Submission for OMB Review; Comment Request; Extension: Investment Company Interactive Data

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549–2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the “Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget (“OMB”) for extension and approval.

Certain funds have current requirements to submit to the Commission information included in their registration statements, or information included in or amended by any post-effective amendments to such registration statements, in response to certain form items in structured data language (“Investment Company Interactive Data”). This also includes the requirement for funds to submit interactive data to the Commission for any form of prospectus filed pursuant to 17 CFR 230.497(c) or 17 CFR 230.497(e) under the Securities Act of 1933 (“Securities Act”) [15 U.S.C. 77a *et seq.*] that includes information in response to certain form items. This collection of information relates to regulations and forms adopted under the Securities Act, and the Investment Company Act of

1940 (“Investment Company Act”) [15 U.S.C. 80a–1 *et seq.*], that set forth disclosure requirements for funds and other issuers.

On October 26, 2022, the Commission adopted rule and form amendments that require open-end management investment companies (“open-end funds”) to transmit concise and visually engaging annual and semi-annual reports to shareholders that highlight key information that is particularly important for retail investors to assess and monitor their fund investments.¹ The Commission also adopted amendments to Form N–1A, Form N–CSR, and rule 405 of Regulation S–T to require certain new structured data requirements for open-end funds.² Specifically, the final rule and form amendments require open-end funds to tag their shareholder report contents using Inline eXtensible Business Reporting Language or “Inline XBRL.” These requirements will make open-end funds' shareholder report disclosure more readily available and easily accessible for aggregation, comparison, filtering, and other analysis.

The Commission estimates that the total current annual hour burden associated with the Investment Company Interactive Data requirements is approximately 252,684 hours. Based on estimates of 11,840 open-end funds, each incurring 6 hours on average annually to tag their shareholder reports using Inline XBRL, the Commission estimates that, in the aggregate, funds will incur an additional 71,040 annual burden hours. The Commission therefore estimates that, in the aggregate, Investment Company Interactive Data requirements will result in approximately 323,724 annual burden hours (252,684 currently-estimated annual burden hours + 71,040 additional estimated annual burden hours).

The Commission estimates that the current average cost burden associated with the Investment Company Interactive Data requirements is approximately \$15,449,450 per year. Based on the estimate of 11,840 open-end funds, each incurring approximately \$50 additional annual external cost associated with tagging their shareholder reports using Inline XBRL, the Commission estimates that, in the aggregate, funds will incur an

additional \$592,000 in annual external costs. The Commission therefore estimates that, in the aggregate, Investment Company Interactive Data requirements will result in approximately \$16,041,450 in external costs (\$15,449,450 in currently-estimated external costs + \$592,000 in additional external costs).

Estimates of average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms.

The collection of information under the Investment Company Interactive Data requirements is mandatory for all funds. Responses to the disclosure requirements will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-181, OMB Control No. 3235-0184]

**Submission for OMB Review;
Comment Request; Extension: Form S-6**

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities

and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information discussed below.

The title for the collection of information is “Form S-6 (17 CFR 239.16), for Registration under the Securities Act of 1933 of Securities of Unit Investment Trusts Registered on Form N-8B-2 (17 CFR 274.13).” Form S-6 is a form used for registration under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) (“Securities Act”) of securities of any unit investment trust (“UIT”) registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) (“Investment Company Act”) on Form N-8B-2. Section 5 of the Securities Act (15 U.S.C. 77e) requires the filing of a registration statement prior to the offer of securities to the public and that the statement be effective before any securities are sold. Section 5(b) of the Securities Act requires that investors be provided with a prospectus containing the information required in a registration statement prior to the sale or at the time of confirmation or delivery of the securities.

Section 10(a)(3) of the Securities Act (15 U.S.C. 77j(a)(3)) provides that when a prospectus is used more than nine months after the effective date of the registration statement, the information therein shall be as of a date not more than sixteen months prior to such use. As a result, most UITs update their registration statements under the Securities Act on an annual basis in order that their sponsors may continue to maintain a secondary market in the units. UITs that are registered under the Investment Company Act on Form N-8B-2 file post-effective amendments to their registration statements on Form S-6 in order to update their prospectuses.

The purpose of Form S-6 is to meet the filing and disclosure requirements of the Securities Act and to enable filers to provide investors with information necessary to evaluate an investment in the security. This information collection differs significantly from many other federal information collections, which are primarily for the use and benefit of the collecting agency. The information required to be filed with the Commission permits verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

The Commission estimates that there are approximately 1,019 initial registration statements filed on Form S-6 annually and approximately 607 annual post-effective amendments to

previously effective registration statements filed on Form S-6. The Commission estimates that the hour burden for preparing and filing an initial registration statement on Form S-6 is 45 hours and for preparing and filing a post-effective amendment to a previously effective registration statement filed on Form S-6 is 40 hours. Therefore, we estimate that the total hour burden of preparing and filing registration statements on Form S-6 for all affected UITs is 68,365 hours. We estimate that the cost burden of preparing and filing an initial registration statement on Form S-6 is \$38,825 and for preparing and filing a post-effective amendment is \$23,434. Therefore, we estimate that the total cost burden of preparing and filing registration statements on Form S-6 for all affected UITs is \$53,787,113.

Estimates of average burden hours and costs are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. Compliance with the collection of information requirements of Form S-6 is mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The public may view background documentation for this information collection at the following website: www.reginfo.gov. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice by April 24, 2023 to (i) MBX.OMB.OIRA.SEC_desk_officer@omb.eop.gov and (ii) David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549, or by sending an email to: PRA_Mailbox@sec.gov.
