BILLING CODE 3510–DS–P**DEPARTMENT OF COMMERCE****International Trade Administration****[A–421–815]****Certain Preserved Mushrooms From the Netherlands: Final Affirmative Determination of Sales at Less Than Fair Value**

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain preserved mushrooms (preserved mushrooms) from the Netherlands are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is January 1, 2021, through December 31, 2021.

DATES: Applicable March 27, 2023.

SUPPLEMENTARY INFORMATION:**Background**

On November 3, 2022, Commerce published in the **Federal Register** its *Preliminary Determination* in the LTFV investigation of preserved mushrooms from the Netherlands, in which it also postponed the final determination until March 20, 2023.¹ Commerce invited interested parties to comment on the *Preliminary Determination*.

For a complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are preserved mushrooms from the Netherlands. For a complete description of the scope of this investigation, see Appendix I.

Verification

Commerce conducted verification of the information relied upon in making its final determination in this investigation, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act). Specifically, Commerce conducted on-site verifications of the third-country sales, U.S. sales, and cost of production responses submitted by Prochamp B.V. (Prochamp).

Analysis of Comments Received

investigation are discussed in the Issues and Decision Memorandum. A list of the issues raised in the Issues and Decision Memorandum is attached to this notice as Appendix II.

Changes From the Preliminary Determination

We have made certain changes to the margin calculations for Prochamp since the *Preliminary Determination*. See the Issues and Decision Memorandum for a discussion of these changes.

Adverse Facts Available

As discussed in the *Preliminary Determination*, Commerce assigned an estimated weighted-average dumping margin on the basis of facts available with an adverse inference (AFA) to Okechamp B.V. (Okechamp) pursuant to sections 776(a) and (b) of the Act.³ There is no new information on the record that would cause us to revisit our decision in the *Preliminary Determination*. Accordingly, for this final determination, we continue to find that the application of AFA pursuant to sections 776(a) and (b) of the Act is warranted with respect to Okechamp.

In applying AFA, we are assigning the highest rate alleged in the petition as the estimated weighted-average dumping margin to Okechamp. Because this AFA rate is derived from the petition and, consequently, is based upon secondary information, Commerce must corroborate the rate to the extent practicable, pursuant to section 776(c) of the Act.

Because we calculated a zero percent margin for Prochamp, the sole mandatory respondent with a calculated an estimated weighted-average dumping margin in this investigation, and Prochamp's margin calculation does not otherwise provide transaction-specific dumping margins for the purposes of comparison, we are unable to corroborate the highest dumping margin alleged in the petition using information from a mandatory respondent in this investigation. Thus, for purposes of corroboration, we examined evidence supporting the calculations of the highest dumping margin alleged in the petition. As is Commerce's practice, during the LTFV investigation pre-initiation analysis, we examined: (1) the information used as the basis for export price and normal value in the petition; (2) the calculations used to derive the alleged margin; and (3) information from various independent sources

³ See *Preliminary Determination*, 87 FR at 66266, and PDM at 6–10.

provided in the petition.⁴ We determine that the highest dumping margin alleged in the petition of 146.59 percent is reliable, where, to the extent appropriate information was available, we reviewed the adequacy and accuracy of the information in the petition as reflected in the Initiation Checklist from the investigation.⁵ In addition, we obtained no other information that would cause us to question the validity of the information supporting the relevance or reliability of the petition rate.

Accordingly, because we corroborated the highest dumping margin alleged in the petition to the extent practicable within the meaning of section 776(c) of the Act, we find the 146.59 percent rate to be both reliable and relevant and, accordingly, that it has probative value. Therefore, we assigned this rate to Okechamp as AFA.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all other producers and exporters not individually examined shall be equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated excluding rates that are zero, *de minimis*, or determined entirely under section 776 of the Act.

In this investigation, Commerce did not calculate estimated weighted-average dumping margins for mandatory respondents Prochamp or Okechamp that are not zero, *de minimis*, or based entirely on facts otherwise available. Pursuant to section 735(c)(5)(B) of the Act, Commerce's normal practice under

these circumstances is to calculate the all-others rate as a simple average of the dumping margin(s) alleged in the petition.⁶

Final Determination

Commerce determines that the following estimated weighted-average dumping margins exist for the POI:

Exporter or producer	Weighted-average dumping margin (percent)
Okechamp B.V	146.59
Prochamp B.V	0.00
All Others	⁷ 132.97

