

producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.epa.gov/regulations) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

II. Registration Applications

EPA has received applications to register new uses for pesticide products containing currently registered active ingredients. Pursuant to the provisions of FIFRA section 3(c)(4) (7 U.S.C. 136a(c)(4)), EPA is hereby providing notice of receipt and opportunity to comment on these applications. Notice of receipt of these applications does not imply a decision by the Agency on these applications.

Notice of Receipt—New Uses

EPA File Symbol: 74779–ER, 74779–EE. *Docket ID number:* EPA–HQ–OPP–2023–0045. *Applicant:* Rainbow Treecare Scientific Advancements, 2461 South Clark Street, Suite 710, Arlington, VA 22202. *Active ingredient:* Flutriafol. *Product type:* Fungicide. *Proposed Use:* Ornamental trees and shrubs in public, commercial, residential, and institutional landscape areas. *Contact:* RD.

Authority: 7 U.S.C. 136 *et seq.*

Dated: March 14, 2023.

Delores Barber,

Director, Information Technology and Resources Management Division, Office of Program Support.

BILLING CODE 6560–50–P

ENVIRONMENTAL PROTECTION AGENCY

[FRL–10759–01–OMS]

Request for Nominations to EPA's National and Governmental Advisory Committees

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of request for nominations.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites nominations from a diverse range of qualified candidates to be considered for approximately 12 vacancies in the National Advisory Committee (NAC) and the Governmental Advisory Committee (GAC) which advises the U.S. Representative to the Commission for Environmental Cooperation (CEC). Vacancies on these two committees are expected to be filled by the fall of 2023. Additional sources may be utilized in the solicitation of nominees.

DATES: Please submit nominations by May 19, 2023.

ADDRESSES: Submit nominations via email to: Oscar Carrillo, Designated Federal Officer, Office of Resources and Business Operations, Federal Advisory Committee Management Division, U.S. Environmental Protection Agency with subject line COMMITTEE RESUME/CV 2023 to carrillo.oscar@epa.gov.

FOR FURTHER INFORMATION CONTACT: For information on the NAC or GAC membership, please contact Oscar Carrillo, Designated Federal Officer, by telephone at (202) 564–0347 or by email at carrillo.oscar@epa.gov.

SUPPLEMENTARY INFORMATION: The National Advisory Committee and the Governmental Advisory Committee advise the EPA Administrator in his capacity as the U.S. Representative to the Commission for Environmental Cooperation (CEC) on the development of U.S. policy positions regarding environment and trade in North America. The NAC and GAC were established May 13, 1994 and are authorized under Article 11 of the Environmental Cooperation Agreement (ECA) between the United States, Mexico and Canada entered into force on July 1, 2020, in parallel with the

United States of America, United States of Mexico, and Canada (USMCA) trade agreement; and was established pursuant to Executive Order 12915, entitled “Federal Implementation of the North American Agreement on Environmental Cooperation.” The NAC and GAC were continued under the authority of Executive Order 14048, dated September 30, 2021, and operates under the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. 10.

The committees are responsible for providing advice to the United States Representative on a wide range of strategic, scientific, technological, regulatory, and economic issues related to implementation and further elaboration of the ECA and the USMCA. The NAC consists of 15 representatives from environmental non-profit groups, business and industry, and educational institutions. The GAC consists of 15 representatives from state, local, and tribal governments. Members are appointed by the EPA Administrator for a two-year term. The committees usually meet three times per year and the average workload for committee members is approximately 10 to 15 hours per month. Members serve on the committees in a voluntary capacity. Although EPA is unable to provide compensation or an honorarium for services, members may receive travel and per diem allowances, according to applicable federal travel regulations and EPA's budget. EPA is seeking nominations from various sectors, *i.e.*, for the NAC we are seeking nominees from academia, business and industry, and nongovernmental organizations; for the GAC we are seeking nominees from state, local and tribal government sectors. Nominees will be considered according to the mandates of FACA, which requires committees to support diversity across a broad range of constituencies, sectors, and groups. In accordance with Executive Order 14035 (June 25, 2021) and consistent with law, EPA values and welcomes opportunities to increase diversity, equity, inclusion, and accessibility on its federal advisory committees. EPA's federal advisory committees strive to have a workforce that reflects the diversity of the American people. Additional information about the NAC and GAC is available at <https://www.epa.gov/faca/nac-gac>.

