become final), the relevant certification should be completed and signed as soon as practicable, but not later than 45 days after the date of publication of these preliminary determinations in the **Federal Register**. For such entries, importers, and exporters each have the option to complete a blanket certification covering multiple entries, individual certifications for each entry, or a combination thereof. The exporter must provide the importer with a copy of the exporter certification within 45 days of the date of publication of these preliminary determinations in the **Federal Register**.

For unliquidated entries (and entries for which liquidation has not become final) of aluminum foil that were declared as non-AD/CVD type entries (*e.g.*, type 01) and entered, or withdrawn from warehouse, for consumption in the United States during the period July 18, 2022 (the date of initiation of these circumvention inquiries) through the date of publication of these preliminary

¹¹ See Preliminary Decision Memoranda at “Use of Facts Available with Adverse Inferences,” and, *e.g.*, *Anti-circumvention Inquiry of the Antidumping Duty Order on Certain Pasta from Italy: Affirmative Preliminary Determination of Circumvention of the Antidumping Duty Order*, 63 FR 18364, 18366 (April 15, 1998), unchanged in *Anti-Circumvention Inquiry of the Antidumping Duty Order on Certain Pasta from Italy: Affirmative Final Determination of Circumvention of the Antidumping Duty Order*, 63 FR 54672, 54675 and 54676 (October 13, 1998).

determinations in the **Federal Register**, for which none of the above certifications may be made, importers must file a Post Summary Correction with CBP, in accordance with CBP's regulations, regarding conversion of such entries from non-AD/CVD type entries to AD/CVD type entries (e.g., type 01 to type 03). Importers should report those AD/CVD type entries using the following third-country case numbers: Korea A-580-053/C-580-054; Thailand A-549-053/C-549-054. Other third-country case numbers may be established following the process described above. The importer should pay cash deposits on those entries consistent with the regulations governing post summary corrections that require payment of additional duties.

If it is determined that an importer and/or exporter has not met the certification and/or related documentation requirements for certain entries, Commerce intends to instruct CBP to suspend, pursuant to these preliminary country-wide affirmative determinations of circumvention and the *Orders*,¹² all unliquidated entries for which these requirements were not met and to require the importer to post applicable AD and CVD cash deposits equal to the rates noted above.

Interested parties may comment in their case briefs on these certification requirements, and on the certification language contained in the appendices to this notice.

Verification

As provided in 19 CFR 351.226(f)(3), Commerce intends to verify the information relied upon in making its final determinations.

Public Comment

Case briefs or other written comments for a particular country should be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report for that country is issued. Rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than seven days after the deadline for case briefs.¹³ Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in these circumvention inquiries are encouraged to submit with each argument: (1) a statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Note that Commerce has temporarily

modified certain of its requirements for serving documents containing business proprietary information, until further notice.¹⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing for a particular country, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice in the **Federal Register**. Requests should contain: (1) the requesting party's name, address, and telephone number; (2) the number of individuals from the requesting party that will attend the hearing and whether any of those individuals is a foreign national; and (3) a list of the issues that the party intends to discuss at the hearing. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date of the hearing.

U.S. International Trade Commission Notification

Commerce, consistent with section 781(e) of the Act, will notify the U.S. International Trade Commission (ITC) of these preliminary determinations to include the merchandise subject to these circumvention inquiries within the *Orders*. Pursuant to section 781(e) of the Act, the ITC may request consultations concerning Commerce's proposed inclusion of the inquiry merchandise. If, after consultations, the ITC believes that a significant injury issue is presented by the proposed inclusion, it will have 60 days from the date of notification by Commerce to provide written advice.

Notification to Interested Parties

These determinations are issued and published in accordance with section 781(b) of the Act and 19 CFR 351.226(g)(1).

Dated: March 15, 2023.

Lisa W. Wang,
Assistant Secretary for Enforcement and Compliance.

litigation in United States courts regarding such entries.

H. I understand that {EXPORTING COMPANY} is required to provide the U.S. importer with a copy of this certification and is required to provide U.S. Customs and Border Protection (CBP) and/or the U.S. Department of Commerce (Commerce) with this certification, and any supporting documents, upon the request of either agency.

I. I understand that the claims made herein, and the substantiating documentation, are subject to verification by CBP and/or Commerce.

J. I understand that failure to maintain the required certification and supporting documentation, or failure to substantiate the claims made herein, or not allowing CBP and/or Commerce to verify the claims made herein, may result in a *de facto* determination that all sales to which this certification applies are sales of merchandise that is covered by the scope of the antidumping and countervailing duty orders on aluminum foil from China. I understand that such a finding will result in:

(i) suspension of liquidation of all unliquidated entries (and entries for which liquidation has not become final) for which these requirements were not met;

(ii) the importer being required to post the antidumping and countervailing duty cash deposits determined by Commerce; and

(iii) the seller/exporter no longer being allowed to participate in the certification process.

K. I understand that agents of the seller/exporter, such as freight forwarding companies or brokers, are not permitted to make this certification.

L. This certification was completed and signed, and a copy of the certification was provided to the importer, on, or prior to, the date of shipment if the shipment date is after the date of publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**. If the shipment date is on or before the date of publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**, this certification was completed and signed, and a copy of the certification was provided to the importer, by no later than 45 days after publication of the notice of Commerce's preliminary determination of circumvention in the **Federal Register**.

M. I am aware that U.S. law (including, but not limited to, 18 U.S.C. 1001) imposes criminal sanctions on individuals who knowingly and willfully make materially false statements to the U.S. government.