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this final determination within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all entries of preserved mushrooms from the Netherlands, as described in Appendix I of this notice, which were entered, or withdrawn from warehouse, for consumption on or after November 3, 2022, the date of publication of the *Preliminary Determination* of this investigation in the **Federal Register**, with the exception of entries of subject merchandise that were produced and exported by Prochamp. Because the estimated

weighted-average dumping margin for Prochamp is zero, entries of shipments of subject merchandise produced and exported by Prochamp will not be subject to suspension of liquidation or cash deposit requirements. In such situations, Commerce applies the exclusion to the provisional measures to the producer/exporter combination that was examined in the investigation. Accordingly, Commerce is directing CBP to not suspend merchandise produced and exported by Prochamp. However, entries of subject merchandise in any other producer/exporter combination, *e.g.*, merchandise produced by a third party and exported by Prochamp, or produced by Prochamp and exported by a third party, are subject to the cash deposit requirements at the all-others rate.

Furthermore, other than for entries produced and exported by Prochamp, pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), upon the publication of this notice, we will instruct CBP to require a cash deposit for estimated antidumping duties for such entries as follows: (1) the cash deposit rate for the respondents listed in the table above will be equal to the company-specific estimated weighted-average dumping margins determined in this final determination; (2) if the exporter is not a respondent identified above but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be equal to the all-others estimated weighted-average dumping margin listed in the table above.

These suspension of liquidation instructions will remain in effect until further notice.

U.S. International Trade Commission Notification

In accordance with section 735(d) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its final affirmative determination of sales at LTFV. Because the final determination in this investigation is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of preserved mushrooms from the Netherlands no later than 45 days after our final determination. If the ITC determines that such injury does not exist, this proceeding will be

If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise, other than those produced and exported by Prochamp, entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed in the “Continuation of Suspension of Liquidation” section.

Administrative Protective Order

This notice serves as a final reminder to the parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act and 19 CFR 351.210(c).

Appendix I

Scope of the Investigation

The merchandise covered by this investigation is certain preserved mushrooms, whether imported whole, sliced, diced, or as stems and pieces. The preserved mushrooms covered under this investigation are the genus *Agaricus*. “Preserved mushrooms” refer to mushrooms that have been prepared or preserved by cleaning, blanching, and sometimes slicing or cutting. These mushrooms are then packed and heat sterilized in containers each holding a net drained weight of not more than 12 ounces (340.2 grams), including but not limited to cans or glass jars, in a suitable liquid medium, including but not limited to water, brine, butter, or butter sauce. Preserved mushrooms may be imported whole, sliced, diced, or as stems and pieces.

Excluded from the scope are “marinated,” “acidified,” or “pickled” mushrooms, which are prepared or preserved by means of vinegar or acetic acid, but may contain oil or other additives. To be prepared or preserved by means of vinegar or acetic acid, the merchandise must be a minimum 0.5 percent by weight acetic acid.

The merchandise subject to this investigation is classifiable under

subheadings 2003.10.0127, 2003.10.0131, and 2003.10.0137 of the Harmonized Tariff Schedule of the United States (HTSUS). The subject merchandise may also be classified under HTSUS subheadings 2003.10.0143, 2003.10.0147, and 2003.10.0153. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

Alloy and Certain Carbon Steel Threaded Rod From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2021–2022

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that

the sole mandatory respondent subject to the administrative review of alloy and certain carbon steel threaded rod (threaded rod) from the People’s Republic of China (China) covering the period of review (POR) April 1, 2021, through March 31, 2022, is not eligible for a separate rate and is, thus, part of the China-wide entity.

DATES: Applicable March 27, 2023.

FOR FURTHER INFORMATION CONTACT: Allison Hollander, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2805.

SUPPLEMENTARY INFORMATION:

Background

On April 21, 2020, Commerce published in the **Federal Register** the preliminary results of the 2021–2022 administrative review¹ of the antidumping duty order on threaded rod from China.² We invited interested parties to comment on the *Preliminary Results*. No interested parties submitted comments. Accordingly, Commerce made no changes to the *Preliminary Results*. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The products covered by this *Order* are threaded rod. A full description of the scope of the *Order* is provided in the Preliminary Decision Memorandum.³

Final Results of Administrative Review

We received no comments and made no changes to the *Preliminary Results*. We continue to find that the sole mandatory respondent, Ningbo Dongxin High-Strength Nut Co., Ltd. (Ningbo Dongxin), is not eligible for a separate rate and is, thus, part of the China-wide entity. In this administrative review, no party requested a review of the China-wide entity, and Commerce did not self-initiate a review of the China-wide entity. Because no review of the China-wide entity is being conducted, the China-wide entity rate is not subject to change as a result of this review. The