Selection Criteria: The following criteria will be used to evaluate nominees:

- Professional knowledge of the subjects examined by the committees, including trade & environment issues, the USMCA and ECA, and the CEC

- Represent a sector or group involved in trilateral environmental policy issues
- Senior-level experience in the sectors represented on both committees
- Demonstrated ability to work in a consensus building process with a wide range of representatives from diverse constituencies

How to Submit Nominations: Any interested person or organization may nominate qualified persons to be considered for appointment to these advisory committees. Individuals may self-nominate.

- Nominations must include: (1) a statement of interest, (2) resume or curriculum vitae (CV) and (3) a short biography describing the professional and educational qualifications of the nominee, as well as the nominee's current business address, email address, and daytime telephone number. The statement of interest should describe how your background, knowledge, and experience would add value to the committee's work, and how your qualifications would contribute to the overall diversity of the NAC or GAC. To help the Agency in evaluating the effectiveness of its outreach efforts, please include in the statement of interest how you learned of this opportunity.

- Candidates from the academic sector must also provide a letter of support authorizing the nominee to represent their institution.

- Federal registered lobbyists are not permitted to serve on federal advisory committees.

- Please be aware that EPA's policy is that, unless otherwise prescribed by statute, members generally are appointed for a two-year term. Anyone interested in being considered for nomination should submit their application materials by May 19, 2023.

Oscar Carrillo,
Program Analyst.

Draft Guidance on the Preparation of State Implementation Plan Provisions That Address the Nonattainment Area Contingency Measure Requirements for Ozone and Particulate Matter

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability and public comment period.

SUMMARY: Notice is hereby given that the Environmental Protection Agency (EPA) has posted on its website a draft guidance document titled, "Draft Guidance on the Preparation of State Implementation Plan Provisions that Address the Nonattainment Area Contingency Measure Requirements for Ozone and Particulate Matter." The EPA invites the public to review and provide input on certain issues in its draft guidance document during the comment period specified in the **DATES** section. The issues for which EPA is seeking input are identified in sections 3, 4, and 5 of the draft guidance document.

DATES: Comments must be received on or before April 24, 2023. Please refer to **SUPPLEMENTARY INFORMATION** for additional information on the comment period.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2023-0063], at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or removed from *Regulations.gov*. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the Web, Cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions and general guidance on making effective comments, please visit <http://www2.epa.gov/dockets/commenting-epa-dockets>.

FOR FURTHER INFORMATION CONTACT: For general questions concerning this draft guidance document, please contact Michael Ling, U.S. EPA, Office of Air Quality Planning and Standards, Air Quality Policy Division, C539-01, Research Triangle Park, NC 27711, telephone (919) 541-4729, email at ling.michael@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Purpose

The purpose of the draft guidance on which the EPA is inviting public comment is to assist air agencies that are required to prepare nonattainment plan state implementation plan submissions for ozone or particulate matter under Part D of Title I of the Clean Air Act (CAA). Specifically, the draft guidance focuses on the requirement for those plans to include contingency measures (CMs), which are control requirements that would take effect if an area fails to attain an ozone or particulate matter National Ambient Air Quality Standard by an applicable attainment date, or fails to meet reasonable further progress requirements. These CM requirements are specified in CAA section 172(c)(9) for nonattainment areas generally, and in CAA section 182(c)(9) for ozone nonattainment areas classified Serious and higher.

The draft guidance focuses on three aspects of CM guidance that the EPA is revising or updating, summarized later in this notice, for which EPA is seeking input. The document also provides additional information to summarize EPA's existing guidance for CMs more broadly, including aspects that EPA is not changing, to ensure clarity and national consistency. In sections 3, 4 and 5 of the draft guidance, EPA is seeking input on the three key new or revised aspects of EPA's CM guidance. First, the guidance addresses the method that air agencies should use to calculate the EPA-recommended amount of emissions reductions that CMs should provide. Second, the guidance provides recommendations for an infeasibility justification, for an air agency to use if it cannot identify feasible CMs in a sufficient quantity to produce the recommended amount of CM emission reductions. Third, the guidance changes the recommended time period within which reductions from CMs should occur, which the EPA generally recommended to be one year, but which the EPA is now recommending be changed to 2 years if there are insufficient CMs available to achieve the recommended amount of emissions reductions within 1 year.

II. Instructions for Submitting Public Comments and Internet Website for Guidance Document Information

A. What should I consider as I prepare my comments for the EPA?

1. Submitting CBI. Do not submit information containing CBI to the EPA through <https://www.regulations.gov/>. Clearly mark the part or all of the information that you claim to be CBI. For CBI information on any digital
